mous coal industry of the country is looking for a new Judge Landis. Facing a searching investigation at the next session of congress when the report of the fact-finding commission is Washington, Oct. 21.-The bitumiport of the fact-finding commission is made, the industry is seeking a man big enough to give the coal men Alta C faire. There is were married at Lincoln. There is make their before which it expects to be called. It was at Wymore. before which it expects to be called. This decision was reached at the meeting of the bituminous operators at Cleveland, where it was decided to place all facts in the possession of the operators in the hands of the group of probers whom the president has se-

The opportunity to do this has been furnished by the resignation of J. D. Morrow, executive vice president of the National Coal association, who is going into business in New York The salary bitherto paid this office has been \$18,000. It has been decided to raise this to an extent necessary to get the necessary "big man" to take charge of the business of the National Coal association at Washington.

Discuss Question.

Discussion of the question at Cleveland resulted in some differences of opinion as to the character of man to be selected. The name of Representalive C. Bascom Slemp, retiring republican congressman from Virginia, has been discussed. Some of the opposition to Siemp was on the ground that while his associations in congress would render him valuable in some respects, his service in the lower body might tend also to give a political ofor to the job which the coal operators desire to avoid.

The National Coal association under the direction of Vice President Morrow has been a business and political clearing house for the industry which represents over a billion dollars of invested capital.

It is proposed to make the office much bigger than it was under the old regime.

Comparison Will Emphasize Its Value

The Studebaker Big-Six Sedan delivers everything you can ask of a motor car.

If you pay more than the Big-Six price, you may buy more weight but it is impossible to get finer materials or better craftsmanship than are used by Studebaker.

Compare this Big-Six Sedan with the most expensive cars. Check the body with any body built, compare the chassis construction, look into the endurance records of the Big-Six as compared with any other car.

Get behind the wheel yourself. Test its performance, its comfort. Check its appearance with any car at any price. And don't overlook

this point: Studebaker has more than 3,000 branches and dealers throughout the country who are always ready to render efficient service.

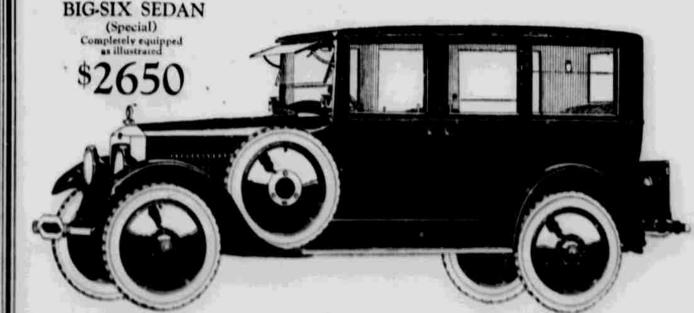

And finally, compare the equipment and appointments. Among many other exclusive or unusual features are: two spare disc wheels complete with cord tires and tubes: spacious trunk and trunk cover; handsome nickel-plated bumpers, front and rear; heater; automatic windshield wiper and rear-view mirror-these and many others included in its price of \$2650.

Consider the Big-Six Sedan as an investment. There is no reason to pay more. The name Studebaker stands for satisfaction.
