Geneva, Neb., Oct. 24.-Approxiheard R. B. Randall, candidate for United States senator, speak on national issues today at Deshier, Hebron. Belvidere and Bruning.

Tonight Mr. Howell spoke at Gene ca, county seat of Fillmore county. The meeting was held at the court It was in charge of Dr. I. W. McEachron, county chairman, Band music was furnished by Geneva

At Superior last night, the moving pitcure house in which Mr. Howell spoke, was crowded and many who desired to hear him, could not find standing room.

The motion picture house is in a building formerly occupied by one of the three saloons, which until driven out were made for hundreds of thirdy Kamans. For years these saloons were lined in one block on one side of the street and it was seldom, if ever, a woman could be seen on that street. Despite the dire predictions of Senator Hitchcock, that if saloons were wiped off the map, buildings would be emphed and good education would be de-nied children. Superior still prospers, the saloon buildings are occupied and street is no longer a forbidden district and women transact business in the

Mr. Howell, in his address today, went more fully into the history of the Esch-Cummins bill, which his opponent voted for and which is taking hundreds of thousands of dollars from farmers in added freight rates.
