Order Issued Forbidding Fire Apparatus to Run Faster Than 15 Miles an Hour.

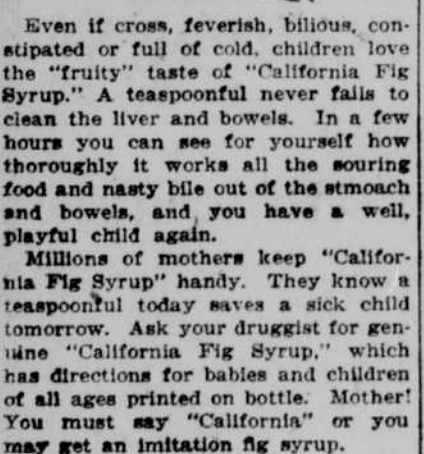

Cincinnati, O., Feb. 7.—Not so long ago there were those who bemoaned the passing of horse-drawn fire apparatus as the end of glamour and romance in the art of firefighting. Their honest dismay over the advent of motorized fire engines proved to be utterly unfounded, but now the red blooded citizens of Cincinnati who get a thrill out of hearing the "hook and ladder" companies thunder by at breakneck speed and with clanging gongs are face to face with a real woe. Firemen must keep within the speed limit regardless of the fact that they may be on their way to save lives and property when even a few seconds delay may spell defeat.

### Unknown Soldiers of 1777 Lie in State in N. Y. Village

Public Funeral Will Be Held on Washington's Birthday—Nearly Century and a Half After They Fell in Battle at Bloody Hill of Tuckahoe.

New York, Feb. 7.—Two unknown soldiers of Washington's army are lying in state in the village hall in Tuckahoe and are to be given a great public funeral by a number of patriotic organizations. The preliminary burial ceremony to honor the unknown continentals will appropriately be held in the village on Washington's birthday.

The soldiers, so unexpectedly to have a funeral nearly a century and a half after they were killed, are among those who fell in the fight that made Tuckahoe a bloody hill in revolutionary days.

The bodies, of which little remains but skeletons, remarkably well preserved, were buried in hastily dug graves in a revolutionary burying pit in Tuckahoe and were recently unearthed by workmen laying the foundations for a new building.

James O'Shaughnessy of the Metropolitan Life building, who is chairman of the committee in charge of arrangements of the preliminary ceremony, announced the findings today after the matter was submitted to the daughters of the American Revolution, which investigated the historical facts in the case.

### THIS LITTLE BABY GIRL

Was Benefited by the Good Her Mother Got from Lydia E. Pinkham's Vegetable Compound

Pittsburgh, Pa.—"I took Lydia E. Pinkham's Vegetable Compound before my little girl was born, and the effect it had was wonderful. This will be the first child I have nursed as I had to bring my two boys upon the bottle. I was very nervous and worried, tired all the time and after I read about the Vegetable Compound I tried it and kept on with it. I still continue its use and recommend it to my friends. You may publish these facts as a testimonial for your medicine."—Mrs. Wm. KLINGE, 169 Plymouth St., Pittsburgh, Pa.

It is remarkable how many cases have been reported similar to this one. Many mothers are left in a weakened and run-down condition after the birth of the child, and for such mothers the care of the baby is well-nigh impossible. Not only is it hard for the mother, but the child itself will indirectly suffer.

Lydia E. Pinkham's Vegetable Compound is an excellent tonic for the mother at this time. It is prepared from medicinal roots and herbs, and does not contain any harmful drugs.
