

Each Voter Will Get a Set of Six Ballots Tuesday

Omahans to Express Preferences on Public Officers, Referendum and City Charter Changes.

At the close of one of the most spirited political campaigns ever waged in Douglas county, electors are ready to proceed to the polls to register their preferences for the various public offices to be filled, also to express themselves on various referendum propositions and proposed city charter amendments.

Voting places in 175 precincts of the county will be open Tuesday from 8 a. m. to 8 p. m. Each voter will be entitled to six ballots, and the election commissioner wishes voters to know that they receive complete sets of ballots.

The general ballot is subdivided into these parts: National, state, congressional, legislative, county and precinct tickets. This will be the first application of the new legislative redistricting plan which provides for election of state senators and representatives by districts instead of through the larger voting unit of the entire county. Accordingly, each voter will be privileged to vote for one senator and one representative from the precinct of his district. County commissioners, however, still are elected by voters throughout the county.

Nonpolitical Ballot. The nonpolitical ballot contains the nominees for judge of the supreme court, second judicial district, state superintendent of public instruction, county superintendent of public instruction, and municipal judges. Each voter may vote for two of the four nominees for municipal judge. Voters throughout the state will decide the fate of four laws passed by the legislature and the operation of which has been suspended through referendum petitions. These laws will be referred to voters through a ballot which will contain the four propositions to be voted on separately in the spaces provided. A mark in the "yes" space means a vote for the law, and a mark in the "no" space indicates an adverse expression.

The first referendum proposition on the ballot refers to a law which would regulate the establishment of new banks in Nebraska. It would authorize the state banking board to deny charters to banks unless it be shown that they will be for the public convenience, advantage and necessity.

Anti-Picketing Law. The second section of this ballot refers to the anti-picketing law, which makes it unlawful for any person or persons, singly or by conspiring together, to interfere with any other person in his or her lawful right to work.

The third referendum proposition involves the amended primary law. This amendment repeals that portion of the act which provides for the election of delegates to county, state and national conventions and national committees by the direct vote of

TOO MUCH MEAT HURTS KIDNEYS

Take a glass of Salts to Flush Kidneys if bladder bothers you.

Eating too much meat may produce kidney trouble in some form or other, says a well known authority, because the uric acid known as the kidneys, they become overworked, get sluggish, clog up and cause all sorts of distress, particularly backache and misery in the kidney region, rheumatism, twinges, severe headaches, acid stomach, constipation, torpid liver, sleeplessness, bladder and urinary irritation.

The moment your back hurts or kidneys aren't acting right, or if bladder bothers you, get about four ounces of Jad Salts from any good pharmacy; take 2 tablespoonful in a glass of water before breakfast for a few days and your kidneys may then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush clogged kidneys and stimulate them to normal activity; also to neutralize the acids in the urine so that it is no longer irritating, thus often ending bladder disorders.

Jad Salts cannot injure anyone; makes a delightful effervescent lithia-water drink which millions of men and women take now and then to help keep the kidneys and urinary organs clean, thus often avoiding serious kidney disorders.

HEAD STUFFED FROM CATARRH OR A COLD

Says Cream Applied in Nostrils Opens Air Passages Right Up.

Instant relief—no waiting. Your clogged nostrils open right up; the air passages of your head clear and you can breathe freely. No more yawning, sneezing, blowing, headache, dizziness. No struggling for breath at night; your cold or catarrh disappears.

Get a small bottle of Ely's Cream Salve from your druggist now. Apply a little of this fragrant, antiseptic, soothing cream to your nostrils. It penetrates through every air passage of the head, soothes the inflamed or swollen mucous membrane and relieves instantly.

It's just time. Don't stay stuffed up with a cold or hay fever.

Do You Chafe? Peterson's Ointment

No the multitude of brands who have used Peterson's ointment for chafing, itching skin and with pain, itching and all sorts of sore conditions. Peterson says: "I've used Peterson's ointment for many years and it's the best." All druggists, etc., etc., \$1.25, \$2.50, \$5.00.

the people, and return to the system of selecting these delegates by the caucus and convention system. It also removes the prohibition against the convention endorsement of candidates prior to the primary and sets the date of the primary in the third week in August, instead of the third week in July.

The fourth referendum proposition has been referred to as the "rural registration bill." It provides for registration of all voters in the state just as is now required in cities having over 7,000 population now otherwise provided for.

School Board Candidates. The board of education ballot which voters will receive on Tuesday will contain the names of 14 candidates, from which each voter may select six for the full term, and at the bottom of this ballot appears one candidate for the unexpired term, B. C. Eidson, now a member of the board, is a candidate for the unexpired term. Six present members of the board seeking re-election are: H. A. Van Orsdal, Max I. Walker, William C. Ramsey, A. N. Eaton, F. W. Faulk and John Bekins.

The smallest ballot of the set contains the names of candidates for directors of the Metropolitan Utilities district, two to be voted for.

Omaha voters will express themselves on four proposed city charter amendments, this being the first time under the new home rule charter plan that charter amendments have been submitted. The Visiting Nurse association of Omaha wishes that the "bonds for free nursing" proposal be disregarded or defeated, notwithstanding that this organization sponsored the idea. The request of the association was received too late to have the proposed amendment dropped from the ballot.

Public Concert Fund. One of the proposed charter amendments provides for an annual appropriation of not more than \$15,000 for a public concert fund. Another proposed charter amendment, if adopted, would give the city council authority to assess to abutting property owners the cost of repaving, resurfacing, curbing, curbing, paving, sidewalks, and other improvements that have been maintained 20 years or longer. The other proposed charter amendment would amend the existing law pertaining to payment of special grading taxes by permitting property owners to pay the entire assessment at once without being penalized for the years' interest, also to provide for bonds to finance grading.

Election county boards will go on duty in all voting precincts at noon and will continue to tabulate the vote. At 8 p. m. the regular election boards will go off duty and leave the work in charge of the inspectors and counting boards. W. D. McHugh, Jr., election commissioner, believes that returns will be received from some precincts shortly after 9 p. m.

83,000 Registered. The total Douglas county vote at the last national election, November 7, 1918, was 83,000. The country precinct vote alone was 3,417. The registration books of the election commissioner show 82,000 names. The commissioner has sent 15,000 challenges which include names of many who have changed addresses or moved from the city.

The election commissioner urges voters to attend the polls as early as possible and to learn the location of voting places in advance. On election day hundreds of voters telephone the election commissioner to ask for the addresses of their voting places.

Burlington Carloads Increase in October

An increase of 10.4 per cent in the number of carloads hauled on Burlington railroad lines west of the Missouri river in October, 1922, over the same month in 1921 was announced at the general manager's office of that road here Saturday.

It also was stated that on October 31, 1922, the Burlington had only 378 bad order cars of all classes compared to 1,913 bad order cars on October 31, and as compared to 2,388 bad order cars on June 30, 1922.

A table showing the increase in carload hauls last month over the same month a year ago follows:

Table with 2 columns: Carload Increase, Grain products, Live stock, Coal, Iron and steel, Lumber, Cement, etc.

G. A. R. Notes

Old Guard post No. 7 is making preparations for active work during the winter months, with regular meetings on the second and third Saturdays of each month in Grand Army hall of the court house.

Efforts are being made to get every old soldier in Douglas county to enroll as a member of the Grand Army.

Open meetings will be held at stated periods during the winter. Members of affiliated organizations are urged to attend these meetings.

All members of the Grand Army have been invited especially to attend the laying of the cornerstone of the new state capitol at Lincoln on Armistice day. John B. Davison, department commander, has issued general order No. 31, urging every member of the Nebraska department to attend the exercises.
