

Senator-Elect Howell Talks to B'nai B'rith

"Chickens Coming Home to Roost" He Says of "Big Interests" That Fought Lower Light Rates.

"The chickens are coming home to roost," said R. B. Howell, United States senator-elect, before a large audience at the open meeting of the B'nai B'rith lodge Thursday night in its hall in the Jewish Community center.

The "chickens" to which Mr. Howell referred are "big interests" and business firms which fought him when he sought to obtain lower light rates.

"When we were fighting the Electric Light company for years in the legislatures, the Chamber of Commerce, the real estate board and large business firms were lined against us," said Mr. Howell. "But now when the power company seeks to boost the 'power' rates they are falling in line."

He declared the only way to get cheaper rates from public utilities was to fight and keep fighting. He said power lobbyists had been working since election day calling on legislators throughout the state.

Talking about the British debt, Mr. Howell told how Great Britain and the United States emerged with tremendous increase of national debts.

"The most amazing thing," said Mr. Howell, "in regard to the British debt is that the war was hardly over when the peace conference was called and propaganda started for the cancellation of our debt." Great Britain, he said, made great progress with this propaganda with the help of "big eastern interests."

"Great Britain," he further states, "ought never to ask of us to pay less interest on their debt than we paid on our Liberty bonds."

"Doc" Wazgoner's saxophone band played several selections, Edna Taylor played three piano solos, Harry Lapidus, who presided, lauded Mr. Howell for his continual fight for the people's interests and predicted that some day Mr. Howell would be a presidential candidate. Abner Kalman is president of the lodge.

Body of Slayer Identified as That of Sioux City Man

Chicago, Feb. 16.—The body of a man who recently shot and killed Policeman W. J. O'Malley, was identified as that of James Reed of Sioux City, Ia. The identification was made by Max Parish of Sioux City, and the body will be taken back by D. B. Reed, a brother, for burial.

Embassy Rum Inquiry Voted.

Washington, Feb. 16.—An inquiry into the importation of intoxicating liquors by foreign diplomats was ordered today by the house by a vote of 189 to 113.

The inquiry is directed to Secretary Mellon, who already has informed the house judiciary committee that he could not "properly" give out the information which the house now asks for.

Word View of 'Laddie Boy' With Tin Can on His Tail Stops Debate in House

Washington, Feb. 16.—Mental pictures of "Laddie Boy" running around the White House with a tin can attached to his tail touched the funny bone of the house yesterday to such an extent that business was stopped for a few minutes.

Representative McLafferty, republican, California, made the suggestion that such a degradation of the aristocrat of the canine world and the official presidential dog was not impossible. During debate on the navy omnibus bill, Representative Blanton, democrat, Texas, said the marine band was a "society band" which spent its time playing at the White House and at "high social functions." Mr. McLafferty interrupted to ask if the Texas representative wished to reduce music at the White House at the degree where it would consist of Laddie Boy dashing madly about a few inches in advance of a tomato can.

Democratic members who own dogs of democratic leanings, roared approval of the idea, but when the debate had ended, continued functioning of the marine band was assured, with a consequent lessening of the possibility of harassment of Laddie Boy.

Oil Companies Boost Dividends

Favorable Action Reported by Several Corporations and Industrial Firms.

New York, Feb. 16.—Favorable dividend action was taken by a number of industrial corporations, including declaration of a higher rate by the Standard Oil company of Kansas, and an extra dividend by the Pennok Oil company.

The Standard Oil of Kansas declared a quarterly dividend of 50 cents which is equivalent to \$2 a year on stock outstanding since the stock dividend of 200 per cent, and a reduction in par value from \$100 to \$25, or \$22 a year on the old stock. Previous dividends on the old stock were at the rate of \$24 a year.

The Standard Oil company of New Jersey declared an initiative quarterly dividend of 25 cents on the new common stock, which is the equivalent of \$1.25 on the old stock before the 400 per cent stock dividend last December. This action was in accordance with an announcement at the time the stock dividend was declared that no immediate increase in dividends was contemplated.

Directors of the Pennok Oil company declared the regular quarterly dividend of 1 per cent and an extra dividend of the same amount.

Texas Gulf Sulphur announced a regular quarterly dividend of \$1.25. The company paid an extra 75 cents in addition to the \$1.25 dividend for the last quarter of 1922.

A 2 per cent dividend, the same as was voted three months ago, was declared by the National Lead company.

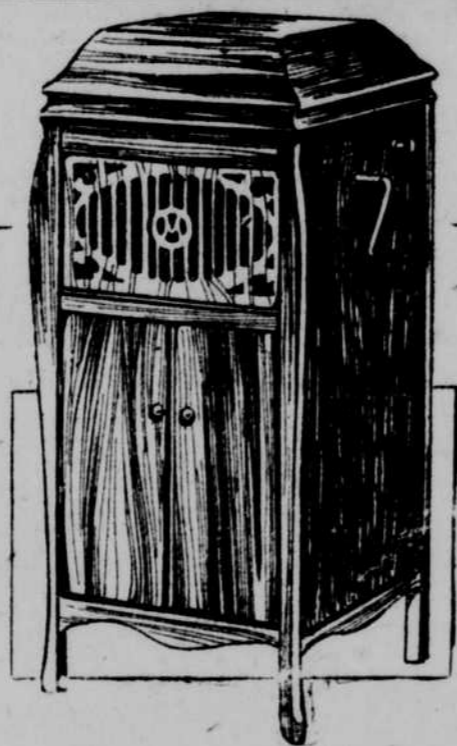

Veteran of Civil War Released on Rum Charge

Murray, Utah, Feb. 16.—Morace La Due, 79, serving a sentence in the

city jail here on bootlegging charges, was released when police learned that he is a civil war veteran and has an honorable discharge from the union army. La Due was convicted last week and ordered to pay a fine of \$299 or serve 299 days in jail. At the time he did not make known his service in the war.

Slayer Executed
Columbus, Feb. 16.—Charles Habig, 30, of Cleveland, convicted slayer of Patrolman August Dyke, who was shot when he attempted to capture three robbers in Cleveland February 20, 1921, was executed in the electric chair at the Ohio penitentiary
