# **Brookhart Would** Squeeze "Water" From Railroads

Iowa Senator Preparing Bill Mrs. Dorothy Davenport Reid, after to Revise Transportation Act of 1920-Favors Reduction in Valuation.

Washington, Jan. 29.-Preparation a bill revising the transportation et of 1920 for introduction during the present session of congress has been begun by Senator Brookhart, republican, Iowa, who was elected on an anti-railroad platform last November. Reduction of the net valuation of the railroads to approximately \$12,000,000,000, as compared with the valuation of \$18,900,000,000 tentatively fixed by the Interstate Commerce commission, is probably the principal object of the Brookhart bill. It would also abolish the United States railroad labor board, give the state railway and utilities commission absolute control of intrastate commerce without interference from the Interstate Commerce commission, and wipe out the section of the transpor tation act directing the Interstate Commerce commission to prescribe rates that will yield a fair return on the value of the property devoted to transportation. The "fair return" is now designated by the commission as 34 per cent, but the railroads have never earned but slightly in excess of 4 per cent in any year since the act was passed in 1920, and that was last

valuation of railroad property by squeezing the "water" out of railroad capitalization

The Brookhart bill probably will have the support of the La Follette progressive bloc in congress

Ad-Sell Speaker Says Acquaintanceship Is Asset, Loneliness Is Liability.

F. D. Van Amburgh of New York city, editor of the Silent Partner, who spoke at the Advertising-Selling din-Senator Brookhart would reduce the rived in Omaha yesterday morning.

> Asked for an opinion on the thought advanced by Sinclair Lewis that noonday luncheon clubs and chambers of imerce are somewhat futile, Mr. Van Amburgh said:

"Acquaintanceship is an asset; loneliness is a liability. A man is measured by the men he associates with. By associating with good men a man makes good acquaintanceships, which ships create confidence, and confidence brings about business. It is self-interest, not selfish interest, that causes each man to look for more business.

"I am a firm believer in working hard and playing just as hard. Also, I am a firm believer in meeting every man I can who is not in my own line of business, for from these men we learn so many things that our own business will not teach us. # Be Sure of Children's Health

ARE your children healthy? Are they strong and vigorous? Or, are they frail and delicate—pale, under-developed? These latter signs are indications of malnutrition - a condition that exists in one out of every three children in the schools of our nation.

Such children are starving for want of elements necessary for health—elements found in greater proportion in good bread in BETSY ROSS Bread-than in any other single food. Truly, good bread is a wonderful food, yet few eat enough of it.

But, there are many grades of bread, and to best serve your family's health you should select a bread containing the health giving properties in the right proportions. You will find them in BETSY ROSS—a loaf of unsurpassable quality. Select your bread wisely for "There's a difference in bread." Don't say "bread," say BETSY ROSS.
