Value of Products of 1.305 Establishments in 1919 Exceeded \$4,246,-000,000.

Rockford, Ill., Nov. 2 - Meat pack ing is the largest industrial enterprise in the United States, Charles E. Her rick of Chicago, president of the In stitute of American Meat Packers, told Rockford Roturiana here today.

Mr. Herrick said the value of the finished products of 1,305 establish ments in 1919 exceeded \$4.246,000,000 nearly a billion and a half more than its nearest competitor in size, the iron and steel industry.

"War and its aftermath hit the ment packing industry in its inventory, waltoped it in the export and side-swiped Us domestic trade," was Mr. Herrick's characterization of conditions existing in the packing in-

Soon after business had learned how to rush forward at double quick in a world topsy turky with an international conflict, it suddenly was pace and then to retreat mudly in a world that was being shifted right ride up again. For a time we were plastered so flat to the middle of the scene of the accident that we were unable to get a good perspective of our situation. Now we can take stock and discover what hit us.

"Wholesale meat prices have taken tremendous declines, so that carcass. beef at one time or another within the lost four er five months has beensofting at an average somewhere around the levels prevailing in 1914. Hides and other byproducts of the packing industry have not only hit bottom, but they have broken through the bottom. In fact, there have been times when the mest packers would have welcomed prewar prices for certain byproducts instead of the prices that have been paid on occasions."

### Officials Marking Time

in Texas Election Fight Austin, Tex., Nov. 2.—State officials last night were marking time in the Mayfield senatorial litigation. The action of Judge A. M. Blackmon in dissolving the temporary injunction, pursuant to the order of the Dallas court of appeals, places the litigation in the same position it was following the decision of the state supreme court on the Corsicana injunction last Friday night, it was stated by members of the attorney general's department.

Although Attorney General Keeling advised Secretary of State Staples last Saturday to certify Mayfield's name to county officials in view of the supreme court's decision, both state officials refused to state their opinion on whether or not election officials are free now to put Mayfield's name on the ballot

## "Mother Why Not Try The Newer Form Of Iron

And Be Strong and Well and Have Nice Rosy Cheeks Instead of Being Ner-vous and Irritable all the Time and Looking So Haggard and Old?"

"The dector gave some to Susie Smith's mother and she was worse off than you are and now she looks just fine." There can be no healthy, beautiful rosycheeked women without iron. Good physicians have strongly emphasized the fact that doctors should prescribe more of the newer form of iron-Nux ated Iron-for their nervous, run-down weak, haggard-looking patients. When the iron goes from the blood of women the roses go from their cheeks, and strength and vitality from their bodies. This newer form of iron, like the iron in your blood and like the iron in certain green vegetables, is highly recommended to thousands who wishquickly to increase to thouse and who weakquickly to the rease. Their strength, power and endurance. It is surprising how many people suffer from soon deficiency and the not know it. Iron is absolutely necessary to enable your blood to change food into living tissue. Without it, no master how much se what you eat, your food nearly passes through you without day you the grouper amount of good. You don't get the strength out of it, and as a consequence you become weak, puts, and sickly-looking just like a plant trying to grow in seel deficient in term.

the can tell the women with plenty of iron in heir blood, becaused, healthy, your cheeked comen, fail of the vian and vitality. You can be buyeted iron trons are drouged under a

## "Wet" and "Dry" Fight Raging in

Modification of Volstead Act Leading Issue in New Jersey-Outcome Appears to Be in Doubt.

By ARTHUR SEARS HENNING. Trenton, N. J., Nov. 2 .- "Wets" conflict in this state over the ques- were bound and that the ropes were singing." tion of a light wine and beer modifi- attached to the rails.

cation of the Volatead act. If beer and wine win, Governor Edwards, democrat, will go to the United States senate to lead the movenmet for the liberalization of the prohibition law and for eventual repeal of the

prohibition amendment. If beer and wine lose in a state so wet that it was the last to ratify the prohibition amendment, and then only after it had become law, the result will be heralded by the "drys" as a vindication of prohibition

in the home of its foes. The issue features the Use Antiseptic Liquid Zemo election in which Senator Joseph S. Frelinghuysen, republican, millionaire There is one remedy that seldom crony of President Harding and chain-

### Contest Appears Close.

The contest appears to be a close

abstract principle in which personal proclivities, tastes and prejudices have not been permitted to figure. For example, Governor Edwards, the arch foe of prohibition, whose friends promsed that he would make the United States "as wet as the Atlantic," if he ever got a chance, is a church vestryman and a tectotaller. He would not wet his whistle, if the country were as wet as the Atlantic. It's the principle of personal liberty he contends for.

Question of Moral Principle.

With Senator Frelinghuysen it is a question of moral principle as distinguished from the gross, material appetite of th flesh. He told a gathering of Methodist ministers the other day that he voted for the 18th amendment "because of its righteourness and secondly, because of its economic worth to the United States." Edwards has the support of labor pretty generally and the factory towns of northern Jersey are aflame with ardor for the restoration of beer and wine. Freitnghuysen is relying for success upon the republican organiaztion, the farmers, business men, church werkers, the Anti-Saloon league and all the drys, particularly the women to whom a special pleais being made to get to the polls and rote for Frelinghuysen and prohibi-

Husband of Former Omaha

Girl Dies in Worcester Word has been received here of the death of Matthew J. Whittall of Worcester, Mass. His widow was formerly an Omaha girl, Miss Gertrude Clarke, daughter of the late H. T. Clarke. Henry T. Clarke of this city, brother of Mrs. Whittall, left Wednerday for Worvester, where the fineral will take place Friday. Another brother, Harry F. Clarke, lives at Bellevon,

Mr. Whittall was the head of the arpet mills bearing his name. "He raves his widow and a daughter by CT/MAP BURPERSON.

## Baking Powderthat's the big thing in successful baking

It determines failure or success in baking, more than any other ingredient.

If you do not always have satisfactory bakings, change to Calumet for just one trial.

It is pure: containing only such ingredients as have been officially approved by U. S. Food Authorities. Within the Calumet factor-

ies — the largest and most sanitary onearth-hundreds of skilled workers clad in white are busily engaged in producing the baking powder that is used by millions. Human hands never touch it. Its sale is 2½ times as much as that of any other brand. Pure in the making—pure in the baking.

A pound can of Calumet con-tains full 16 ounces. Some baking powders come in 12 ounce instead of 16 ounce cans. Be sure you get a pound when you want it.
