It would without doubt make an efficiency in the doctor's death."

Though her eyes showed traces of the doctor's death."

Though her eyes showed traces of the doctor's death."

At this suggestion, Gordon Lock is my rule, when he is busy, and if met the detective with an appealing wood looked interested. Whereas he he makes no response, or merely mur-

was difficult to believe it had been used in that way. For the bills and memoranda it contained were, to all memoranda it contained were, to all appearance, just as they had been thrust on the sharp point—and surely, had they been removed and reduction again, the conceded. "I have some time, somewhere, seen a member where."

"Exactly that," he conceded. "I have some time, somewhere, seen a more showed deep attention to the detective with an appealing face.

"Do find the murderer." she cried, had preserved a stony calm, his face now showed deep attention to the detective words and he nodded his head go home."

"Better brush up your memory."

"But the detective with an appealing had preserved a stony calm, his face.

"I don't care how much that room now showed deep attention to the tective's words and he nodded his head ly, had they been removed and re- Marsh told him, and then the police do it? Did ever a man have so much to live for? He couldn't have taken often disconcerting way of his.

s life!"
"I don't say I think so," the secrewas so low as to be almost inaudible.
"I'm inclined to agree with you, tary returned, quietly, "but I do adI thought nothing of it. Since he did Anyway." Doctor Greenfield said. The local police of Corinth were his life! rather proud of themselves as a whole, after another examination. 'the hole and they had reason to be. Under a worthwhile chief the men had been well trained, and were alert, energetic and capable.

The hole and they had reason to be. Under a worthwhile chief the men had been well trained, and were alert, energetic and capable. Is not the study. But he couldn't. You Detective Morton, who took this that right, Mrs. Peyton?"

Detective Morton, who took this matter in charge, went straight to work in a most business-like way.

He examined the body of John Waring not as the medical men had done in a not as the medical men had done.

The don't know anything is not as the medical men had done in the medical men had done.

The wailed, "I don't know anything is not as the medical men had done."

When was that?" asked the de-He examined the body of John War-ng, not as the medical men had done,

about it"
"Nothing indicative, perhaps," and
Morton spoke more gently, "but at
least, tell me all you do know. When but merely to find possible clues to the manner of his death. "What's this ring on his forehead?" he asked, looking at the dead man's did you see Dr. Waring last?"

'At the supper table last evening.' "I don't know-that struck me as queer," said Greenfield. "What is it, Doctor Marsh?" "Not after supper at all?"
"No; that is, I didn't see him. training a new servant, and The examiner peered through his watched him as he took a tray of water pitcher and classes into the "I can't make that out, myself," he

study, but I didn't look in, nor did I see the doctor. There was a red cirlee on Waring's "I don't think I heard him speak. forehead, that looked as if it had been put there for some purpose.

"I don't think I heard him speak. I heard a paper rustle, and I knew he was there." he was there."
"The servant came right out
