Thousands of others have gotten rid of theirs without dieting or exercising often at the rate of over a pound a day and without payment until reduction has taken place.

I am a licensed practising physician and personally prescribe the treatment for each individual case, thus enabling me to choose remedies that will produce not only a loss of weight harmlessly, but which will also relieve you of all the troublesome symptoms of overstoutness such as shortness of breath, palpitation, indigestion, rheumatism, gout, asthma, kidney trouble and various other afflictions which often accompany overstoutness.

My treatment will relieve that depressed, tired, alcepy feeling, giving you renewed energy and vigor, a result of the less of your superfluous fat.

You are not required to change in the slightest from your regular mode of living. There is no dieting or exercising. It is simple, easy and pleasant to take.

If you are overstout do not postpone but sit down right now and send for my free trial treatment and my plan whereby I am to be paid only after reduction has taken place if you so desire.
