Senate Passes Measure Killing **Fixed Charge for Feeding Prisoners-Big Profit** Is Charged.

Lincoln, Feb. 16 .-- (Special.)--Over opposition of a number of democrats and a few republicans, Senators Larkin and Chambers of Omaha pushed their sheriff feeding bill through committee of the whole in the senate today by a vote of 21 to 11.

This bill takes the power of handling money for prisoners' food from the hands of the Douglas county sheriff and places it in the hands of the board of county commissioners. The same bill cuts mileage of sheriffs in Douglas, Gage and Lancaster counties within their counties from 15 to 10 cents. It leaves mileage of sheriffs in the less thickly populated counties at 15 cents.

Deputies Lobby.

"I want to say, also, that paid deputies in the sheriff's office have been lobbying against this bill for a week. In fact, I see one of them standing over the railing watching this pro

ceeding at this time.' Under terms of the bill, the Douglass county sheriff handles the feed ing and presents sworn affidavit of cost to the county board. The latter body, in turn, pays the bill and the diffirence stays in the county treasury. There was no attempt to cut Bills for Executive Council fixed charges for feeding prisoners in other jails.

The vote follows:
