

### Mrs. Fred Metz Named to Head, Relief Society

Organization Plans to Increase Capacity of Present Building to Accommodate 25 Persons.

Members and directors of the Society for the Relief of the Disabled held their annual meeting at the Brandeis restaurant Friday noon. Mrs. Fred Metz was elected president. Mrs. A. L. Reed, first vice president; Mrs. Barton Millard, second vice president; Mrs. A. F. Smith, third vice president; Mrs. Robert Koeke, treasurer; and Mrs. John Redick, secretary.

Mrs. Frank Judson, retiring president, was named honorary president. The convalescing home for the disabled is located at 2524 North Sixty-sixth, having been donated to the society by Miss Clara Eldred and Mrs. Munroe, in memory of the late Mrs. Hattie B. Munroe.

Plans of the society are now to enlarge this building sufficiently to care for 25. Present accommodations take care of 12.

The Kiwanis club has agreed to take care of five beds. Regular kindergarten is being conducted by Mrs. W. R. Wallin and her volunteers. Doctor Schrock donates his services to the home.

### Continuance in U. P. Stolen Securities Case Is Granted

John W. Worthington, "bond dealer" of Chicago, charged with receiving securities stolen from the Union Pacific in Omaha March 10, 1922, was given a continuance of his case to January 30 to prove purchase of the securities.

### Sails on World Cruise.

H. W. George, 1321 South Twenty-ninth street, Omaha's "octogenarian globe trotter," sailed from San Francisco Thursday on the "Resolute" on a 30,000 mile cruise around the world. Mr. George's trip will cover a period of about four months.

### County Stores Ice.

Douglas county commissioners have gone into the ice cutting business for themselves. Commissioner Catts announced Friday that he had put up 350 tons at the county hospital for summer consumption.

### Society Finds "Johnnie" Good Home in Nebraska

Here is "Johnnie," once a ward of the Nebraska Children's Home society. The upper picture shows him as he is now, a happy youngster of 6 years. The lower picture shows him after he was given a bath and clean garments when taken into the society's receiving home five years ago.

Five years ago "Johnnie" was homeless—an unfortunate. He was taken into the home of the Nebraska Children's Home society and soon afterwards he was adopted by a good family in the western part of the state.

"Here is a picture of 'Johnnie' now," wrote the adopted mother to the campaign headquarters. "Let the people of this state see how he looks now and how he looked when taken into the home. I wouldn't take a million dollars for him."

"Worth a Million." "Johnnie," once a homeless, unfortunate child, now "worth a million" to a childless mother! Isn't the society worth while—taking care of parentless children and childless parents?

### Reynolds Talks on Legion's Work at Continental Club

Declares Organization Is Built on Ideals Which Inspired Founders of the Republic.

Sam Reynolds, past commander of the Douglas county post of the American Legion, told members of the Continental club yesterday noon at lunch in Hotel Fontenelle that the legion is built upon the ideals which inspired the founders of this republic.

"We have very definite ideas of what constitutes Americanism," said Mr. Reynolds. "We do not like to be referred to as ex-service men; we are service-men and we are still performing a service. We have a program and during the four years of our existence we have accomplished things. There are now 1,000,000 members in the legion, with 3,000 in Douglas county. Potentially it is the

strongest organization in this country."

Mr. Reynolds referred to the work being done by the legion to promote hospitalization for thousands of service men, disabled physically or mentally.

"The Douglas county post sent me to 3,000 jobs last year," he added. "We dispensed \$12,000, not as charity, but to help members who were in need, a sort of winking up proposition. Some of the men who received Christmas baskets from us a year ago last month were out last Christmas season taking baskets to others."

"Last year we helped with medical and legal assistance, paid rent, sent coal, buried babies and otherwise helped. And we did not solicit one cent from the public. We gave entertainments that had an amusement value. We do not intend to ask the public for money."

"As one of the many little instances of the work we are doing through the local legion headquarters, I will cite a case that was concluded during last week. About six months ago, our adjutant, Harry Hough, observed a man at the labor department and asked if it was true that he was an I. W. W.

"The man said it was true and became rather hard about it. Hough

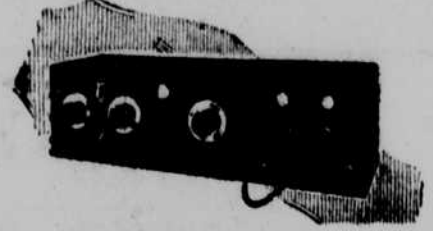

said he would get the man work just the same, but wanted to know whether he carried a red card. The man explained that when he went into the service he was promised his job back when he came home. He returned home from war without money and found his job not there for him. He became fertile soil for the I. W. W., who signed him up and he took a card. Through our labor department he was given steady work and his appearance changed. Last week he paid for a legion membership and tore his I. W. W. red card to pieces and renounced that organization."

The aggregate tonnage passing through the Panama canal during the last fiscal year amounted to 19,884,910.

### Don't Let That Cold Turn Into "Flu"

Rub on Good Old Musterole

That cold may turn into "Flu," Grippe or, even worse, Pneumonia, unless you take care of it at once. Rub good old Musterole on the congested parts and see how quickly it brings relief.

Colds are merely congestion. Musterole, made from pure oil of mustard, camphor, menthol and other simple ingredients, is a counter-irritant which stimulates circulation and helps break up the cold.

As effective as the messy old mustard plaster, it does the work with out the blister.

Just rub it on with your finger-tips. You will feel a warm tingle as it enters the pores, then a cooling sensation that brings welcome relief.

25c and 50c, in jars and tubes. Better than a mustard plaster.

**MUSTEROLE**  
WILL NOT BLISTER

## A Tale Worth Telling

If your product or service fills a need of your fellowmen, then there is a tale worth telling about your business. Be it romantic or commonplace, idealistic or realistic, still, if men need your service, there is a tale worth telling and men will heed.

To find that tale and tell it so thousands of people intent upon their own affairs will yet stop to read of yours, and, reading, want your product and your service, is the office of the Bee Service Department.

Our "research" finds it; our "advertising" tells it; and our "sales planning" puts it to work building a good will and foundation for the business of "your dreams" . . . all this is within arm's length of you now—just phone AT lantic 1000 and ask for Mr. Austin.
