

High Court Asked to Affirm Term of Frank Hallett

Attorney General Asks That Sentence of Man Who Attacked Crippled School Head Be Sustained.

Lincoln, Oct. 10.—(Special)—Attorney General Davis today asked the supreme court, in a brief filed today, that the prison sentence given Frank Hallett in Boyd county should be affirmed.

The assault occurred on December 6, 1921, when Penn was walking down the street reading a letter. He was the record shows that Hallett without warning, struck Penn and knocked him unconscious, and while he lay hit him several times. One blow missed and Hallett broke his hand on the sidewalk.

The attorney general says that Penn is a smaller man than Hallett and crippled, and that the offense for which Hallett was convicted, assault with intent to do great bodily injury, was clearly proved. Hallett's attorney claims that the evidence showed only an assault and battery and also objects because one witness' name was endorsed "Doctor King," without giving his initials.

Omaha Traveling Man Asks Return of Confiscated Car

Lincoln, Oct. 10.—(Special)—George Coulter, traveling salesman for the Power Supply company, Omaha, appeared before the state board of pardons and paroles today to ask that he be given back the automobile confiscated when he was arrested and fined for having liquor in his possession at York. Coulter said that he alleged a York hotel clerk to ride with him from Columbus to York, and that before reaching the latter city the clerk told him he had some liquor in his grip and asked Coulter to carry it into the hotel for him. Coulter was nabbed with the grip. The hotel clerk was released, and Coulter thinks that when he paid his \$100 and costs be expelled his part of the offense.

Slayer of Civil War Vet Found Guilty of Murder

New Orleans, Oct. 10.—(Special)—Cristello was found guilty of first degree murder by a folk county district court jury here and sentenced to serve life imprisonment in the state prison for the murder of J. H. Johnson, a civil war veteran, several months ago.

Johnson's body was found concealed in the basement of Cristello's home by officers who raided the place in search of liquor.

Gage Banker Dies

Seattle, Wash., Oct. 10.—(Special Telegram)—Edwin Burke Hinds, 79, prominent business man of Gage county, and for 40 years engaged in the banking business at Odell, died at his home here after a prolonged illness. He was at one time prom-

Degree of Honor Meets

Miss Rose Herrick (left), state secretary of the Degree of Honor, and Mrs. Florence Owen (right), state president.

The national president, Frances Joseph Olson, and the recorder, Miss Kate Holmes, both of St. Paul, are in Omaha for the biennial state convention of the Degree of Honor. It opened last night with a reception in Hotel Conant. Business sessions the next three days will be in Masonic temple.

Five hundred delegates are expected, according to the state president, Mrs. Florence D. Owen of York.

The organization is for fraternal insurance and numbers 12,000 members. It is 29 years old.

inent in politics and for years was active in the upbuilding of his community.

Thieves Escape in Auto After Stealing Stock of Pool Room

Springfield, Neb., Oct. 10.—(Special)—Cigars, cigars and candy valued at between \$400 and \$500 were stolen from Peter Grately's pool hall here last night by burglars who entered by prying loose a transom over a back door. Tracks of an automobile in which the burglars escaped indicate the thieves fled south. Reports of a hardware store burglary at Gretna last night also were received here.

Graham Ice Cream Firm Made for \$35,000 Damages

Madison, Neb., Oct. 10.—(Special Telegram)—Howard Graham, the Graham Ice Cream company of Omaha, and C. E. Burokan, Norfolk banker, were made defendant's in a damage case filed today by the Nor-

Total Wheat Crop of World Below 1921 Production

Estimate for 1922 Is 3,010,293,000 Bushels, Compared to 3,019,074,000 Last Year, Figures Show

Washington, Oct. 10.—(Special Telegram)—Total world wheat production, including Russia and Mexico, is now estimated at 3,010,293,000 bushels by the United States Department of Agriculture, based on official and unofficial estimates from reporting countries. The revised estimate for the same countries last year was 3,019,074,000 bushels. The previous estimate for this year was 3,023,870,000 bushels.

Adding to the world production figures the stocks on hand transfer as they have been obtained, a total available supply of 3,192,637,000 bushels for use the coming year is indicated, compared with 2,773,583,000 bushels during the past year.

The yield of wheat in France is estimated at 22,388,000 bushels as compared with 22,457,000 bushels in 1921. In Germany 49,570,000 bushels compared with 107,759,000 bushels in the United States. In 1921 193,000 bushels compared with 214,491,000 bushels. A late official estimate places production in Yugoslavia at 47,800,000 bushels, a decrease of 12,300,000 bushels from the previous estimate and of 4,648,000 bushels from the 1921 crop.

The total yield for Europe including revised estimates is placed at 565,650,000 bushels compared with the previously published estimate of 1,100,991,000 bushels, and the revised estimate for last year of 1,142,984,000 bushels. Latest reports continue to predict a yield in Russia sufficient to supply domestic requirements. Increased acreages have been seen in Argentina and Australia.

Hay Springs Man Swamped With Nominations for Office

Lincoln, Oct. 10.—George R. Peters of Hay Springs has the distinction of being presented with five nominations for two elective offices.

Mr. Peters is now serving as assessor of Sheridan county by appointment and has been nominated by the democrats, republicans and progressives to again fill that office. He has also been nominated by the democrats and progressives for representative in the state legislature.

The law prohibits the printing of a candidate's name more than once upon the ballot and Mr. Peters has asked Secretary of State Amelberg for a ruling from the attorney general on his right to run for two offices on one ballot.

Frost at Wymore

Wymore, Neb., Oct. 10.—The first frost of the season has appeared in this section last night and it was cold enough to freeze water and cure hay fever. The country is still very dry, there having been but two light rains since July 19. Rain is needed for winter wheat.

Out Again, in Again

James Nolan, out of the Leavenworth penitentiary where he served one year, for just one week, was re-arrested Monday by federal narcotic agents. This is his third offense.

RADIO 500 Broadcasting Stations in U.S.

California Leads Procession With 66 Plants; Wyoming Without Sending Set

Washington, Oct. 10.—Broadcasting still continues in all but one state in spite of the pessimistic reports from some quarters that this service, which is likened to a fad, is falling off and likely to collapse. On September 21 there were 510 active broadcasting stations, according to a survey by the radio section of the United States commercial stations operating on 349 meters.

California still leads the procession with 66 stations sending entertainment, news and information, Ohio is second with 25; New York third, having 23 stations, while Wyoming brings up the rear without a single station. Every other state of the union has one or more transmitting stations carrying entertainment in some form for the owners of receiving sets.

Table listing broadcasting stations by state with counts for each state.

YOU ARE TO DECIDE A VITAL QUESTION

Several applications from larger broadcasting stations for the class B license, permitting the use of the 400 meter wave, have been received by the commerce department, but to date only two have been authorized to transmit on this wave. They are the St. Louis Post Dispatch (KHD) and the Washington station at Chicago (KJW). The officials in charge of the licensing of stations do not anticipate that more than a dozen applications for the class B license will be received, as only the most powerful stations carrying high-class entertainment regularly can hope to qualify.

Raised Rates Mean \$6,000,000 Annually

The Missouri Oct. 10.—Approximately \$6,000,000 annually will be lacking on the freight bill of coarse grain shippers in the middle and northwest states, if the application of the railroads is granted for elimination of the differential between the rates on coarse grain and the rates of wheat, Clyde Reed, chairman of the Kansas Public Utilities commission, declared at the hearing on the case before Examiner H. C. Reese of the Interstate Commerce commission.

Continuing the case for the railroads, Frank H. Townsend, vice president of the Minneapolis & St. Louis road, offered statistics to show that conditions on that road are such that it cannot stand the loss of revenue which would be entailed by the maintenance of lower rates on coarse grains than on wheat.

Presentation of testimony by the railroads is expected to occupy almost two days more and the hearing promises to last longer than had been expected.

The manufacturers of Linn, the soap powder with the lemon fragrance, invite you to try one package of Linn in comparison with anything you have ever used for cleaning. Then you are to be the judge as to its unquestioned superiority. This seems entirely fair, if there is a better product to help you in your house work, you want to know about it. The sooner the better. Linn contains no caustic lye or grit. It does not tile the hands, yet it is successful in dirt and grease. Linn is fine for washing dishes, for laundering and all general cleaning. Its agreeable lemon fragrance makes all wash work pleasant, too. Give Linn a chance to make your work easier. Buy one package—then be the judge. Your money back if you want it.
