Brief on Cancer Wins Fame for **New York Doctor**

Brother of Omaha Man Advocates Prevention and Medical Cure Rather Than Surgeon's Knife.

An interesting contribution to the medical fraternity's crusade against cancer has been made by the brother of an Omaha man, H. D. Walker, 2787 Capital avenue,

His brother, Dr. Charles H. Walker, who is now in New York, holds a brief for the method of medical dietetic and hygiere treatment, instead of resorting to the surgeon's knife. His proparal is attracting the attention of medical men throughout the country.

"Undoubtedly there are many cases that are benefited by the early application of surgery when skillfully performed," declared Dr. Walker. "Radium treatment, promptly applied, without doubt, helps and cures cancer, but the great trouble with radium as it is now applied, is that it in many cases it does not get at the sent of the trouble

Early Diagnosis Important.

"The great thing is an early and accurate diagnosis. Susceptibility to cancer. There is Iways a deficient tain physical conditions that are as the signpost along the road to the cancer. There is always a defincient functional activity of the kidneys lowed none of these professions. shown and acute acidosis. Accompanying this is a lessened functioning of the liver indicated by the reduction of the bile paits, which are The blood is always deficient in oxygen and iron. A marked lowering of the hemaglobin index is observable.

"These and other things constitute the precancerous conditions which can be discovered by the average medical man long before the patient has progressed to the stage of the inoperable cancer. By reading the signs, a medical man should be able to prevent cancer and this is certainly far better than submitting to the knife

No Danger to Normal Body.

Dr. Walker asserted that cancer never developed in a normal physiclogical condition. "Therefore," warned, "observe your condition and when run down or fatigued seek at once to re-establish your normal physiological chemistry and you will have little to fear from cancer. If cancer has really begun bodily restoration will either cause it to retro grade, to disappear, or to remain quiescent.

tion of the diet and hygiene and such medication as will bring about the normal functioning and activities of the various secretory glands. In addition to the use of various tonics and digestives I have been getting the most satisfactory results through a preparation of selenium which owes property is bought for investment or its therapeutic action to being a cata- productive purposes, may be exlyzer and its marked affinity for oxy- changed for other property without gen and iron and thereby probably payment of extra income tax on the forming a silene-exchemaglobin rather property exchanged and that for than oxy-hemaglobin in the blood. In some of the cases I have treated by this method the results and benefits have been truly remarkable both as to the relief of pain and as a preventive of a recurrence and the amelioration of the severe symptoms in inoper- and bonds to take out their paper

Greater New York to Observe

New York, Jan. 30.-Celebration in June of the 25th anniversary of Greater New York, established by the in which all city departments will Grand Central palace. An educational exhibit will show

the city's progress during the quarter century. The fete will open with a parade of 100,000 city employes.

Oil Price Advanced. Billings, Mont., Jan. 30 .- The price

of crude cil in the Cat creek field of Montana has been advanced 10 cents a barrel, bringing the price from \$1.70 would, if necessary, resort to night to \$1.80, it was announced from the sessions. offices of the Mid-Northern Oil company yesterday.

Daughter of "Lightnin" Creator Tells of Play

Father Got Idea from Antics of Old Uncle, Says Bessie Bacon.

If the walls of the old Burwood theater (now Gayety) were given the power of speech, they could tell of the early efforts of many actors who

The Burwood Stock company would not be slighted, for among its cast were Harold Lloyd, then doing juvenile roles: Charles Withers, who now heads big time vaudeville bills, and Lloyd Bacon and Lloyd Ingraham, now noted movies directors.

Most interesting of all, perhaps would be the intimate story these walls could tell about Frank Bacon who for two seasons headed the com pany, and who died recently, the author and leading man of one of America's most famous and successful plays, "Lightnin'."

Back to Omaha.

Perchance these walls also would speak of the gay young girl who did for stage productions herself, and does not penetrate deep enough and not take part in the stock company who confesses to ambitions to do plays, but who often tripped into the greater things, is Mrs. Mathew Al-Burwood during those two seasons. len. This girl, Bessie Bacon, daughter of at home in Omaha and Nebraska. Frank Bacon, has come back to Omaha and is doing an important role in grade school in Lincoln, Mr. Allen her father's play.

"Lightnin' ", said Bessle Bacon, "is based on the antics of an old uncle, tal. Morris McGrew. He was a tramp of the Oliver theater, and gave Al physician who has made a study of printer, studied medicine as a young len a job doing odd bits of work Drug Company Officials man, later took up law, and then fol-

toy into his home. "Uncle Morris traveled around visiting his relatives and spinning yarns He's dead now, but in Lightnin' Bill Joes I think he lives again. Before changed from sulphates and phos he had written 'Lightnin,' father phates to sulphites and phosphites. used to say to mother, 'Morris would make a great stage character.' He kept turning that thought over in his mind and finally began to write a little about Uncle Morris.

Five Years' Work.

"Eventually father began reading University of Nebraska football team his play to producers. Some of them does most to keep me in touch with told him they didn't like it and he the old home state. I saw the team rewrote parts of it. Among those beat Rutgers 28 to 0 in New York a who turned it down was Georgie year or so ago and I always bet on Cohan. I think father worked on it it, generally winning my bets, for at least five years. Then suc- was treasurer of Capital Beach in cess-due largely, I believe, to the Lincoln in 1911 and 1912, and have fact that everyone who sees 'Light- many acquaintances there. nin' can point out some relative or acquaintance who is like Bill Jones." ing for us." chimed in Bessie Bacon Behind the scenes, Bessie Bacon, or Mrs. Allen, whichever you prefer. who has done considerable writing "By the way, it may interest you to

House Committee Adopts

Income Tax Law Amendment Washington, Jan. 30 .- (Special.)-The house ways and means committee adopted an amendment to the income tax provision governing the exchange of property which is regarded as only half way meeting the desires of the Treasury department. As amended, the law stands as it was except that "stocks, bonds and securities" are especially excepted from the provisions of the law which say these, when

As the law was originally written, it held that property held for produc tive investment purposes might be exhanged. The Treasury department held this enabled speculators in stocks profits and exchange them for other securities, thereby escaping a proper tax payment.

\$60 for Ounce of Dope Is Charge

Four Chauffeurs on Trial in Federal Court Under Narcotics Law.

A dram of morphine or cocaine was sold for \$15 to \$20 in Omaha to customers who went to the Scdan Taxi company, Sixteenth and Davenport streets, according to evidence given in federal court vesterday at the trial of four chauffeurs for the concern, charged with conspiracy to violate the narcotics law.

An ounce of the drugs was sold for \$60, according to testimony. An ounce contains eight drams. Half a dozen witnesses testified for the government. They said the four men on trial never dealt in less than dram lots. The defandants are Bart Williams, nown as "Red the Rough;" Earl Noyes, known as "Blackie;" George Dodd, known as "Dotty," and George Volker, known as "Dutch."

George Parsons, government agent, testified that he went to the Sedan Taxi company headquarters on Sep tember 16 and asked for dope. He said he talked with Williams, Noyes and Dodd and paid \$20, that he was then taken to Thirtieth and Cuming Like his wife, Mr. Allen feels streets and told to wait there and that, a short time later, Volker drove When but a small boy attending past in a taxicab at 30 or 40 miles an hour and tossed out the small box of morphine for which Parsons had paid the \$20.
