Plans to Put Western Team in Link Fail

Lincoln, Nov. 28 .- (Special Telegram.)-Plans to bring the Sioux City Western league franchise to Lincoln fell through, it became known here Tuesday. Failure to obtain the response necessary was the reason attributed by Morris Freshman, who has been handling the proposition on behalf of George Abel and other business men.

"It would cost \$50,000 to bring Western league team here. The syndicate was willing to stand half of this initial cost, but an organization of fans to put up the other half proved impossible. Possibly, with another year of State league baseball. Lincoln fans will be ready for the step into the faster organization," Mr. Freshman said.

At the minor convention in Buffalo last year the commissioner talked himself blue in the face about restoring the draft. Finally he saw he was up against a stone wall and now that the leagues involved have shown no change of heart he does not intend to give 'em another argument.
