

Harvard Student Carries Gun to Fight Off Ku Klux

Colorado Youth at Cambridge Ordered to Leave City for Activities Against Society.

Cambridge, Mass., Nov. 21.—Hubert C. Clay of Colorado Springs is toting a pistol about the Harvard campus because of receipt of a letter signed "K. K. K." in which he was warned to leave the city.

He told the police that while the note might seem a joke to easterners, such a message in Colorado would be deemed a serious matter.

Advised by the dean to go unarmed, Clay said:

"Well, I'd a lot rather shoot somebody than have my body tarred and feathered."

Clay, a sophomore, and a descendant of Henry Clay, says he was a member of the Ku Klux Klan, but withdrew because of its policy of "striking in the dark."

U. S. Cooperation.

Washington, Nov. 21.—Replying to a request from Governor Parker of Louisiana, for federal assistance in cutting off outside support and encouragement which he asserts is being received by the Ku Klux Klan organization in that state, President Harding has given assurance that wherever federal interests were involved in the activities of the Klan there the federal authorities were ready to extend full cooperation.

At the White House conference yesterday, during which the governor's request was made, however, it was agreed, with Attorney General Daugherty and the attorney general of Louisiana, A. V. Cocco, who also attended, concurring, that the state government would be fully able to take care of the situation. Governor Parker, on leaving the conference declared in a formal statement that "re-

State Bar Refuses to Allow Omahan to Take Law Exam

Archibald R. Kelley Denied Permit Following Investigation of Charges Filed by an Omaha Attorney.

Lincoln, Nov. 21.—(Special)—The state bar commission today refused to permit Archibald R. Kelley of Omaha to take the bar examination following an inquiry into charges filed against him by Frank L. Weaver, chairman of the inquiry committee for the Omaha bar association. The charges filed, which were sustained by the commission, follow:

That Kelley was found guilty and fined in the Douglas county court six years ago for practicing law without being regularly admitted to bar.

That a Douglas county grand jury indicted him in 1917 for libeling Mrs. Bertha Lasch, an employee of the South Omaha Hospital association, by writing a letter to that organization suggesting her dismissal because she had failed to pay a bill of \$15 that he had been trying to collect from her.

That he fraudulently caused a decree to be issued by the district court of Douglas county confirming a sheriff's sale of a five-room house and lot belonging to Mrs. Catherine Lowry, without notice to her, the property being bought in by Kelley's wife for \$1. Subsequently the confirmation was set aside and all the proceedings annulled.

Bail Order of Court Suits Liquor Officer

U. S. Rohrer, federal prohibition enforcement officer, said yesterday he has no objection to Federal Judge Woodrough's order of Monday that liquor violation prisoners must be admitted to bail as soon as they are arrested, if they are able to give it.

However, he declared that even police prisoners are often held without bail.

"Men are arrested by police for investigation and held for days without any complaint against them," he said.

"Such prisoners, police say, are admitted to bail, if they can furnish it. It is held that is unconstitutional to hold anyone in jail without bail, except on capital charges.

Some of the men arrested by the federal enforcement division, have been held for days in jail when they had ample funds with which to give bail.

Beauty Culture Hints

There is real common sense in just noticing whether the hair is well kept to judge of a woman's neatness, or good taste. If you are one of the few who try to make the most of your hair, remember that it is not advisable to wash the hair with any cleanser made for all purposes, but always use soap and shampoo. You can enjoy the very best by getting some comb-out from your druggist, dissolve a teaspoonful in a cup of hot water. This makes a full cup of shampoo liquid, enough so it is easy to apply it to all the hair instead of just the top of the head. Don't scrub, scrub and scrub and don't scrub and scrub. You have had to be so busy that it is hard to get a good shampoo. Use a hairbrush and comb. It is better than a comb. Use a hairbrush and comb. It is better than a comb.

Chief of Police Dempsey says: "Light Is a Foe of Crime"

Prowlers have great fear of light. A darkened home, however, is a working paradise for them. But with a sudden light they drop their tools of the night and scurry away.

Don't give them a chance to start their work in your home. Burn a light always!

The cost is almost insignificant. To burn a 25-watt lamp for seven hours costs only a penny.

36 Hens Lay 34 Eggs a Day

Zero Weather, Too. Here's How It Is Done. Try It on Your Flock.

"Early in November, I started giving Don Sung to 36 barred rocks which had been laying only 3 or 4 eggs a day. The first month above a big gain. Yesterday, Jan. 10th, with the temperature 40 degrees above zero, I got 34 eggs from these same 36 hens. In the first 20 days of January, I got 500 eggs, or an average of about 30 a day. I wouldn't think of keeping chickens without Don Sung."

H. G. Casper, Orrville, Ohio.

Figure this: A 34 package of Don Sung lasts 30 days. Two dozen extra eggs a day, for 30 days, is worth \$1.00. At the price, figure his profit.

There's no reason why you can't do just as well. Accept our trial offer, as Mr. Casper did. Here it is: Give Don Sung to 12 hens. Then watch results for 30 days. If it doesn't show you a big increase in eggs, if it doesn't pay for itself and 25¢ you a good money back, we will promptly refund.

Don Sung (Chinese for egg laying) acts directly on the egg laying organs and is special in every way. It makes hens healthy and happy. They stretch and sing. Pullets develop earlier. The whole flock lays regularly in any season, in any weather, when eggs are scarce and high.

Can you afford to ignore the wonderful reports you are hearing from Don Sung users everywhere? Why not let us show you the same results, with your own flock? Don Sung is no trouble to use. It costs nothing to try. All we ask is chance to prove our claims, entirely at our risk. Get Don Sung from your local dealer, or send 50 cents for package by mail prepaid (large size \$1, holds three times as much). Burrell & Co., 214 Columbia Bldg., Indianapolis, Ind.
