

Barnes Makes Plea for Better Farm Credit Facilities

Former Head of Grain Administration Predicts Higher Grain Prices—European Crops Are Short.

Chicago, Dec. 13.—Plea for better credit facilities for farmers and forecast of improvement in grain prices were the themes of Julius H. Barnes, former head of the United States grain administration, in a speech before the Illinois Chamber of Commerce here.

"The farming problem can be legitimately helped," said Mr. Barnes, "by better and longer credits properly secured and on a business basis. It will not be helped by legislative attacks upon marketing methods which have stood the test of keen and active competition, the surest method in the elimination of the unit and the survival of the fittest."

"The farming industry has suffered a relative disability, in relation to the price of farm products to the commodities which the farmer must buy. This is so clear that it is indisputable but the position of the grain raiser has vastly improved in the last two months. Moreover the outlook is one of further encouragement as to price. I venture to say that if today there could be in some magical manner re-constructed in Europe normal conditions of finances, the effect would be a startling advance in grain prices in America."

"The bread grain crop of Europe this year is fully 200,000,000 bushels short of last year's insufficient production. It is quite within the range of possibilities that the coming spring will witness in Europe the most acute position as to bread supply it has seen since the war. It is due to this situation, only 20,000,000 bushels of wheat were lifted from America's surplus and sent to Europe, it would probably result in an advance of 20 to 30 cents a bushel in the price of wheat."

Nebraskan Elected Head of A. O. U. W. of America

Oklahoma City, Okl., Dec. 13.—(Special Telegram)—The National A. O. U. W. of America today selected Grand Island, Neb., for its 1924 convention, and elected John Stevens, Beaver City, Neb., grand president for the ensuing term.

SAGE TEA KEEPS YOUR HAIR DARK

When Mixed With Sulphur It Brings Back Its Beautiful Luster at Once.

Gray hair, however handsome, denotes advancing age. We all know the advantages of a youthful appearance. Your hair is your charm. It makes or mars the face. When it fades, turns gray and looks streaked, just a few applications of Sage Tea and Sulphur enhances its appearance a hundred fold.

Don't stay gray! Look young! Either prepare the recipe at home or get from any drug store a bottle of "Wyeth's Sage and Sulphur Compound," which is merely the old time recipe improved by the addition of other ingredients. Thousands of folks recommend the ready-to-use preparation, because it darkens the hair beautifully, besides, no one can possibly tell, as it darkens so naturally and evenly. You moisten a sponge or soft brush with it drawing this through the hair, taking one small strand at a time. By morning the gray hair disappears after another application or two, its natural color is restored and it becomes thick, glossy and lustrous, and you appear years younger.

SULPHUR CLEARS ROUGH, RED SKIN

Face, Neck and Arms Easily Made Smooth, Says Specialist.

Any breaking out of the skin, even feverish eczema, can be quickly overcome by applying a little Mentho-Sulphur, declares a noted skin specialist. Because of its germ destroying properties, this sulphur preparation begins at once to soothe irritated skin and heal eruptions such as rash, pimples and ring worm.

It seldom fails to remove the torment and disfigurement and you do not have to wait for relief from embarrassment. Improvement quickly shows. Sufferers from skin trouble should obtain a small jar of Rowles Mentho-Sulphur from any good drug store and use it like cold cream.

Bee to Offer Three Concerts

Every Owner of Receiving Set Will Want to Tune In.

Radio audiences are to have three unusual musical treats in the next two weeks, broadcast from station WAAW for The Omaha Bee. Sophia Nostitz Naimska and Mrs. J. C. Albertson are to play a two piano concert for the radio Thursday evening, and on next Tuesday the Bee has arranged to broadcast the entire organ recital to be given at the First Central Congregational church by Marcel Dupre, famous French organist of the Cathedral of Notre Dame in Paris. The Thursday before Christmas Father Flanagan's boys, who have been practicing for several weeks with Miss Winifred Traynor, will sing a program of Christmas Carols over the radio.

Miss Naimska and Mrs. Albertson have played together frequently in recitals, and both are well known musicians. Miss Naimska has been associated with Brown Hall since she came to Omaha. She was born in Poland and received her musical training in Vienna where she was a pupil of Leschetizky and was later assistant to Professor Zietl of the Viennese Conservatory. She has a large class of pupils here. Mrs. Albertson, who is now head of the Brandeis phonograph department, has done professional and theatrical work in the past, and is a member of the Omaha Musician's association. She, too, has a number of pupils.

Their program will offer a pleasant variety.

Dupre comes to Omaha under the auspices of the Y. W. C. A. It is the first time that the young musician, heralded as the greatest living organist has appeared in Omaha. He is famous as a composer as well, since he won the grand prize of Rome for musical composition when but 28 years of age. In New York last winter when he made his debut there he astonished musicians by improvising an entire symphony as he sat at the organ.

Radio fans will want to remember these three dates, Thursday evening, December 14, Tuesday, December 19, and Thursday, December 21.

Lord Glenavy Is Elected Head of Free State Senate

Dublin, Dec. 13.—(By A. P.)—Lord Glenavy, formerly Sir James Campbell, was elected chairman of the free state senate. Lord Glenavy was formerly the Irish lord chancellor and in prewar days was a warm supporter of the Ulster policy.

Senator Douglas, who was elected vice chairman, moved the appointment of a committee to work for the immediate cessation of hostilities throughout the free state. Mrs. Stopford Green seconded the motion and the resolution was unanimously adopted. The committee, which was immediately appointed, includes both Senator Douglas and Mrs. Green.

Three Iron River Dams Go Out When Reservoir Breaks

Superior, Wis., Dec. 13.—Three dams in Iron river went out yesterday when Mud Lake reservoir, a mile and a half south of the town of Iron River, broke from the force of stored up water. Sweeping along, its course, the river caught the Northern Pacific and South Shore bridges and tore them from their piers, cutting off train service from the east into the twin ports. Iron River is left without electric light power.

Progressives Outline Plans at Cleveland

No Mention Is Made of Third Party—Workers' Party Delegates Refused Seats.

Cleveland, O., Dec. 13.—(By A. P.)—Refusal to seat representatives of the workers' party of America, adoption of resolutions for future political action, which did not mention the formation of a third party, a broad program of organization and the naming of a national executive committee of 21 members were the results of two sessions here yesterday of the second conference for progressive political action.

It is provided that "as soon as possible" the national committee of the conference shall call conferences of "farmers' organizations, labor unions, co-operative societies and other progressive political forces including individuals in each state for the purpose of perfecting permanent state organizations."

Planks in Platform.
The platform contains six planks as follows:
On behalf of the producers and consumers, we demand:

"The repeal of the Esch-Cummins law, and operation of the railroads for the benefit of the people. The public control of water power in the interest of the people.
"The direct election of the president and vice president by the people and extension of direct primary laws in all states.
"That congress end the practice of the courts to declare legislation unconstitutional.

"Enactment of the Norris-Sinclair consumers and producers financing corporation bill designed to increase prices farmers receive, and reduce prices consumers pay for farm products, and the creation of an independent system of food products credits.
Bonus is Favored.
"Increased tax rates on large incomes and inheritance and payment of a soldiers' bonus by restoring the tax on excess profits.
"Legislation providing minimum essential standards of employment for women; equality for women and men while improving existing political, social and industrial standards, and state action to insure maximum benefit of federal maternity and infancy acts.
"The executive committee composed of 21 members was unanimously elected.

House Approves Budget to Prosecute War Frauds

Washington, Dec. 13.—The \$500,000 appropriation for use by the attorney general in the investigation and prosecution of war fraud cases, as provided in the supply bill for the Departments of State and Justice, was approved yesterday by the house.

An amendment by Representative Black, democrat, Texas, which would have required the attorney general to account for the funds, and for \$500,000 heretofore allowed, was thrown out on a point of order, after an hour of wrangle.

Woman Advanced as Candidate for Mayor

The name of Mrs. Joseph T. Bowen, prominent Chicago club and society woman, has been advanced as a possible candidate for mayor on an independent ticket. Mrs. Bowen has appeared in many philanthropic enterprises, and it is claimed she would poll a very large vote should she be elected.

Senator Norris Plans to Serve Out His Term

Washington, Dec. 13.—(Special Telegram)—Senator Norris has no intention of resigning before the expiration of his term, it was said at his office yesterday. His health is greatly improved over last summer. The heat of Washington in the summer is too wearing upon him to go through a summer session and in the future he intends to spend the season in a cooler section, as he did last summer.

Senator Norris is one of those who is not looking forward to an extra session in the summer.

Iowa Crops Set at \$480,142,000

1922 Yield 57 Per Cent Greater Than for 1921, Estimate Shows.

Des Moines, Ia., Dec. 13.—(By A. P.)—Iowa's 1922 crops have a value of \$480,142,000 as compared to \$305,489,429 in 1921, an increase of 57 per cent. It is shown by the final joint estimate of the Iowa weather and crop service and the United States Bureau of Agricultural Economics read by Charles D. Reed, director of the state service, at the state agricultural convention here today. Four bumper crops of corn in succession is Iowa's unprecedented record.

The 1922 crop of 455,535,000 bushels raised on 10,123,000 acres with an average yield of 45 bushels to the acre, had a value on December 1 of \$245,989,000, when corn was selling for 54c a bushel, Mr. Reed said. The total corn crop of 1922 is exceeded only by that of 1920.

Mr. Reed said that the quality of this year's corn crop is good, the moisture content of that received at elevators during the last week in November being 16.8 per cent as compared with 16 per cent last year. Ninety-seven per cent matured without frost damage.

Postmasters Appointed.

Washington, Dec. 12.—(Special Telegram)—Nebraska postmasters appointed: Elba, Howard county, Hans George Lehn, vice Peter Rasmussen, resigned; Westerville, Cluster county, Mary A. Johnson, vice Alice E. Gates, resigned.

Two Omahans Injured in Burlington Wreck

St. Joseph, Mo., Dec. 13.—Two persons were injured and a number of minor bruises when Chicago, Burlington & Quincy passenger train No. 16, St. Joseph to St. Louis left the rails three miles east of Sacton, Mo., last night. Six cars and the engine left the rails. Only one car remained on the track. More than 100 passengers were in berths when the derailment occurred. The train was said to have been running about 48 miles an hour. The injured were: A. Ferrer, 5101 Davenport street, Omaha, head bruised and shoulder injured.
Lucille Dehart, 701 South Seventeenth street, Omaha, severely cut on left wrist.

Museum Gets Old Stump.

New York, Dec. 13.—The fossilized stump of one of the oldest trees in America has been presented to the department of geology of the American museum of natural history by the board of water supply of this city. The stump is 32 inches in diameter and two feet high.

Estill Is Found Guilty by Jury

Real Estate Man Sentenced to Two Years for Violating Mann Act.

William E. Estill, middle-aged real estate man of Walthill, Neb., was found guilty yesterday by a federal jury which heard the case against him on a charge of violating the Mann act. He was sentenced to two years in the federal prison at Leavenworth. Estill was charged with transporting Cecile Anderson, 14, from Walthill to Sioux City. He insisted on acting as his own lawyer at the trial. The jury went out at noon Tuesday and deliberated until 11 Tuesday night without reaching an agreement. The 12 men were then taken to a hotel to spend the night. At 8 yesterday morning they resumed deliberations and at 10 reached a verdict.

Judge Woodrugh pronounced sentence. He ordered that Estill begin serving the sentence in 10 days. Superedeas bond was fixed at \$5,000. Estill engaged John N. Baldwin to perfect his appeal to the higher court.
