

Secretary Davis Comments Here on Prosperity

Labor Member of Cabinet Declares Unemployment Relieved by G. O. P.—Is En Route West.

Secretary of Labor, James J. Davis, director general of the Loyal Order of the Moose, made a brief stop in Omaha yesterday on his way west on a speaking tour in support of republican members of congress. Secretary Davis was met by local officers of the Moose, with whom he discussed conditions of the fraternal order.

Among the Omaha delegation of Moose which met secretary Davis at the Burlington station upon his arrival here were Dr. E. E. Benson, dictator of the local lodge; William A. Barron, secretary; Dr. F. F. Whitcomb, E. L. Bradley, Dr. John E. Simpson, J. A. Dow, H. H. Cropper and E. W. Hutchison.

Secretary Davis said his traveling had impressed him with the deep understanding of the problems confronting the country which is apparent among all classes of our people. This appreciation of national issues, he said, augurs well for the success of the republican party in the approaching election.

"Back to Prosperity."
"One thing that has taken strong hold upon the people, I find, is the rapid and steady return to prosperity throughout the country since the republican party under President Harding took control of the federal government some 18 months ago," said Mr. Davis.

"The people remember that at that time we had in America some 5,000,000 or 6,000,000 of workmen who were unable to find employment. Industry in many parts of the country was at a standstill. Aided by wise administration and the same legislation enacted by the republican majority in congress the nation has put this vast army of unemployed back to work in mines and mill and factory. Despite three great industrial conflicts which kept more than 1,000,000 men idle for months, we have found our way back to prosperity. Today in some sections of the country employers are bidding against each other for labor to meet the steady demand for production which means prosperity.

"The democrats throughout the country are reviving their misguided attack upon the republican protective tariff policy, despite the fact that the emergency tariff law, now replaced by a permanent protective tariff, has aided largely in the restoration of industrial prosperity. But the people today realize the protection that the tariff affords the American workman.

Explains Labor Situation.
"With the world on a gold monetary basis, one ounce of gold will on an average pay for 20 hours of work in America, 50 hours of work in Great Britain, 90 hours in Japan, 100 hours in France and 200 hours in Germany. That means that for every ounce of gold spent in the United States for the product of an American laborer, one workman is employed two and one-half days. If that ounce of gold is spent here for German goods in competition with the domestic product, that ounce of gold deprives an American of a whole month's work, and at the same time goes to encourage industry in Germany.

"The American workman, adequately protected by the tariff, and earning American wages, makes up the bulk of the great American buying power which gives the American farmer and the American manufacturer a strong home market."
"These things are making a strong impression upon all our people and the whole country is coming to realize and appreciate the great forward steps that have been taken since the republican party took charge of affairs at Washington."

Accidents in Kansas City Are Fewer Than Last Year

Kansas City, Mo., Oct. 23.—Although Kansas City's population has increased perceptibly during the past year, accidents have shown a decrease.

Figures issued by the safety council of the city show a total of 110 accidents for the eight months ending August 31, 1922, whereas 112 accidents were recorded for a similar period in 1921, and motor traffic here has increased 20 per cent in the last year.

Vehicular accidents have been scarcer the last eight months, there being 51 as against 54 for a corresponding period last year. However, there were 11 collisions in August this year and only three in August, 1921.

Klan Meeting Broken Up at Demand of Citizens

Pittsburgh, Oct. 23.—Scores of persons massed in front of a hall in McKee's Rock Sunday afternoon told Chief of Police Edward Reider that if he did not prevent a Ku Klux Klan meeting within the hall they would. Reider broke up the meeting. The crowd dispersed.

K. K. K's from Pittsburgh, who organized and advertised the proposed organization meeting were on hand in full regalia when Reider took action.

Omaha Men Are Made Near East Sponsors

Washington, Oct. 23.—Appointment by President Harding of a committee of sponsors, representing every state, territory and insular possession of the union, to aid in the extension of near east relief was announced Monday night at the White House.

Walter W. Head, R. M. Switzer and Senator Gilbert M. Hitchcock were named to represent Nebraska.

The president, in appointing these sponsors, the White House announcement said, informed them that he desired them "to cooperate with the American Red Cross and the near east relief and with the co-ordinating committee made up of the organizations interested in relief work in the near east, of which Will H. Hays is chairman, in making known to all our countrymen the great call which has come out of the near east to the heart of the American people."

Governors of the various states, territories and insular possessions have been selected as ex officio members of the committee, on which more than 150 private citizens have been named.

W. J. Says He'll Return for "Charley's Inauguration"

W. J. Bryan at Union station yesterday morning, between trains, stated he will return to Nebraska next January to attend the inauguration of his brother, Charles, as governor.

"What do you think of Senator Hitchcock's reputation of the west endorsement he received last week?" he was asked.

"It was just as I expected. He did exactly the right thing," he replied, adding that he predicted the reelection of Senator Hitchcock, the state democratic ticket and probably most of the congressmen.

Noted Surgeons Foregather.

Boston, Oct. 23.—More than 2,000 of the world's prominent surgeons, including 25 or 30 from South American countries, were gathered here today for the congress of the American College of Surgeons which opens its formal sessions tonight.

County Attorney Is Investigating Mystery Death

Theory That Man Hit by Train or Fell from Trestle Weakened by Evidence.

The county attorney's office is investigating the death of a man believed to be Allen E. Pease of Bonesteel, S. D., whose body was found in the creek bed beneath a trestle of the Union Pacific railroad, just east of Elkhorn, Neb., Sunday.

Original theory that Pease was either struck by a train while crossing the trestle or leaped from a freight train and fell through or weakened by absence of bruises or cuts on his body, which lies at the John Gentleman mortuary.

Employment Bureau Card.
Union Pacific railroad officials say no reports of a train having struck a man have been received. A report of the finding of the body, received at the railroad headquarters yesterday morning, throws no light on the death.

In addition to a membership card in the Bonesteel Commercial club and a card identifying Pease as a Mason, was found a card from the Omaha City Employment Bureau, bearing the name of George W. Abbott. The bureau officials remember sending the man, giving his name as George W. Abbott, and two other men to the farm of Otto Wilke, near Waterloo.

Wilke said the men had not reached his farm.

Kountze Funeral Will Be Public

Train Bearing Body of Omaha Society Leader Due Tuesday Morning.

Friends of Mrs. Charles T. Kountze, leader of Omaha society, were shocked Sunday to learn of her death Saturday at White Sulphur Springs, W. Va. The funeral train will arrive at 9:30 this morning and the funeral is to be this afternoon at 2, from the residence, 2925 Dewey avenue. It is to be public. Burial will be in Forest Lawn cemetery.

The body will be accompanied from Chicago by Mr. Kountze, together with Donnan, a son, and Eleanor, a daughter, who were in New York at the time of their mother's death.

Mr. and Mrs. Luther Kountze left New York Sunday and also will join the funeral party at Chicago. In addition there will be Mr. and Mrs. Augustus F. Kountze of New York, Mr. and Mrs. Joseph Cudahy of Chicago, Mr. and Mrs. Frank Judson of Omaha, who were recently with Mrs. Kountze at Saratoga Lake, N. Y., and Mrs. P. A. Nash of Chicago.

Ballbearers and ushers are to be Frank Judson, A. L. Reed, W. M. Burgess, W. A. Johnson, W. J. Foye, C. W. Hull, H. F. Wilkins, M. G. Colpeter, W. A. Redick, Henry Duorby, W. H. Wheeler, George Printz, W. D. Honford, Glen Wharton, W. B. Roberts, W. T. Burns, Joseph Cudahy, Joseph Barker and H. A. Tukey.

Former Kaiser's Attempt to Prohibit Play Fails

Berlin, Oct. 23.—The petition of former Emperor William for an injunction to prohibit a public performance of Emil Ludwig's Bismarck drama, "The Dismissal," has been denied, and the play, which depicts the conflict between the then young kaiser and the iron chancellor, Bismarck, shortly will be produced.

The decision of the court is viewed as establishing a notable precedent, in that it sanctions dramatic representation of contemporary figures.

Man Who Shot and Killed Wife Is Later Found Dead

Scott River, near 235 Charles street, who shot and killed his wife Sunday night, was found dead himself at 6 yesterday morning at Twenty-eighth and Seward streets.

A revolver was at his feet and there was a bullet wound in the side of his head. Police said it was a case of suicide.

Western Union Wins Cable Controversy

Washington, Oct. 23.—The long local controversy over the landing at Miami, Fla., of the Western Union Barbados cable, ended today when the supreme court, granting a petition

jointly submitted by the United States government and the telegraph company, dismissed the government's suit to prevent the cable line from being brought ashore.

The court acquiesced in the suggestion advanced by counsel for both sides that the case had become moot through the granting of a landing license by President Harding after

the government's objections had been satisfied by a diplomatic settlement. The cable already has been in operation for several months.

Four Free Staters Killed.

Belfast, Oct. 24.—Four free staters were killed and three wounded in a bomb attack on a motor car at Ferry Carrig, County Wickford, yesterday.

THE BRANDEIS STORE

A Few Attractive Offerings in Our First Anniversary Sale of Furniture
