### An Important Body of Men

ONE OF Nebraska's most important organizations is in session in Omaha today. It is the 28th annual meeting of the Nebraska Association of County Commissioners, Supervisors, Highway Commissioners and County Clerks. These men have big interests committed to their care and they are big men, too. All Omaha joins in the big welcome to them.

The visitors, together with their wives, their sisters and their sweethearts, are cordially invited to make The Brandeis Store their shopping headquarters. Special arrangements have been made in order that these visitors may enjoy unusual shopping facilities. When they make a tour through The Brandeis Store, they will understand what is meant when it is said: "When you buy it at Brandeis you shop in the markets of the world."
