

Antles Makes Appointments to State Boards

Governor and Recommendations of State Associations Are Considered Before Names Announced.

Lincoln, Dec. 15.—(Special).—Secretary H. H. Antles of the department of public welfare has made several appointments on professional examining boards. He made his selections after a conference with the governor and following recommendations made by several state associations.

The term of one member on each board expires each year. This gives a continual board of experienced men. They are all paid by fees received from examinations. The professions records of each of these professions are kept in the central office in the department and they, too, are taken care of by fees. No appropriation is made by the state of Nebraska for carrying on this work.

Most of the selections are reappointments. Dr. George M. Boehler of Omaha is reappointed on the dental board for a term of five years. His commission expires November 30, 1927.

Miss Bertha Bryant of Grand Island, who was serving temporarily in place of Miss Ida Gerding of Beatrice, has been appointed a member of the nurses examining board. Her commission expires November 30, 1925.

With this done, it voted, 291 to 29, to seat John Paul, republican constant, who was immediately sworn in to serve until March 4. Mr. Harrison was elected in November, and will return to his old seat in the new congress.

43 Are Indicted by Federal Jury in Lion Bond Case

E. R. Gurney, President of Defunct Concern, and Others Charged With Misuse of Mails.

E. R. Gurney, president of the defunct Lion Bonding & Surety company, and 42 others were indicted by a federal grand jury late yesterday for alleged conspiracy to misuse the United States mails.

Among the 43 are other officers of the company, two New York accountants and nearly thirty others.

The indictments include 17 counts. For the most part they cover the same transactions which resulted in a charge of embezzlement by a Douglas county grand jury against Gurney and others several months ago. It is charged that the assets of the Lion company were seriously depreciated in the summer of 1920, when Joseph Treggart and A. S. Baty, accountants for Joseph Treggart & Co., started an official audit. In order to make up the deficiency Gurney and other officers of the company are alleged to have committed various illegal acts involving an exchange of assets with others now indicted and whose friendship or support they had at that time.

The list of those indicted follows: E. R. Gurney, president of the Lion Bonding & Surety company; Fred Volpp, vice president; E. H. Lullart, vice president; W. O. Van Wyck, vice president; P. H. Kohl, treasurer; J. P. Leonard, secretary; H. C. Leigh, assistant secretary; Frank B. Knapp, Daniel Sanley, Henry O. Beatty, Dan P. Brown, F. B. Aldridge, J. Harvey Wheeler, Frank P. Cowley, Stanley S. Stookey, Henry W. Schetter, August A. Hayek, Charles C. Brant, Harry E. Dunlap, Vaughn G. Williams, John Tully, Fred W. Buis, Edward M. Martin, Paul Wupper, Fred Wupper, Emil E. Wolf, Caleb E. Negus, Thomas J. Kastle, John J. Thiel, John A. Hauser, John F. Bates, Mark Shullenberger, Dennis W. Kelleen, Louis E. Conrad, Louis P. Sorenson, Luke Mundy, Howard W. Crandall, Joseph Treggart, A. S. Baty, Edward P. McDonald, Fred J. Hamilton, Ernest G. Kill and Michael O'Sullivan.

A bond of \$5,000 was fixed for each defendant.

Blood-Stained Motor Car Found

Abandoned in Cincinnati—Bears Registration of Walter Phillips, L. A.

Cincinnati, O., Dec. 15.—Police authorities of this city had visions before them today of the escape from the Los Angeles jail 19 days ago of Mrs. Clara Phillips, convicted "hammer murderer," following the finding of an abandoned, mud-splattered touring automobile in which was a pool of blood, near Lincoln park, last night. There were no license tags on the car, but in the pocket of the machine was found a certificate of registration under the California regulations issued to "Walter Phillips, 1155 Wall street, Los Angeles."

There also was a motor vehicle operator's license No. 726,932, issued September 21, 1921, to Walter Phillips, 648 South Kohler street, Los Angeles. The car bore every evidence of having traveled far and hard. Under the rear seat was a trowel, hatchet and hammer, on which were drops of blood.

Los Angeles, Dec. 15.—Walter Phillips, left here several months ago with his wife planning to travel by automobile to New York, working his way at his trade en route.

He was the owner of the automobile found in Cincinnati last night, according to records here, and neighbors to the Wall street bungalow where the Phillips formerly lived.

Madison County Hog Lives 47 Days Buried Under Alfalfa Stack

Norfolk, Neb., Dec. 15.—(Special).—A Poland-China hog imprisoned under a stack of alfalfa hay on the Carl Warden farm west of Enola, Neb., lived for 47 days without food or water, and has now recovered enough health and fat to be ready for market. Farmers here believe this is a record for the endurance of the porker family.

The hog crawled under hay in the field and the farmer, stacking hay, decided on the spot where the hog lay as the location for a gigantic stack. This was constructed over the hog. The stack was recently broken and the animal was found in a deplorable condition. The hog was nearly blind, too weak to walk and so thin that the ribs nearly burst from the skin.

Norfolk Man Buys Farm in Texas, but Can't Find it

—James E. Montague, Norfolk business man, bought a farm in Presidio county, Texas, but cannot find it. The purchase was made sometime ago without Montague seeing the land. He was given a deed and abstract for 160 acres of Presidio county land. When he made an investigation, presidio county officials told him the county records contained no land as described in his deed and abstract and that the documents were probably the work of forgers who had issued bogus deeds and other papers which they traded for cash.

Parole Board Refuses Application of Council

Lincoln, Dec. 15.—(Special).—Although no announcement has been officially made by the board of pardons and paroles, the statement is made that the application of Frank Council, one of the Sunol bank robbers, has been denied. His partner, R. G. Lukens, recently drew a commutation that reduced his life sentence to 14 years, which means freedom next April. Council, who also drew a life term, said that Lukens was the real villain in the drama, and had led him into it. They were convicted of killing two members of the pursuing posse, but Council's story was that cross-fire of the posemen was responsible.

Commerce Commission Will Probe Freight Rates

Lincoln, Dec. 15.—(Special).—The state railway commission has been notified that representatives of the Interstate Commerce commission will sit at Kansas City, December 23, to hear the application of the railroads serving southern Nebraska to put into that territory class rates that will give jobbers of Kansas City, St. Joseph, Atchison and Leavenworth an advantage that distance does not entitle them to, as Nebraska jobbers claim. The objections of Grand Island and Hastings wholesalers secured a suspension of the proposed rates.

Refusing Perishable Freight Is Upheld

Lincoln, Dec. 15.—(Special).—The state railway commission has refused to hear complaints of fruit jobbers because of the enforcement by the railroads and express companies of the rule that they will refuse to receive perishables when the thermometer falls to 5 below zero. Jobbers complained Friday that because the weather bureau man had predicted so low a temperature the railroads refused shipments, although as it turned out the weather man made a bad guess.

They objected, they said, to having an embargo put on fruit every time a railroad man thinks there will be a freezing temperature.

The railroad men retorted that the fruit jobber was not concerned as to the temperature so much as the railroads are, because if the fruit is frozen en route he makes the railroads pay for it. The railroad men said a retailer was just as well off when he didn't get fruit as when his shipment froze on the way.

The commissioners said the railroads had a right to exercise a reasonable discretion.

State Losses Due to Hail Exceed Farmers' Payments

Lincoln, Dec. 15.—(Special).—L. G. Brian, head of the state hail insurance department, has filed a report showing collections of \$146,881 this year and payments of \$246,000, the difference representing what was left over from last year. Mr. Brian thinks the law could be amended in a number of particulars, such as Making maximum insurance \$15 an acre, prohibiting insurance being placed in private companies where the state insurance has been taken, that remittances should be made on premiums by September 1, and a time limit on cutting grain.
