

Man Sought in Mysery Death Case Known Here

Floyd Felts, Who Drove Four Days With Body, Has Police Record in Omaha.

Floyd Felts, who is sought by Oklahoma City police in connection with the death of Riviere Horner, 24, with whose body he drove in a motor car for four days, has a police record in Omaha, it was revealed Saturday. He first broke into police annals in Kansas City in 1919, when he was held for investigation in connection with a bank holdup. On May 1 of the same year he was arrested at St. Joseph, Mo., and was brought to Omaha by A. C. Anderson, present head of the Bertillon department, then a detective, and J. Wayrin on a charge of auto stealing. He was bound over to district court here and later paroled to Anderson. In February, 1922, he was under arrest in St. Joseph, where he admitted being a booze runner. According to Anderson, he has carried booze at different times for an Omaha ring. At one time he was under investigation here in connection with the theft of a car from Tom Denison, but was released. He is 27 years old.

Oklahoma City, Okla., Feb. 3.—An automobile bearing Missouri 1922 license tag No. 241,261, which local police were advised passed northward through Mulhall, Okla., early Thursday, Tulsa furnished the first clue in the search for Floyd Felts, wanted in connection with the mysterious death of Riviere Horner, whose body was dumped out of an automobile in front of his parents' home here Thursday. A garage keeper at Mulhall was quoted as saying that a man who stopped there for oil and gas answered the general description of Felts.

Medical Licenses Imperiled by Quirk in State Code Law
Lincoln, Neb., Feb. 3.—Neb. physicians and surgeons, licensed within the last three and one-half years, are watching court records with considerable anxiety. Every license issued since the passage of the code bill in 1919, it has been discovered, may be declared illegal should the issue be carried to court. This discovery was made by the new governor, Charles W. Bryan, in examining the 1919 code bill with a view to repeal of several of its provisions. Governor Bryan found that the code law nullified the act creating the state medical advisory board and that the body which issues medical licenses has been serving for nearly four years without legal authority. When the board is again legalized by an act to be presented at the present session of the state legislature it is planned to issue a blanket order setting young physicians and surgeons at their ease. Meanwhile the new M. D.'s will keep a weather eye on opponents of their profession—and the court dockets.

Canning Factory Planned by Central City Residents

Central City, Neb., Feb. 3.—(Special.)—A movement is being launched for the sale of \$12,000 worth of stock for a Central City canning factory. The site has been donated. The factory would cover a ground space 35x 65 feet and would be complete within 90 days following the awarding of the contract. It is the plan to make tomatoes the basic product, but to be so equipped as to be able to can miscellaneous vegetables so as to prolong the canning season for six months of the year. Practically one-fourth of the stock has already been subscribed.

Farmers at Central City Purchase Motor Fire Truck

Central City, Neb., Feb. 3.—(Special.)—Interested parties in this city and the community adjacent have subscribed funds for the purchase of a motor fire truck to be used in rural districts only. The city will maintain this truck and so far as is known this is the only town in the state to afford a truck and equipment for country use solely.

Business Women to Organize at Central City Monday

Central City, Neb., Feb. 3.—(Special.)—Plans are being formulated for the organization of a Business Women's club in Central City. A representative number of business and professional women arranged for a banquet Monday, at which time speakers will outline the work of similar clubs in other localities. Organization will be perfected at this time.

Rockford Children Are Victims of Scarlet Fever

Beatrice, Neb., Feb. 2.—(Special.)—Eugene and Ethel, two children of Mr. and Mrs. L. O. Ruyke of Rockford, succumbed to an attack of scarlet fever, dying about 24 hours apart. The Ruyke home has been quarantined and everything is being done to stamp out the scourge.

Well-Dressed Man Found Loitering Killed by Cop

Los Angeles, Feb. 3.—A man believed to be Charles Murray, Toledo, O., was shot and killed here last night by Patrolman Walker Hanfield, who said the man fired at him while being searched when the officer found him loitering. The man was well dressed and wore some jewelry.

Excursion Season Extended

Chicago, Feb. 3.—This summer excursion season to the Pacific coast will be extended to September 30, the Transcontinental Passenger association announced today. It was originally intended to grant reduced fares from May 15 to September 15.

Industrial Secretary of 'Y' Here for Meeting

Work With Industrial Girls and Summer Conference Discussed by Delegates.

Miss Ruth Perkins, industrial secretary in the division of conference and conventions of the national board of the Y. W. C. A., New York City, is in Omaha holding a two-day conference with delegates from Des Moines, Cedar Rapids, Sioux City, La. Kansas City, Mo., and Lincoln. A conference for secretaries and members of committees will follow immediately the conference for industrial girls. "The industrial groups have summer conferences in various parts of the United States, which both the industrial girls and secretaries attend," said Miss Perkins. "Heretofore a midwinter conference preceded the summer conferences, but we plan to change this, because there has been a general change in the organization of the whole association. Hitherto Minnesota, Iowa, North and South Dakota and Nebraska comprised the central division. They now have become a part of what is known as the central region, which includes the old central field and Ohio. "In order to plan the industrial work, the different states send girl delegates to a Chicago convention the middle of January. There are nine sectional conferences in this region, of which Omaha is one. Miss Emma Nelson, delegate from Omaha, will make her report at the conference here. Two subjects under discussion are the way of working with industrial girls and outlining plans for summer conference which will be held at Lake Okoboji."

Miss Ruth Perkins

Bauer Recital Shows Classics

Pianist Gives Recital to Delight Large Assemblage of Fremont Musical People.

Harold Bauer, noted pianist, presented a recital in Fremont Friday evening under the auspices of Midland college. The large auditorium of Clemons hall was well filled with an enthusiastic audience, which included musicians from Lincoln, Sevier and Omaha. Several auto parties which had been planned were abandoned owing to the inclement weather. Mr. Bauer played a very conservative classical program, an orthodox sort of program, entirely made up of classical numbers. In fact, it was the typical great artist program, with no new number on it. But it included many fine classics, which are the backbone of musical literature, numbers that are played and studied and which should be known by the musical public and known well. Mr. Bauer played after the customary Bauer style, with the fascinating tracery of runs, the sonorous ring of chords and the underlying authority of musical taste that one expects from an artist of his rank. Mr. Bauer has much to say in a musical way, and has the ability to transmit the beauty he finds in the different numbers to his hearers. The program opened with "Partita in B flat" by Bach, transcribed from the harpsichord by Mr. Bauer. The quaint old style of the original is kept, and there was a clarity and beauty of tone in the interpretation which gave each dance a new vitality. "Sonata Appassionata" by Beethoven was presented with much color, breadth and variety of tone color, and with an excellently built climax in the finale allegro. "Papillons" by Schumann, and the "Scherzo in C sharp minor" by Chopin again displayed the varied resources of the artist, the full resonance of his sustained work and the delicacy of controlled but fleeting passages. "Etude en Forme de Valse" by Saint Saens, is a number that never loses its charm, and under the Bauer touch and the Bauer musicianship, it was given a brilliant and gloriously effective interpretation. Mr. Bauer responded to several encores, playing, among others, the Chopin Minute Waltz and "Scherzo Capriccio" by Mendelssohn. Mr. Bauer is a fine musician, and he played his program wonderfully well Friday evening. Still, he ought to be by this time, for he has been playing these same numbers ever since the present writer has been old enough to attend concerts. H. M. R.

Estate of Wallace Reid Estimated About \$50,000

Los Angeles, Feb. 3.—Letters of administration in the estate of Wallace Reid, motion picture actor, who died here January 18, were asked of the superior court by Mrs. Dorothy Davenport Reid, the widow. Property listed with the application was estimated to be worth approximately \$50,000, the principal item being the Reid home in Hollywood, valued at \$40,000.

Store Burglars Routed.

Burglars who gained entrance to the Burt, Way & Burt drug store at 2916 Cumming street through a rear door Friday night were frightened away without any loot the proprietors reported to police Saturday. A quantity of goods was found piled up on the floor, but a check failed to reveal any loss.

NEW METHOD HEALS RUPTURE

Kansas City Doctor's Discovery Makes Truss or Operation Unnecessary.

A new discovery which, experts agree, has no equal in curative effects in all rupture cases, is the latest accomplishment of Dr. Andrews, 537 Koch Bldg., Kansas City, Mo. The extraordinary success of this new method proves that it holds and heals a rupture, that only a few ounces. Has no hard gougings pads, no elastic belt, no leg straps, no steel bands, and is as comfortable as a light garment. It has enabled hundreds of persons to throw away trusses and declare their ruptures absolutely healed. Many of these had serious double ruptures, from which they had suffered for years. It is Dr. Andrews' ambition to have every ruptured person enjoy the quick relief, comfort and healing power of his discovery, and he will send it on free trial to any reader of the Omaha Bee who writes him. He wants one person in each neighborhood to whom he can refer. If you wish to be rid of rupture for good, without an operation, take advantage of the doctor's free offer. Write him today.

Troops Called Out After Gun Battle

Situation at Corbin, Ky., Getting Beyond Control of Local Authorities.

Frankfort, Ky., Feb. 3.—Twenty-five National guardsmen from Troop B, 63d machinegun squadron, London, Ky., were ordered to Corbin, Ky., last night by Governor E. P. Morrow after Mayor J. S. Gilliam of Corbin, and Sheriff Young of Whitley county, had reported the situation there was getting beyond their control. The present strained condition followed a gun battle between railroad workers and special officers early Tuesday, when two men were killed and two wounded. Cause Not Clear. Corbin, Ky., Feb. 3.—A strained situation ascribed by officials here to a gun battle early Tuesday between railroad workers and special officers in which two men were killed and two wounded, had resulted in the ordering of 25 National guardsmen here for duty.

The cause of Tuesday's gun battle has not been established definitely. J. C. Barker, 44, train dispatcher for the Louisville & Nashville railroad, and George Yaden of London, Ky., a special policeman, were killed. Jess Barker, switchman and Fred Day, special officer, were wounded. The officers were members of a detail of special police appointed following the dynamiting recently of a rooming house here when two men were injured seriously and the lives of 15 railway workers imperiled. Corbin, Ky., Feb. 3.—The Cumberland Valley division of the L. & N. was the center of a bitter controversy during the railroad strike last summer and since that time has been the scene of several disturbances.

Woman Jailed for Contempt

Sentence Follows Mother's Failure to Bring Daughter Into Court.

Mrs. Laura Cope, mother of Evelyn Cope, went to jail Saturday morning on a charge from Judge Day of contempt of court. Evelyn Cope, 17, school girl who brought an unsuccessful suit for \$10,000 against Roy Spencer, catcher on the Omaha Western league baseball team, last September, was wanted in juvenile court for failure to attend school, but did not appear. The mother, Mrs. Laura Cope, had been told to bring her daughter to court Saturday morning, but testified that the girl had left town a day or two ago to visit her grandmother, and that she had no money to bring her back to Omaha. Judge Day sent for the sheriff and sentenced Mrs. Cope to jail for contempt of court.

Bread Cheap in Chicago

Chicago, Feb. 3.—Bread prices reached the lowest level in Chicago in many months today. A sixteen-ounce loaf sold for 3 1/2 cents, in stores operated by one firm, while in stores operated by another organization, the loaves of similar weight sold for 4 cents.

A Queer World

Mad Hunt Conducted in Clairvoyant's Back Yard for "Pot of Gold" She "Saw."

Manhattan, Kan., Feb. 3.—Undaunted by the fact that the hole they have dug had become so deep that they struck water, a party of negroes today continued to dig in search of "the pot of gold" in the back yard of Mrs. Amanda Cruz's home here. It was in a dream that Mrs. Cruz "saw" the pot of gold coins. Having a reputation among negroes as a clairvoyant, a number of volunteers at once began the search at the point designated by Mrs. Cruz. Today the hole extended over most of the back yard and was 30 feet deep in the deepest part. A pump was used to remove the water seeping into the hole. An Interruption. New York, Feb. 3.—Just as the orchestra blared "Hall the Conquering Hero Comes" and Elias

JULIUS KAHN.

Davis, 25-year-old real estate broker went to the seat of honor at a banquet table at a club in Brooklyn last night, detectives intercepted him with handcuffs and a warrant charging grand larceny. Women stripped off their jewels and men hauled out check books with offers of security if their guest were undisturbed until after the feast, but the detectives were not to be diverted. In night court, Davis' bail was fixed at \$1,000. He was charged with having given a man who painted his automobile, a check for \$53.77, which was returned stamped "no funds."

Returning to the Capital club, Davis was presented a gold mounted monogrammed pipe. He was to have sailed for Europe on the steamer George Washington today.

Poison Whisky Suspected.

Another poison whisky case was reported to police Friday night when John Day, laborer, became violently ill in his room at the Oxford hotel, Eleventh and Farnam streets, and was removed to Lord Lister hospital. He was attended by a police surgeon. His recovery is predicted. He told the surgeon he had been drinking during the day.

Smart New Modes To Greet the Spring

In the grip of the nippiest weather Omaha has seen this season, a delightful vista of the Promised Land of Springtime may be glimpsed on a stroll through our Second Floor Sections. Here the story of Fashion's Springtide is foretold in color, line and fabric. To see it is to be in touch with the lovely things now being worn at Palm Beach; to plan your new Spring wardrobe in terms of the latest styles; and perhaps to select something fresh and new for immediate wear to brighten winter's last days.

New Frocks —A Revelation of Color Charm

The subtlety of color is skillfully portrayed in a group of frocks we are showing in "Toilet"—a soft cloudy brown that at the same time radiates a sort of glow which is particularly kind to maturity. While the new Paisley frocks from Milgrim that arrived this week exploit the gorgeous possibilities of color in unrivaled harmonies.

Springtime Wraps —Are Graceful of Line

The high rating of the cape among Springtime wraps will be instantly appreciated when you look upon the debonair grace that lurks in the folds of a beautiful brown model with a collar of fawn colored caracul completing its charming color symphony. Other styles are self trimmed. But provision is also made for Madam who perhaps prefers a coat style and the distinction of black in a marvelous model of heaviest black crepe. While soft camel's hair effects and over-plaids with youthful verve are irresistible in the sport models.

Costume Suits and Others

Among the three-piece models that lend distinction to our suit displays are those with blouses of contrasting material and color that are entirely separate from the skirt. Others follow the original mode of the costume suit, and box models are exceedingly smart in two-piece styles. Navy twills, tweeds and covert predominate in the fabric range.

When Is a Blouse More Than a Blouse?

When it is one of these hip models in marvelously rich prints that creates "costume atmosphere" for the simplest sort of skirt. But for those attached to the sport modes, there are also the handsomest of tailored silk, showing clever new features.

Second Floor
