

Return of Alien Property Bill Is Given O. K.

House Committee Formally Sanctions the Measure as Amended—Prompt Passage Will Be Asked.

Washington, Feb. 6.—The administration measure, proposing return of many millions of dollars' worth of enemy property seized during the war, was formally approved by the house interstate commerce committee, after it had been amended in many important features.

Aside from original proposals for return of as much as \$10,000,000 of enemy property, the measure carries the general provision:

Return to the original owners, other than enemy aliens, of their stock in corporations, companies, partnerships and associations in such cases where a majority of the stock was owned at the time of seizure by their enemy aliens.

Prohibiting the return of any part of the property of Grover Cleveland Bergdoll, escaped draft dodger, or other persons, fugitives from justice of the United States, or any individual estate.

Under the \$10,000,000 return provision, Col. Thomas Miller, the custodian, estimates that approximately 28,000 trusts of less than that amount in total value would be completely liquidated and that \$10,000 would be paid out of each of 2,200 trusts aggregating more than \$1,000 limitation.

This provision would permit the custodian to turn back about \$44,000,000 of the approximately \$50,000,000 of property now held by him. This would leave about \$300,000,000 to guarantee payments of American claims against Germany, in addition to the \$200,000,000 worth of the once German-owned ships which the American government now holds.

Big Fund Returnable.

The Colonel Miller estimates that the payment to the owners of the income from trusts would turn back from \$6,000,000 to \$7,000,000.

Under the stock provisions, part of the stock of many corporations now held by the government would be returned to the owners.

It is estimated that from 5,000 to 6,000 patents will be restored to their owners under the patent sections.

The interstate commerce committee plans to report the bill to the house within a day or two and Chairman Winslow will ask for its passage in the senate before the end of this session, as the measure will enable the custodian to close up much of the business of his office.

Report Exonerating Head of Welfare Board Is Filed

Report of the welfare board exonerating Wally Wilson, superintendent, from charges of incompetency and discourtesy preferred against him by Commissioner Dan Butler, was submitted to the city council yesterday by Mayor James Dahman, and placed on file.

The investigation by the welfare board was pursuant to a resolution passed by the city council.

"If the investigation was worthy of a report to the council, a transcript of the proceedings ought also to be filed," Mr. Butler declared.

Rohrer Says Carroll Is Not on Federal Payroll

Robert Anderson, group chief of U. S. Rohrer's men here, declared yesterday that statements from Lincoln that Tom Carroll has been drawing two salaries since his appointment as chief deputy law enforcement officer for Nebraska under Governor Bryan, was untrue.

"Carroll resigned as a deputy prohibition agent working out of this office on January 14, the day he was appointed by Governor Bryan," said Anderson.

Bakeries Prosperous, Burns Manager Tells Triangle Club

Ferd Flate, general manager of the Jay Burns Baking company, told members of the Triangle club luncheon at Hotel Pontenelle yesterday that the increase in bread consumed in the United States during the last two years is 125 per cent.

"The housewife has learned that the big bakeries can produce better bread in a more sanitary manner than she herself can," said Mr. Flate.

A. E. Royce, secretary of the club, presided at the luncheon.
