Skin Ablaze with Eczema

Constant Itching Almost Unbearable!

We know there is one thing that stops eczema, and that is more red-blood-cells! S. S. S. builds them by the million! You can increase your red-blood cells to the point where it is practically impossible for eczema to

exist. We know that as blood-cells increase in number, blood impurities vanish! We also know that night follows day. Both are facts! But have you, eczema sufferers, ever actually taken advantage of this wonderful fact? Thousands just like you have never thought about it! Skin eruptions, eczema with all its fiery, skin-digging torture and its soul-tearing, unrelenting itching, pimples, blackheads and boils, they all pack up and go, when the tide of blood-cells begins to roll in! Blood-cells are the fighting-giants of nature! S. S. S. builds them by the million! It has been doing it since 1891! S. S. S. is one of the greatest blood-cell builders, blood-cleansers and body-builders known to us mortals! When you put these facts together—then to continue to have eczema and skin eruptions looks more like a sin than a disease. Mrs. Arthur N. Smith, Pearl St., Newark, Ohio, writes: "My little girl had a very bad case of eczema. She began taking S. S. S. and it well now. I thank you very much. I tell my friends what a good medicine it is. I cannot talk too much about it, for I know it is O. K."

Here is your opportunity. S. S. S. contains only vegetable medicinal ingredients. Because S. S. S. does build red-blood-cells, it rouses rheumatism, builds firm flesh, fills out hollow cheeks, beautifies the complexion, builds you up when you are run-down. S. S. S. is sold at all drug stores, in two sizes. The larger size bottle is the more economical.

S.S.S. makes you feel like yourself again

Moving Picture Actor Held in Death of Girl Dancer

Roger V. B. Clark Arrested in Los Angeles in Connection With Murder of Fritzie Mann—Prisoner's Car Shows Evidence of Bloodstains.

San Diego, Cal., Jan. 19.—R. V. B. Clark, held in connection with the mysterious death of Fritzie Mann, classic dancer, whose body was found on the beach near here Monday, was reported by police to have been partly identified early today as the man who had accompanied the dancer to a cottage in La Jolla Sunday night and registered as "William Johnstone and wife."

The partial identification was made by A. E. Kern, owner of the cottage through a photograph of Clark. Kern said there was a remarkable resemblance between Clark and the man he had known as "Johnstone" but said he would not be positive until he had met Clark in person.

He said "Johnstone" had a scar on one cheek which was not revealed in the photograph.

Meanwhile Chief of Police Patrick of San Diego, was arranging to bring Clark back from Los Angeles where he was taken into custody yesterday. Clark will be taken before the cottage owner today.

Dr. L. L. Jacobs, health services physician, who was taken into custody yesterday because of this known friendship for Miss Mann, was still in custody and the police are making a careful check up on his story.

To Re-enact Movements.

Los Angeles, Jan. 19.—Roger V. B. Clark, motion picture director, taken into custody here yesterday on suspicion of the murder of Fritzie Mann, dancer, was expected to arrive today in San Diego and there to re-enact his movements the night before the girl's body was found at Torrey Pines, last Monday.

Chief of Police James Patrick and two other officers of San Diego arrived here last night and talked with Clark for several hours. They were quoted as starting homeward with their prisoner as stating he had offered what appeared to be a "perfect alibi," but they were anxious to take him to a cottage of La Jolla and learn whether the proprietor could identify him as the man said to have gone there last Sunday night with Miss Mann and registered as "William Johnstone and wife."

Chief Patrick declared the resemblance between Clark's handwriting and that on the register was "remarkable."

mass of papers secured from the comptroller's office and bank examiners. Additional information is to be sought tomorrow when another bank examiner will be called to testify.

Committee action on the nomination of D. R. Crissinger, the present comptroller, to be governor of the federal reserve board, would be postponed until there has been a decision regarding Mr. McNary. There was said to be no opposition to Mr. Crissinger's nomination nor to that of Milo D. Campbell of Michigan, also named for the reserve board.

Hundred Witnesses Called in \$8,000,000 Fraud Case

Chicago, Jan. 19.—One hundred witnesses, including bankers, farmers and lawyers, have been summoned to appear before Federal Judge W. C. Lindley next Monday to testify in an alleged \$8,000,000 land fraud case against Daniel Hayes, president of the Daniel Hayes company of Idaho, and 17 co-defendants, federal authorities announced.

Hayes and the other defendants are under indictment for conspiracy to use the mails to defraud.

A Queer World

Canned Beef, 3,350 Years Old, Found in Tomb of Egyptian King Tutankhamun.

A Little Off Color.

Luxor, Egypt, Jan. 19.—(By A. P.)—What is believed to be the oldest specimen of canned beef in the world, have been discovered by excavators in the tomb of King Tutankhamun.

While it was not wholly palatable, being 3,350 years old, the meat is in an excellent state of preservation.

The meat had been embalmed and was contained in elliptical receptacles resembling huge Easter eggs, 40 of which were removed from the tomb amid the deep interest of a crowd of tourists. Still other meats found were haunches of venison, trussed ducks and joints of game. These were packed in wooden boxes, shaped according to the nature of the contents.

Noticeable among this discovery was a giant duck.

The excavators also removed today four bronze candlesticks of great beauty. One of them contained a perfectly preserved candle.

All Over Eggs.

Oyster Bay, N. Y., Jan. 19.—Robert Stuart, chauffeur for Commodore William L. Swan of the Sewanhaka club, was dead and Isak Namba, Japanese butler, was in jail charged with murder following a quarrel started when the butler failed to serve the chauffeur eggs for breakfast. Stuart was stabbed.

Not So Sharp.

Newport News, Va., Jan. 19.—A maid found the pocketbook of Sir Basil Thompson, British detective, once chief of Scotland Yard, under the pillow of his bed after he had reported an unsuccessful search had convinced him it was stolen.

Tom Kane, 108, Dies.

West Point, Neb., Jan. 19.—(Special)—Tom Kane, 108, one of the oldest, if not the oldest citizen of Nebraska, died at the Home for the Aged here. He formerly lived at O'Neill, but for the last few years has made his home at the St. Joseph home.

braska, died at the Home for the Aged here. He formerly lived at O'Neill, but for the last few years has made his home at the St. Joseph home.

Leaders Plan New Drive to Pass Shipping Bill

Washington, Jan. 19.—Administration leaders in the senate are planning to redouble their efforts to secure passage of the administration shipping bill, now sidetracked for farm credits legislation.

Chairman Jones of the commerce committee in charge of the bill, conferred today with Chairman Lasker of the shipping board and it was indicated that as soon as the credit program is out of the way, strong pressure will be brought to bear to complete consideration of the shipping measure before congress quits on March 4.

Those opposed to the bill, however, reiterated their predictions that it never would be brought to a vote.

Father and Son Fined.

Hastings, Neb., Jan. 19.—(Special)—Adolph Potratz, farmer near Kene-

saw, was found guilty by a jury in district court of illegal possession of a still and liquor. His father, August Potratz, was found guilty of illegal possession and sale of intoxicating liquor last year and fined \$500.

Nearly 300 Students Enroll in Fremont Night Classes

Fremont, Neb., Jan. 19.—(Special)—Nearly 300 Fremont adults have enrolled in a part-time night school started in this city under the auspices of the Parent-Teachers' association and Supt. A. H. Waterhouse. R. B. Curry, former superintendent of Ashland schools, has charge of the Fremont night classes. Nearly 20 different subjects are taught. Vocational work makes up the biggest part of the curriculum. The school was made possible by co-operation of state and federal vocational officials, who started the movement in Fremont.

In the development of airplanes Germany leads in low powered airplanes, which are capable of carrying more passengers than British planes of greater horsepower.

CASHIER HAPPY OVER INCREASE

Mrs. Hanlon Declares Tanlac Completely Overcame Stomach Trouble and She Gained 15 Pounds.

"When my friends congratulate me now on my healthy cheerful appearance and ask the reason for the change I then drive home a genuine boost for Tanlac," declared Mrs. Mary C. Hanlon, 2500 Indiana Ave., Chicago, Ill., valued cashier for the Automat Restaurant, 116 N. Dearborn St.

"Before I took Tanlac I would tire out very easily and it didn't take much confusion for my nerves to go all to pieces. We have the most wholesome and well cooked food, but my appetite was so poor I scarcely cared for a thing. I suffered terribly from heartburn and sour stomach, was unable to get good night's sleep and was in a terribly nervous and run-down condition.

"The way Tanlac rid me of all my troubles was the biggest surprise of my life. I have gained fifteen pounds, and am never happier than when I am working full speed, and nothing ever ruffles my nerves any more. My appetite is wonderful, I can eat just anything, and my stomach never bothers me. I consider Tanlac a wonderful medicine."

Tanlac is for sale by all good druggists. Over 35-million bottles sold—Advertisement.
