Smaller Donations Are as Welcome as Ones from Those Who Can Afford to Give More.

"Have a family of five boys and not much to spare," writes a woman from Missouri Valley, Ia. "I send \$1. I would hate to think of my little boys having to go without warm shoes."

"Little drops of water, Little grains of sand, Make a mighty ocean And a pleasant land. So don't hesitate to send in your 'widow's mite' in proportion as you have prospered. It will be doing good quickly in the way of providing a warm pair of shoes to bring a poor little child comfortably and safely through the winter."

### Strike Declared Off

Manchester, N. H., Nov. 27.—The strike in the Amoskeag mills whose units comprise the largest textile plant in the world, was declared off last night. The action was taken following the tabulation of the votes of 22 local unions of the United Textile Workers of America. The strike was called February 19, following an announcement by the mills of a 29 per cent wage cut and a 54-hour week affecting 16,000 employees.

### Klan Planning to Extend Realm to World Proportions

Lecturer for "Invisible Empire" Tells of Proposed Campaign; Drive to Start in New York.

New York, Nov. 27.—Plans of the Ku Klux Klan to open a membership drive in New York and to extend the realm of the "invisible empire" to international proportions were revealed by the Rev. Oscar Haywood, national Klan lecturer, whom the Rev. Dr. John Roch Straton, pastor of Calvary Baptist church, is determined to oust as Calvary's evangelist.

Dr. Haywood did not attend services at Calvary yesterday. For the first time since he has been connected with the church his name did not appear upon the weekly church calendar. This week marks the 15th anniversary of Calvary Baptist church, and in his sermon yesterday Dr. Straton, in outlining the church's activities during its existence, vigorously defended his stand on important church questions during his four tempestuous years as pastor.

Dr. Haywood branded as false an assertion that Calvary church is "a nest of the K. K. K." and after the services declared that such talk "has seemingly been inspired by a little group of former church office holders."

"All the devils in hell," he shouted from the pulpit, "can't keep this church back from victory."  
While Dr. Haywood had nothing to add to his assertion that Dr. Straton could not remove him from Calvary membership and his demand for an opportunity to be heard by the church members, he had much to say about the Klan.

### Turks Consider Pact With U. S.

Great Britain Backs U. S. Stand for "Open Door" in Turkey.

Lausanne, Nov. 27.—(By A. P.)—The Russian delegation to the near east conference sent a communication to the president of the conference today demanding the admission of the Russian representatives for the discussion of all questions on the agenda so that a durable peace might be signed.

Paris, Nov. 27.—(By A. P.)—Preparation of a separate treaty between Turkey and the United States is under consideration at Lausanne, says a dispatch to the Temps. The correspondent suggests that this perhaps was the subject of yesterday's long conversation between Richard Washburn Child and Ismet Pasha.

Lausanne, Nov. 27.—(By A. P.)—Lord Curzon, British foreign secretary, today authorized an official statement to the press that England supports the American "open door" policy in Turkey and regards the San Remo agreement for division of the Mosul oil district as null and void. The Mosul oil fields are a part of Turkey proper and when the time comes to make oil concessions to foreigners in that rich district Americans will get the first chance, Dr. Riza Nur Bey, one of the Turkish plenipotentiaries at the conference here, declared to the correspondent today.

"We need American capital in Turkey and prefer to deal with Americans because they work their concessions on a strictly business basis without seeking to advance the interests of their governments by mixing in politics and following a policy of economic penetration harmful to the Turkish state," the Turkish delegate said.  
"Let Americans keep their hands off internal Turkish politics and they will be favored by us."

### Children of Strikebreakers Sent Home From Church

Chicago City, Minn., Nov. 27.—Clubbing a wounded squirrel with the stock of his shotgun in an attempt to end its life, Joseph Griffin, 29 St. Paul, was killed near here yesterday when the weapon was discharged, both loads of the double-barreled gun entering his chest.

### Hunter Killed While Trying to Club Squirrel With Gun

Brussels, Nov. 27.—(By A. P.)—Sharp reductions in first and second class passenger rates on vessels plying north Atlantic waters are to be announced soon, this step having been agreed upon at a conference of north Atlantic Steamship companies which has just ended here. The lower fares were adopted in the hopes of stimulating American touring of Europe.

### To Cut Ocean Rates

Burlington, Ia., Nov. 27.—Taking the stand in her own defense, Mrs. Katherine Shurtz, charged jointly with George Leroy Spees, self-confessed murderer of Mrs. Shurtz's husband, J. V. Shurtz, the woman today flatly denied entering into any plan or conspiracy with Spees to kill Shurtz. The testimony was largely a denial of that given previously by young Spees, the state's star witness.

### Woman Denies She Helped in Murder

Mrs. Shurtz, Charged Jointly With Spees for Murder of Husband, Takes Stand.

Mrs. Shurtz denied that she had ever been in love with or shown any affection with Spees, but admitted that at one time he had taken her in her arms and kissed her.

She did not tell her husband, she said, because Spees threatened to kill her if she told, and this, she testified, was the reason she did not show her husband the letter she ad received from Spees, threatening her husband's life. It was her fear of him made her refrain from giving the letters any when the morning following the murder they sought a clue as to the murder and a motive for it. She said that while she was in an ordinary sized bedroom when a shotgun was used to blow off the top of her husband's head, she did not hear the shot nor did she know what Spees was in the house that night.  
Rebuttal testimony is expected to occupy the greater part of Tuesday's session of the court and the case will probably be given to the jury Wednesday.

### U. S. Naval Officer Claims Discovery of Cause of Gravitation

San Francisco, Cal., Nov. 27.—A claim to discovery of the cause of gravitation—something that Sir Isaac Newton, discoverer of the law of gravitation could not find—is made by an American naval officer, Capt. T. J. J. See, government astronomer at the Mare Island navy yard, near here. Capt. See announced his discovery in a lecture before the California Academy of Sciences here.

Discovery by Capt. See of the cause of magnetism, which was also announced in the lecture, led to the finding of a definite connection between magnetism and gravity. Both, he said, are due to invisible ether waves traveling across the heavenly spaces with the speed of light.

For 40 years, Capt. See has been doing research work in magnetism and gravity. He said his theory is a distinct development on Newton's law of gravitation. Magnetism, he explained, is 1,000 times more powerful than the corresponding force of gravitation.

### Passengers to Eat Nebraska Spuds

Shipping Board Head Directs Purchase of Several Carloads for Use on Liners.

Alliance, Neb., Nov. 27.—(Special Telegram.)—Commissioner Plummer of the United States shipping board in Milwaukee today has directed the purchasing agent of the board to buy several carloads of Nebraska-grown potatoes for use on passenger liners. The commissioner took this action after being advised of the campaign being waged by the Omaha Chamber of Commerce in behalf of the Nebraska potato growers by George M. Carey, secretary of the foreign trade and commerce committee of the Omaha organization.

Secretary H. O. Werner of the Nebraska Potato Improvement association in Alliance today on his way back to Lincoln, after judging exhibits at the Pacific Northwest potato show at Spokane, says that the action of Commissioner Plummer will be of great benefit to the Nebraska growers in that the importance of the industry to Nebraska will be more widely recognized and the resultant publicity of benefit in providing greater markets for the product of this state.  
Mr. Werner is stopping in Alliance, arranging the preliminary plans for the sixth annual Nebraska potato convention and convention of the State Potato Improvement association, to be held in this city December 6, 7 and 8. The show to be held here next week will have exhibits from the potato growers' portion of Nebraska and a large attendance is expected.

### Harding Takes Up Merger.
