DODGE BROTHERS BUSINESS SEDAN

Exceptional interest has been aroused by the practical arrangement of the interior.

The entire rear compartment furnishings—seat, seat cushions, back cushions, seat frame, foot rest, carpet and all—can be removed from the car in a few moments.

The front seat is then tilted forward, giving a gross clearance of twenty-two inches through the rear doors.

In this way, a space of sixty-four cubic feet in the rear compartment is made available for loading.

When the rear seat fixtures are back in place, the interior is complete and attractive in appearance. Its convertibility is not apparent to the eye.

Business men, farmers, salesmen, campers, tourists and everyone who has occasion, at times, to carry bulky articles or luggage, will readily appreciate the great utility of this construction.

The price is \$1330—delivered.
