New Football Rules Cause Officials Trouble

"Try for Point" After Touchde / 1 Gives Team Chance to Gain Tally by Three Methods.

New York, Oct. 10 - Football of ficials in games clayed throughout the country have given such conflicting interpretations of the two important changes in the rules, inaugurated this year, one of which changes radically the scoring system of the come, that the rules committee of the American intercollegiate football association today issued a statement in an attempt to clear the situation.

Most of the trouble is over the new rule X which was designed to change the play after a touchdown is made from a try for a goal from a place kick, to a "try for point" through one of three methods. Some teams, electing to "try for

Play Ends.

held the contention, E. K. Hall, chair. will be through the middle west at man of the rules committee, said in pointed out that a team having Chance and Oldfield chosen to "try for point" by kicking, lost when the kick failed, and the instant it did fail, the play automatically was ended. The new rule, he added, does not permit the converkion of a play

The remainder of the confusion is over the new rule regarding sub-stitutes (rule III, section 2), which provides that "a player who has been withdrawn from the game during the first half may return at any time during the second haif. A player withdrawn during the second half may not return to the game. Concerning R, Mr Hel's statement

While this rule does not in terms rafer to a player who finished the first baif but was withdrawn during the intermalisation between the two halves, the purpose of the rule is clear and there is no reason why such a player should not be allowed to raturn to the gains any time suring the record half.

Nothing to Lose.

The new "try for point" rule will make the spectutors' seats near the Chance, former manager of the Chitwo goals lines very attractive, once cago Cubs, is expected here tomorrow tacking team to use any possible trick play which it would not other-wise attempt because of the im terference with their plans for next attempt because of the im probability of losing the ball in the try for point. It has a point to gain but nothing to lose,

Louis Firpo Wants to Come Back to U.S.

Yank Athletes Invited

Giant Hurlers Pitch Far Better Than Yanks

Jack Scott, Who Scored Shut-Out Over Americans, Ranks as Most Effective of National Moundsmen.

New York, Oct. 10.- The five pitch ers who twirled the Giants to their second successive world's champlen hip, allowed an average of 1.75 carned runs as compared with an average allowance of 2.25 carned runs by the five Yankee moundamen, according to made public today. Jack Scott, who scored a shutout

over the Yankees in the third game of he series, easily ranked as the most effective of the Giants. Aside from Sam Jones, who worked but two innings. Waite Hoyt led the Yankee hariers with an average of but 1.12 earned runs. Nehf, who pitched two games, per-

mitted an average of 2.25 carned runs her game. The others ranked: J. Parnes, 1.80; Shawkey, 2.70; McQuillan, 3.00; Maye, 4.50, and Bush, 4.80. A peculiarity of the record was that Neid was the only Glant pitcher who granted sacrifices, six being marked each hit a batter, but the other pitchers avoided picking any opponents. The Yankees' 11 runs were massed off three Glant hurlers, Nehf permit-

ting five in his two games, and Mc Quillan and 'J. Barnes three each. fones, in his two innings, was the only Yank pitcher to escape being cored on. Bush allowed eight Siants to make the four corners, Mays, four, and Shawkey and Hoyt three each.

Doyouknow that

that he intends to quit baseball with the close of this season and return to his northwest Missouri farm at Mount Moriah, Harrison county, where he will remain permanently. The veteran, hero of the world's series of 1909, has not had a good year with the Pirates and admits that age is beginning to tell on him. But he will go down as the greatest comeback in he sharing in the world series rehistory. Babe's great rise back to the big show came after he played a season with the St. Joseph club, five or six years ago. At that time he could have remained with Pittsburgh, but he told Dreyfuss he felt himself slipping a little and that he wanted loose, the Saints then taking him on. He pitched some wonderful ball for St. Joseph, and Pittsburgh wasn't long in persuading him to return to who started the report that the a Pirato uniform, and it was Adams' Gants d'dn't have any pitchers stellar work last season that had the Smoky City team fighting for the pen nant for a time near the finish. Babe would make a mighty good manager for some minor league club, and perhaps he will be coaxed out of retirement to take the reins of some team.

The Dallas club of the Texas league has purchased Shortstop Bill Hamilton of the Sioux City Packers.

During a game April 15, 1909, the three New York National outfielders had one assist and no putouts between them. Buck Weaver had the only assist made by the Chicago White Sox in a game with Boston May 19, 1917. Roney Viox, while playing with Pittsburgh in 1915, got both of the assists recorded for his club in a game to Compete in Sweden with Philadelphia.
