

Omahan Goes on Stand to Combat Grain Rate Boost

J. W. Shortwill Tells Examiner Increase for Coarse Grains Would Hurt Livestock Industry.

Low Moines, Ia., Oct. 13.—It was argued here today at the closing session of the coarse grain rate hearing before Examiner H. C. Keene of the Interstate Commerce commission that coarse grains cannot stand the increase up to the level of the wheat rates which the railroads are proposing.

J. W. Shortwill of Omaha, secretary of the Farmers National Grain association, testified that higher rates on corn and oats would be highly prejudicial to the livestock industry. As the raw materials of an industry which is not in a flourishing condition, the expense incurred, he declared, should not be burdened with excessive freight rates.

Remarks on the question are to be held in Minneapolis and St. Paul and in other agricultural centers.

Differential rates on grain have been in effect in Iowa since 1906. W. P. Parsons of the Iowa State Bell commission testified. He urged that the commission deny the petition of the roads.

C. M. Rippen of the Merchants exchange, St. Louis, the first witness of the shippers, declared that his association was unequivocally opposed to an increase in freight rates on corn and other grains at this time. It

Feature Transactions on Livestock Exchange

The youngest shipper of livestock to the local yards is the distinction possessed by Master Lester Gerriette, 5, of Rogers, who was represented on the market yesterday by the consignments of a large hog that weighed 330 pounds and brought the top price for the day, \$9.45 a hundred pounds. The lad is noted for taking great interest in raising livestock and has several head of cattle and hogs to the feeding of which he gives his personal attention.

Frank J. Murphy came from Brownlee with four loads of choice 2-year-old cattle, which sold as feeders at \$50 to \$55 a hundred.

Mr. Murphy said Cherry county has a large surplus of hay, but was short on cattle, and he also said the farmers of his section were a little depressed over lower prices, but hoped to see things pick up in the next two years.

A shipment of six head of choice Hereford cattle was brought to the local market by Wardenburg Brothers of Creston that average 1,411 pounds. The cattle were in the best of trim and sold for \$12 a hundred, the highest price at the local yards this season. They were sold to a local packer.

KEEP LOOKING YOUNG

It's Easy—If You Know Dr. Edwards' Olive Tablets

The secret of keeping young is to feel young—to do this you must watch your liver and bowels—there's no need of having a mirror complexion—dark rings under your eyes—pinpoints—a tell-tale look in your face—dull eyes with no sparkle. Your doctor will tell you ninety per cent of all sickness comes from inactive bowels and liver.

Dr. Edwards' Olive Tablets, a well-known physician in Ohio, perfected a vegetable compound mixed with olive oil to act on the liver and bowels, which he gave to his patients for years.

Dr. Edwards' Olive Tablets, the substance for natural beauty, are gentle in their action yet always effective. They bring about that natural buoyancy which all should enjoy by toning up the liver and clearing the system of impurities.

Dr. Edwards' Olive Tablets are known by their olive color. Use and

was developed that the shippers and carriers had met in Chicago recently and had discussed further reductions on corn and oats. It was announced, however, that nothing definite had been decided upon. Counsel for the carriers objected to the introduction of the testimony but were overruled. Prof. E. G. Nourse of Iowa State college, Ames, was on the stand for the states to refute statistics introduced by the carriers which purported to show the cost per acre of wheat and corn.

Senator's Name Not Mentioned at Convention, but His Record Is Carefully Reviewed.

Lincoln, Oct. 13.—(Special)—The annual convention of the Nebraska Women's Christian Temperance Union opened here today.

His name was not mentioned, but the candidate for reelection to the United States senate from Nebraska, was discussed thoroughly at the opening sessions by Mrs. L. G. Dyer of Albion.

She urged every member of the union to vote against him.

She reviewed his record without once referring to him by name and said that no confidence should be placed in him in the future.

"He died in the last ditch on the suffrage question," Mrs. Dyer stated. "The women owe him nothing. When they asked him for help, he generally replied that he would 'think about it.'"

"Now the women will go to the polls, 'think about' him, and vote for the other fellow."

Armstrong's Linoleum

for Every Floor in the House

A Jaspé Linoleum floor in a modern home

You can select linoleum in colors and designs to go with your rugs, walls, and hangings

If you haven't looked at any linoleum patterns recently, go to a good furniture or department store and see what is being offered in Armstrong's Linoleum.

You will see rich plain colors, beautiful Jaspé or two-tone effects, parquetry inlays, carpet inlays, marble tile inlays and attractive printed patterns.

This modern linoleum is too fine a material to be simply tacked down. Armstrong's Linoleum should be cemented to a lining of builders' deadening felt which has been glued to the floor boards. This makes a smooth, even, permanent floor without unsightly cracks. It can't splinter, and it will never need expensive refinishing.

When good linoleum is laid this way it is waterproof, and the easiest floor in the world to keep clean. Dust never gets into it.

Rugs are placed on a linoleum floor as on any permanent floor. An occasional waxing and polishing keeps it looking bright and new.

Write for our booklet, "Decorative Linoleum Floors," which contains twenty-four color plates showing different designs and colorings of Armstrong's Linoleum, both inlaid and printed, suitable for any room in your house.

Armstrong's Linoleum Rugs

For people who live in apartments or who have houses on short leases and consequently do not wish to install permanent linoleum floors, Armstrong's Linoleum is also made in the form of bordered rugs. Thirty attractive patterns in four sizes from 6 x 9 feet to 9 x 12 feet.
