America Points With Pride to Impressive Homes of Colonial Architecture . . . Built of Hy-Tex Brick

M AKE St. Valentine's day, 1923, one long to be remembered THE Hydraulic Press Brick company, 1315 Farnam, main floor, W. O. W. building, Fourteenth and Farnam, have just cause to feel that theirs is an ideal exhibition in interests of an improved artistry in architecture—a decision you will second after viewing of the extensive display of Hy-Tex by placing the supreme token L brick as it appears combined with different shaded mortars. Representative of America's best ideals of home making is the colonial style of archi-Lincoln's birthday, Monday, Febru- of love upon your sweetheart's fin- tecture as pictured. During the last decade or two this simpler style has been freely adopted—and adapted to our needs. The great variety of face brick now manufactured naturally appeals to the architect as offering an opportunity in the wall surface for the exercise of his finest artistic efforts. In his The Lightening Athletic club basket Mission by an open house from 2 until John Henrickson Jewel Shop, Six- skillful hands, the selection of the bond, the treatment of the mortar joint, and the color tone and the texture of the brick are so many varied and variable elements with which he can weave a fabric of great beauty. The distinction of brickwork is that, by reasons of its numerous units, it is a plastic the city who are interested in the are the February diamond ring spe- material yielding to every touch of the architect. The result, like every work of art, has a distinct life, character and individuality of its own, such as no other material, except marble or stone in vast structures can give. And here it offers not merely the highest artistic merit, but pre-emenintly stands for comfort, safety and economy. Once built, a brick house requires no expenditure for the maintenance of its wall surface; it defies the corrosion of the elements; as a product of fire, it scorns conflagration, and offers comfort in all seasons of the year. You will enjoy the many homes pictured in architec-
