

Control of Lower House Sought by La Follette Men

Followers of Wisconsin Senator Willing to Support Gillett if They Can Name Floor Leader.

By GEORGE F. AUTHIER.
Washington, Nov. 15.—(Special Telegram.)—The power and influence which Senator Robert M. La Follette will have in the newly-elected congress was exemplified yesterday when it became known that his followers in the house will undertake to dictate its organization. Just as Senator La Follette, controlling a small group of senators in the upper body, will be able to exert a tremendous influence in the senate, so his followers in the house appear to hold the balance of power. The republican majority in the neighborhood of 15 or 18, La Follette controls at least 10 representatives from Wisconsin alone, with a scattering from other states. By exercising their potential power, this group will be able to have a large voice in the organization or throw it in the hands of the democrats.

Boon for Anderson.

Recently Governor Peus of Minnesota attempted to inaugurate a boom for Representative Sidney Anderson of his state for speaker. It was predicted on the ground that the "drys" would come to Mr. Anderson's assistance, because Speaker Gillett is "wet," and it was designed to line

Daily Prayer

Ask what he will, and it shall be done unto thee—John 15:7.
O God our Father, Thou hast watched us during the hours of sleep, and under the shadow of Thy wings we have rested in safety. Grant that now, when we awake, we may be still with Thee. May we walk with Thee and work with Thee through all the hours of the day, seeing Thee in all the life about us, and finding it our meat to do the will of Him Who sent us, and to finish His work.
In the busiest moment may we never quite lose sight of Thee, or slacken the hold of our souls upon the things that are eternal.
Defend us from all dangers, but above all from our own faults and weaknesses. Help us so to pass through this day that we shall cast no shade on other lives, but shall bring brightness into the world about us.
And when the day draws to an end, may we have the quiet joy of knowing that, by Thy grace, we have been able to win and to manifest something of that eternal life which is found in doing justly, with loving kindness, and walking humbly with God. In the name of Jesus Christ, Amen.

Uncle Sam Says:

Housecleaning Made Easier.

The States Relations Service in its booklet on this subject illustrates and describes short cuts and labor saving devices which, if adopted, will make housecleaning much easier.
Housecleaning need not be the bugbear it has long been regarded in many households. If the work is carefully planned, if the kind of furnishings that are easy to keep clean are chosen and handled in the right way, and if the provision is made for keeping all the dirt possible out of the house, there will be no need for the upheavals that result in discomfort to the entire household.
Readers of The Omaha Bee may obtain a copy of this booklet free as long as the free edition lasts by writing to the Division of Publications, Department of Agriculture, Washington, D. C., asking for "F. B. 1150."

up the western representatives in revolt against continued opposition of the so-called "Massachusetts oligarchy." This move has been punctured by the La Follette group. They have let it be known they regard Anderson as too closely allied with the old guard group in Minnesota and that the organization must have a progressive lineage.

"Wets" Will Profit.

The La Follette forces say they are willing to support Gillett for speaker, provided they name the floor leader and have preferential treatment in the committee assignments. The "wets" will profit by this arrangement to the extent of defeating the efforts of the Anti-Saloon league in electing a "dry" speaker and in placing Representative Graham of Pennsylvania in the chairmanship of the committee on judiciary in place of Representative Volstead, who was defeated.

Students Appear in Play Given by Woman's Club.

Three Omaha university students took leading parts in Booth Tarkington's well-known play, "Beauty and the Jacobin," given by the Omaha Woman's club in the Burgess-Nash auditorium yesterday afternoon. They are Kenneth Baker, who took the role of Valsin, commissioner to Bologna; Merrill Russell, in the role of Louis de Laseyne, the forsworn emigrant noble; and Elton Langwin, who took the part of Desonville, assistant to Valsin.

The women in the play, which was given under the direction of Mrs. A. S. Harrington, were Mrs. Anson H. Blagow and Elsie Erickson.

Grain to Supply Germany Must Come From U. S.

Needs of Country for Next Year Valued at Double the Present Total of Paper Money.

Paris, Nov. 15.—(By A. P.)—Germany must find some way of getting 500,000,000 marks worth of grain to feed her people during the next year, the reparations commission learned in its investigation in Berlin. As this amount is about double the present total of paper money in circulation in Germany, purchase of the grain is deemed impossible except through speedy financial rehabilitation of the country or food credits from abroad. It seems to be taking for granted that both credits and the food were to have come from America.

"Brother Charley" Invited to Function

McKelvie Denies Governor-Elect Not Invited Because He Did Not Have Silk Hat.

Lincoln, Nov. 15.—(Special Telegram.)—Governor McKelvie did not have a silk hat, such as was worn by the governor and members of the state capitol commission.

The governor, in his letter, asserted that "Brother Charley" was invited and told the editor any statement to the contrary was false. As for the silk hat part of the ceremony, which aroused a sharp rebuke in certain papers, the governor said: "The fact that Nebraska is in the

interior of our country does not mean that the people here are not capable of appreciating the proper performance of a public duty."
