Lots of Eggs, All Winter

Flock of 46 Hens Laid 29 Eggs a Day. Costs Nothing to Try.

"Have been using Don King since Jan. 1st. My 46 hens are very healthy. The extreme cold weather doesn't seem to affect the egg production at all. Last week they averaged 30 eggs a day. My prize rooster is in the center of attraction in this neighborhood. —Alice M. Hefflinger, 100 So. 2nd St., Highgate, Pa.

If you think your hens can't lay as well, right through the winter months, you're making a expensive mistake. A little Don King in their flock shows an amazing difference in the egg record.

Don King is a small, active, alert, yearling cock, right size, downy, and is a real hen raiser. He is a real hen raiser. He is a real hen raiser.

Have You a Cold or Cough?

Read What This Woman Says: "I had very weak lungs and as I grew older seemed to become susceptible to winter conditions to such an extent that I always seemed to have a cough or a cold. I took Dr. Pierce's Golden Medical Discovery as a tonic and builder and found it to be so helpful to me that I used no other medicine or doctoring for a period of about seven years. I did not take it continuously but just whenever my cough seemed to require a tonic. That was twenty-five years ago and my lungs are in good condition today." Mrs. L. H. Lovington, 311 East Lincoln St., W.
