THIS is a topic we all hear now-a-days because so many people are inclined to exaggerate. Yet has any physician told you that we claimed unreasonable remedial properties for Fletcher's Castoria? Just ask them. We won't answer it ourselves, we know what the answer will be.

That it has all the virtues to-day that was claimed for it in its early days is to be found in its increased use, the recommendation by prominent physicians, and our assurance that its standard will be maintained.

Imitations are to be found in some stores and only because of the Castoria that Mr. Fletcher created. But it is not the genuine Castoria that Mr. Fletcher Honestly advertised, Honestly placed before the public and from which he Honestly expects to receive his reward.
