

Oakland Kleagle Is Still Held by Omaha Court

Police Judge to Reopen Case Friday—California Officers Do Not Fanc Long Trip.

Attorneys for Edgar Fuller, one of the leaders of the knights of the flowing robe on the Pacific coast and alleged kleagle of the Sacramento haven of the Ku Klux Klan, argued for his freedom in central police court Wednesday.

Kleagle Fuller is under \$150 bond on a fugitive from justice warrant from California.

Judge Wappich took the case under advisement until Friday.

Requestion Not Obtained. Counsel for the kleagle argued that the police station and governor's office are but a block apart in the California city, but still no requisition papers have been obtained for Fuller.

Also, they argued, the charge on which he is wanted in California is nothing but a misdemeanor in Nebraska.

Chief of Detectives Van Deusen offered telegrams from the chief of police at Sacramento asking that Fuller be held and that officers would be sent for him at once.

Alimony Case Called. Where is the home of Mrs. Edgar Fuller?

This is what District Judge Sears must determine Friday, when a hearing for temporary alimony comes before him.

Henry Boul, counsel for Mrs. Fuller, daughter of Mrs. S. Sorenson, owner of the Helen apartments, yesterday contended that Omaha is her home, while counsel for Fuller says Oakland is their domicile and presented a sworn affidavit purporting to show that she registered to vote there.

Threatened by Klan. "Mrs. Fuller was forced to register under threats of the Oakland Klans men," said Boul.

Deal sought to obtain suitable alimony, attorney fees and money to obtain depositions from Oakland that Mrs. Fuller did not vote.

"Fuller paid his attorney \$750, lives at a swell hotel, is permitted to see his baby every day," said Boul, "but still refuses to pay her alimony."

Oppose Long Trip. Sacramento, Cal., Nov. 29.—(Special.)—Today's court docket on whether further efforts would be made by Sacramento county officers to extradite Edgar I. Fuller, former kleagle of the Sacramento Ku Klux Klan, who is charged here with perjury in connection with internal troubles of the local clan. No officer can be found who is willing to advance the funds to pay his own expenses to Omaha and return with the prisoner.

Four-Cent Slump in Turkey. Prices Reported in Omaha. Price of turkey per pound dropped several cents over night in Omaha. "Fresh-killed, choice dry-picked turkeys" were quoted as low as 40 cents on a market yesterday morning, and this same market offered to sell its very best grade of turkeys for 50 cents a pound.

The best grade of turkeys were quoted at as high as 41 cents Tuesday. The decline is slight as compared to the drop reported in Chicago. Dispatches report that turkey prices slumped there from 75 cents a week ago to 46 cents a pound Tuesday.

Prices here are perhaps a cent or two lower than last Thanksgiving, dealers said. The fairly steady market here is due partly to the large consignments of birds shipped east. It is said.

Aeries to Be Merged. The Florence aerie of Eagles will be consolidated with the Omaha aerie Friday evening at the Eagle home, Seventeenth and Cass streets, when a large class will be initiated. A smoker and refreshments will follow the ritualistic work.

Uncle Sam Says: Average Height and Weight of Children. Is your child up to the standard of height and weight? If not, there is a reason and an investigation of the reason may result in improved health.

During the world war, the Federal Children's Bureau conducted a measuring campaign in which more than 2,000,000 children were measured and weighed. From these statistics, they have compiled this table of average height and weight of children from 1 month to 6 years old.

Leaders of The Bee may obtain a copy of this leaflet free by writing to the Children's Bureau, Department of Labor, Washington, D. C., asking for "Bureau Publication No. 34, Average Heights and Weights of Children."

Peggy Marsh Now in London; Will Open Cocktail Bar

(Copyright 1922.) London, Nov. 29.—(By Wireless.)—Peggy Marsh, who sued the Marshall Field estate for the support of a son whose father she alleged was the late Henry Field, is back in London and declares she is returning to the stage. She says she may divorce her husband, Albert L. Johnson, but they have agreed to try a six months' separation first.

Peggy is planning to open a dance club in London with the latest in cocktail bars. She will send her son, Tony, to an English school. She insists on being called Peggy Johnson and her boy Anthony Field Johnson.

Last September Mr. Johnson the son of the late Albert L. Johnson of Cleveland, shot himself accidentally, it was claimed, at the Chateau Gay lake camp of Jack Clifford in New York while canoeing with his wife and a party of friends. Mrs. Johnson and her friends carried the wounded man 40 miles and lodged him in a hospital at Plattsburg, N. Y. At first it was feared he could not recover, but his splendid vitality pulled him through.

Escaped Michigan Convicts Captured Warden and Three Guards Surround Shack Where Four Slept. Marquette, Mich., Nov. 29.—(Special.)—Dave Gillinsky, Omaha high-jacker, who escaped with 14 other convicts from the state branch prison here Sunday, was captured in a shack secluded in a patch of woods near a quarry five miles from Marquette. He was with three other fugitives. Three of them lay exhausted and sleeping on a bed and the other was standing guard.

Offer No Resistance. Neither Gillinsky nor his associates resisted when Warden Corgan and three prison guards surrounded them. The warden crept up to the camp, opened a window and climbed in, revolver in hand, while his three officers, guns drawn, ran to the front door and demanded entrance.

The convicts were unarmed and were handcuffed without difficulty and taken back to the prison in an automobile. Besides Gillinsky there were William Davis and Stanco Nesunio, Wayne county lifers, and Frank Munroe, Wayne county robber.

David City Gives First of Series of Farm Banquets

Farmers From Olize and Summit Townships Guest at Thanksgiving Dinner; Picnic in Spring.

David City, Neb., Nov. 29.—(Special.)—Seventy-five farmers from Olize and Summit townships were the guests here today noon of the David City Commercial club at a rousing meeting and Thanksgiving dinner, the prime motive of which was the fostering and nurturing of friendly relations and community spirit between the town-folk and the rural residents.

The banquet was the first of a series to be given for the various townships until every farmer in the county has been a guest of the club at dinner.

Ten leading farmers of Olize and Summit townships responded to toasts at the banquet which was served promptly at 12:01. Two hundred and fifty sat down to the feast which was served by club members.

At the close of the banquet series, the club plans to hold a mammoth county picnic in the spring when the farmers and townfolk will get together for a final big rally before the summer season.

The Commercial club here is 10 years old and the banquet today was pronounced by veteran members as the best affair ever staged during its entire existence.

Loran Jordan, druggist, president of the club, was toastmaster.

Women of Thirties Most Beautiful, Say Critics

Full Bloom of Loveliness May Be Preserved Far Beyond Middle Life by Care of Health—Tanlac Has Helped Thousands Regain Lost Vitality.

Many famous men have said that no woman is really beautiful until after she is thirty. Her beauty has been flushed and refined by the fires of experience into a fulsome beauty with which even the freshness of youth cannot compare.

But thirty is a dangerous and deceptive age. A woman may grow even more beautiful and attractive than ever, or may enter into a rapid decline that robs her of the glowing skin, the clear eyes, the charming smile and the gracefully curving figure, that are so essential to the comely and attractive.

Nature has provided the danger signals, and they should be heeded with scrupulous care if one is to preserve indefinitely the full bloom of loveliness.

DANGER SIGNS. Digestive troubles are the chief danger during the celebrated system purifier and body builder, is the chief remedy. If you feel tired out all the time, or your skin is sallow and your lips pale, if your cheeks are thin and colorless, and you suffer from headaches and backaches, do not sleep well and wake up with a bad taste in your mouth; if you are nervous and out of sorts, have dizzy spells and black spots before your eyes; if you suffer from acid stomach, indigestion and are afraid to eat certain things, it is a sure sign that your digestive organs are not performing their full duty and the system is becoming clogged with impurities.

Tanlac was designed to overcome just such a condition and thousands of women throughout the United States and Canada have taken this wonderful medicine with such remarkable results that they have expressed gratitude in the public press.

Mrs. Robert O. Reynolds, 127 N. Denver St., Kansas City, Mo., says: "For ten long years I suffered from a very bad form of rheumatism, stomach trouble and nervousness. Three bottles of Tanlac built me up twenty-five pounds and I haven't a trace of my old troubles left. I believe Tanlac will help anybody."

ADVERTISMENT. DON'T FUSS WITH MUSTARD PLASTERS! Musterole Works Without the Blister—Easier, Quicker

There's no sense in mixing a mess of mustard, flour and water when you can easily relieve pain, soothe an irritation with a little clean, white Musterole.

Musterole is made of pure oil of mustard and other helpful ingredients, combined in the form of the present white ointment. It takes the place of mustard plasters, and will not blister.

Musterole usually gives prompt relief from sore throat, asthma, neuralgia, headache, congestion, pleurisy, rheumatism, lameness, pains and sores of the back or joints, sprains, new scratches, bruises, chafings, frost-bite, cuts of the chest or may prevent pneumonia, flu and the like, and other.

Potato Campaign Brings Results

Mitchell Banker Says Tubers Have Begun to Move to Markets.

"We are beginning to have a fair movement of potatoes, and if the good work continues, it will mean a great deal to all western Nebraska, as we use it means \$25,000 to \$40,000, as we have financed some 100,000 bushels."

This message from a Mitchell (Neb.) banker was received by Fred Thomas of the First National bank and referred to J. M. Gillan of the Chamber of Commerce, who is conducting the "Buy Nebraska Potatoes Now" campaign.

"After consulting with 40 leading retail grocers, I am led to believe that the campaign is stimulating the purchase of Nebraska grown potatoes, as practically everywhere, managers took an interest," said Mr. Gillan Wednesday. "A great many people who formerly were purchasing potatoes by the peck are now buying them in two-bushel sacks, some taking two, three and as high as five or 10 sacks."

"The Buy-Nebraska stores entered into the spirit of the campaign and have been getting results; the Piggly-Wiggly stores have sold more than two carloads and two downtown markets have disposed of more than three carloads of potatoes during the week."

E. T. Rector Honored. E. T. Rector, president of the Fairmont Creamery of Omaha, was elected president of the American Association of Creamery Butter Manufacturers in convention at Chicago Tuesday. Of 1,050,935,000 pounds of creamery butter produced in the United States in 1921, more than half was manufactured by members of this association, which has members in every state in the union.
