

Over Half States Bar Women From Service on Juries

Minnesota Awarded Honor of Being Banner State—All Qualifications Removed by Amendment to Law.

Washington, Nov. 7.—Twenty-seven states and the District of Columbia will deny women the right to serve on juries, according to a nationwide investigation of jury service laws just completed by the legal research department of the woman's party in preparation for the annual rights conference meeting in Washington next Saturday and Sunday.

woman's point of view, the report stating that the Minnesota law on jury service "is unquestionably the best law relative to women jurors." On April 19, 1921, the Minnesota law was amended to apply equally to both men and women, both as to qualifications and exemptions, the amended law declaring that "any and all sex disqualification is hereby removed."

Nineteen states now allow women to serve on juries, including Arkansas, California, Delaware, Indiana, Iowa, Kansas, Kentucky, Louisiana, Maine, Michigan, Minnesota, North Dakota, Nevada, New Jersey, Ohio, Oregon, Pennsylvania, Washington and Wisconsin.

In two states the right of women to serve on juries is doubtful, owing to conflicting interpretations of the law. These states are Illinois and Utah.

Of the 19 states where women may serve on juries, California, Maine, New Jersey and North Dakota allow them to serve on equal terms with men.

"Old at 73? Guess Not!"

Mrs. Peter Corvelli

"I'm not old at 73," declares Mrs. Peter Corvelli of Syracuse, N. Y., who donned overalls to help shingle the roof of her home when a carpenter engaged to do the work became ill. She didn't get dizzy three stories in the air, for she has made many flights with her two sons, who were in the aviation section of the army in the world war.

RADIO Cheap as Mail

Radio Corporation makes Rates for Commercial Messages. For the first time in the history of international communication, the Radio Corporation of America has announced a service which enables the public to send messages to London and Germany at a rate slightly higher than postage. The rate announced is 6 cents per word with no minimum requirement.

Road Conditions

(Furnished by the Omaha Auto Club.) Lincoln highway, east: Roads still rough in stretches to Denison. Good east to Cedar Rapids. Lincoln highway, west: Detour 11 miles west on Dodge st. One mile north, thence west to Lincoln highway again. Detour north to Fremont. Roads fair to good, somewhat rough in stretches to Grand Island. O. I. D.: Roads reported still pretty rough between Grains and Ashland, just fair to Lincoln. Detour between Fairchester and Friend, somewhat rough around Hastings. Rough between Oxford and Arapahoe. Fair to good to Denver. Meridian highway: Roads good. Cornhusker highway: Roads good. Highland cutoff: Roads good. Washington highway: Roads fair to good. Somewhat rough around Blair. Good north to Sioux City. Omaha-Tulsa highway: Roads good to Topeka. Omaha-Topeka highway: Roads fair to good. King of Trails north: Roads fair to good. Somewhat rough in stretches to Missouri Valley. Good north to Sioux City. King of Trails, south: Roads good to Haworth. River to River road: Roads fair to good. White Way "Y": Highway: Roads fair to good, still somewhat rough in stretches. I. O. A. shortline: Roads good. Blue cross: Roads fair to good, somewhat rough in stretches. Weather reported clear at all points. The inhabitants of Canada use 27 pounds of butter per capita—the highest of any people.

Sparks

An interesting experiment for the amateur bothered with severe capacity effects and tube noises, is to enclose each part such as the tuning units and transformers in a metal lined case, the lining being grounded.

Street Car Leaves Track; Hits Auto

Couple in Machine Parked at Curb Shaken Up in Unusual Accident.

A southbound street car jumped the rails near Twenty-fourth and Wirt streets at 3:45 Monday evening, made a sudden turn to the left and dashed toward the North Presbyterian church at this address. Before the motorman could stop the car it had reached within a few feet of the curb on the east side of the street.

In the path of the car was an automobile headed north. It was thrown onto the curb, with minor damages resulting. Miss Della Potter, 2602 Emmet street, and O. O. Dolan, 2573 Fort street, occupants of the machine, were shaken up but not hurt.

Street car officials were unable Monday night to determine the cause of the jump accident.

Railroads Say "Careful Crossing" Drive Success

New York, Nov. 7.—Railroad crossing accidents during the four summer months of 1922 amounted to 4,411 in the period of the "careful crossing" campaign waged by the American Railway association, that organization announced yesterday.

Although this represents an increase of 3.6 per cent over the same period in 1921, the association claims the campaign actually saved many lives, since 21 per cent more automobiles were in operation than last year, and nearly 19 per cent more railway cars were transported.

The report reveals that from June 30 to September 30, 693 persons were killed in crossing accidents, an increase of 24 over last year.

Hughes Is On Job Every Day And Feels Fine

"Since taking Tanlac I am on the job every day, have gained several pounds and feel better than I have in years," declared David L. Hughes, 2602 S. 11th St., St. Louis Mo., employee of the American Refrigerator Transit Co.

"I suffered from stomach trouble two years and got so I could hardly eat a thing but what it felt like a lump of lead in my stomach. Gas bloated me until I was in misery for hours. I had terrible headaches, awful pains across the small of my back and was so run down I could hardly drag around."

"Tanlac helped me from the very start and now I have such a good appetite and such perfect digestion I can eat just anything and nothing hurts me a particle. I am only too glad to pass along the good word about Tanlac."

Tanlac is sold by all good druggists.

New \$5,000,000 Theater Is Opened in Cleveland

Cleveland, Nov. 7.—Pronounced by art and dramatic critics who are here to attend the premier performance to be the finest theater in the United States if not the world, Keith's Palace theater, in the new 22-story Keith

office building, constructed at a cost of more than \$5,000,000, was formally opened here last night with several hundred prominent personages and social leaders from New York, Pittsburgh, Cincinnati, Columbus, Indianapolis, Louisville, Syracuse, Washington and other cities in attendance. Among those present were the gov-

ernors of eight states; E. F. Albee of Boston, president of the B. F. Keith circuit of theaters; C. J. Murdock, general manager, and many other representatives of large theatrical holdings throughout the United States. The theater seats more than 3,500. See Want Ads produce results.

Other new ideas
Modern research also discovered two other essentials, and Pepsodent fulfills them. It multiplies the alkalinity of the saliva. That is there to constantly neutralize the acids which cause decay. It multiplies the starch digestant in saliva. That is there to digest deposits on teeth which may otherwise ferment and form acids. Thus Pepsodent, twice daily, gives manifold power to Nature's great tooth-protecting agents in the mouth.

New beauty comes
Users of Pepsodent gain new beauty, new charm. You see that everywhere. Note how many pretty teeth show — teeth which were once concealed. No woman, no man, who once sees these results will ever go without them. Send the coupon for a 10-Day Tube. Note how clean the teeth feel after using. Mark the absence of the viscous film. See how teeth whiten as the film-coats disappear. This test will be a delightful revelation. It will point the way, for you and yours, to life-long benefits. Cut out the coupon so you won't forget.

The Mistake That millions have corrected

As most folks know, brushing teeth in old ways proved most disappointing. Teeth still discolored, still decayed. Beautiful teeth were seen less often than today. Tooth troubles came to 49 in 50.

Millions of people, nearly all the world over, have found a better method. The glistening teeth you see everywhere now show one of the results.

All due to film
Most cloudy teeth and most tooth troubles are now traced to film. Film is that viscous coat you feel. It clings to teeth, gets between the teeth and stays. Food stains, etc., discolor it, then it forms dingy coats. Tartar is based on film. Film also holds food substance which ferments and forms acid. It holds the acid in contact with the teeth to cause decay. Germs breed by millions in it. They, with tartar, are the chief cause of pyorrhea. No ordinary tooth paste effectively combats film. So, despite all brushing, very few escaped those film-caused troubles.

Two new methods
Then dental science, after long research, found two film combatants. One acts to curdle film, one to remove it, and without any harmful scouring.

Able authorities proved those methods efficient. Then leading dentists everywhere began to advise their use. A new type tooth paste was created, based on modern research. The name is Pepsodent. Then these two film combatants were embodied in it for daily application.
