

Central High Wins

Floor Work of Purple Features Local Victory

Captain Reynolds and Marrow Play Best for Winners, While Kinder and Chambers Star.

The Central High basketball quintet defeated the Fremont cagers in a fast and hard-fought hoop contest at Creighton gymnasium yesterday afternoon by the score of 22 to 14. The floor work on the part of the locals featured while the visitors could not locate the irons and shot erratically.

Fremont was given three chances from the free toe line at the start and Chambers failed to sink any of his attempts. Captain Reynolds of the Purple made the first counter as the result of an invaders roughness, and Marrow followed soon after with the first field goal. Both Hilltoppers repeated and Central had a 7-point lead on the outsiders from the beginning. The tossers from Coach Dow's camp overcame the lead and the first period ended with the locals leading, 8 to 5.

The Central teamwork and short passing game was clearly in evidence, the Purple taking the leather down the court many times only to fail at the hoops. During the second half the Purple managed to work their signals twice and scored from the tip off. Chambers dropped back by his goal and caught the local guards off watch when he sunk the sphere twice with the other nine floor men far away, making the first field goals for the losers.

Marrow, with five field goals registered in the score column, most for the winners, with Captain Reynolds close behind with nine counters. Kinder and Chambers were the outstanding tossers from Fremont, the latter being responsible for seven of his mates' tallies.

Following is the lineup and summary:

Basket Ball Facts You Should Know

Q. May the official make a decision on play without blowing the whistle?

A. No. Both coaches insist that officials have whistles and that they blow them whenever it is necessary to make a decision.

Q. When is the timekeeper allowed to stop his watch?

A. It is suggested that the timekeepers use one watch, placed on a table before them or otherwise placed so both may see it. The watch must be stopped during the game only on order of the referee. At the expiration of each half it is stopped by the timekeepers.

Q. If score is tied at end of game can the referee award the game to the team scoring the first point in the period when this point is scored in less than a minute?

A. No. In both amateur and professional basket ball a full five minutes extra period must be played.

Q. How high may the ball be bounced when dribbling?

A. There is no limit.

Q. How did basket ball get its name?

A. The fact that the ordinary peach baskets (fruit containers) were used as goals when the game was first introduced resulted in the game being called basket ball.

Q. How to Play Basket Ball.

Offense.—What is known as "killing" or "freezing" the ball in the last few minutes of play by a team holding a slight lead has come into vogue in the past few seasons. This practice is unpopular with spectators, they cannot understand why it is permitted. Some even question the sportsmanship of such tactics. The play itself is started by passing the ball to the back court and every man on the team starts moving from side to side. The passes are all short, and the receiver must remember to cut toward the ball, otherwise the possibility of an intercepted pass becomes great. The pass is only to be made to a free man, one player at a time makes a fake start toward his basket. His opponent will naturally follow him three or four times, reverse rapidly and comes back to receive a pass. This is kept up until time to up.

Old-Time Chicago Racing Season May Bloom in May

Chicago, Jan. 30.—An old-time Chicago racing season is in the making and may blossom out in all its glory as early as next May. Only a war among promoters can block the right of way, and there are indications that this will be averted.

First steps have been taken in the organization of a parent racing body, including in its membership the more prominent sportsmen in Chicago and downstate Illinois. Its object will be to take the state racing situation into its own hands, work for the passage of a bill legalizing pari-mutuel wagering, and to see that the sport is conducted on the highest possible plane.

Along with announcement of these organization plans come word that McGraw of the Giants, led local baseball followers to believe that the majors' optional player scheme would receive more consideration.

The ease with which President Al Teaney aligned Western league club owners against the major league draft plan came as a big surprise to Omaha baseball followers, who had expected a stormy session at the Kansas City meeting yesterday.

The fact that Detroit owns a block of Omaha stock and the St. Louis American club the controlling interest in the Tulsa Oilers, and also that McGraw of the Giants, led local baseball followers to believe that the majors' optional player scheme would receive more consideration.

Instead of the transfer, the Western league will operate the club in Sioux City, probably under the business management of Tom Fairweather, former Des Moines president. The Western will pay "Chick" Mattick and Harry Ellis, owners of the franchise, a sum approximating \$12,500.

The season in the Western will open April 18 in Oklahoma City, Tulsa, St. Joseph and Sioux City, and the schedule was left in the hands of a committee, which will submit the drafts to President Teaney, who will submit them to the owners for a mail vote.

Fowner, Jr., Jack Neville and Edward Held.

Sees No Reason to Open Benton Case

New York, Jan. 30.—President John A. Heysler of the National league said today that his organization sees no reason for reopening the dispute between Charley Herzog and "Rube" Benton, as demanded by Herzog in a Philadelphia interview the other day. Herzog told newspaper men that he will insist that his name be cleared, but President Heysler answered this by saying that the former Giant infielder has already been cleared of fealty.

Herb Pennock Exchanged for Three Players

Murray, McMillan and Skinner Go to Boston Americans for Lone Hurler.

New York, Jan. 30.—The New York Yanks today announced a complete roster of a deal with the Boston Red Sox by which the American league champions acquired Herb Pennock, veteran southpaw pitcher, in exchange for three young players, George Murray, pitcher; Norman McMillan, infielder; and Camp Skinner, outfielder. No cash was involved in the deal.

Pennock, one of the most reliable pitchers in the American league last year, was sought by the Yankees when negotiations fell through for Jackie May, crack southpaw of the Vernon, (Cal.) club of the Pacific Coast league.

Last season, with the last-place Boston club, Pennock won 19 and lost 17 games. He began his major league career with the Philadelphia Athletics in 1912, going to Boston in 1915. He was the last survivor of the Red Sox team of the world's champions of 1918.

As a result of their latest deal with the Red Sox, five of the six regular pitchers on the Yankee roster are former Boston stars. Besides Pennock, they are, Waite Hoyt, Joe Bush, Carl Mays and Sam Jones. Four other regulars are also ex-Huguenots—"Babe" Ruth, Whitey Schang, Joe Dugan and Everett Scott.

The trio of youngsters traded for Pennock is regarded as unusually promising.
