

Additional Time Granted in Uni Investigation

Lower House Gives Commit-
tee Until March 20 to Com-
plete Investigation of
Expenditures.

Lincoln, Feb. 20.—(Special).—Mem-
bers of the state university investiga-
tion committee went before the lower
house today and asked to be given
until March 20 to complete their in-
vestigation of university expenditures
and other activities.

Dan Garber of Red Cloud read the
report, which stated that most of the
time so far has been taken up in an
investigation of the department of soil
survey and conservation of resources,
and that the committee has been un-
able to look into the affairs of other
departments.

In the report, the following ap-
peared relative to the department of
soil survey and conservation of re-
sources:

Seven Autos Maintained.

"This one department maintains
seven state automobiles at the present
time. As these expenditures were
being investigated suggestion came
from some unknown source to the
committee that its investigation be
directed into the records of the blue
slip department to ascertain the poli-
cies of the department of soil survey
and conservation of resources rela-
tive to various commission stock sell-
ing activities.

Apparent Overlapping.

"The department of soil survey and
conservation of resources appears to

be overlapped by law with the bureau
of securities, or blue sky department.
Your committee has carried its in-
vestigation into the bureau of securi-
ties. The disclosures made in this
direction were of such a highly im-
portant nature that your committee
felt impelled to follow out these de-
velopments to their reasonable and
logical conclusion. Limited time has
not permitted your committee to in
any degree conclude its work."

By unanimous vote the lower house
granted the request of the committee
to continue activities until March 20.

**Telephone Association Aims
Outlined by President Brown**

Lincoln, Feb. 20.—(Special).—Ad-
dressing the members of the Nebraska
Telephone association, in annual
convention here, President Bruce
Brown of Brady said that the organi-
zation aimed to arouse telephone men
to greater sense of responsibility of
service and to create in the mind
of the public a deeper appreciation
of the service given. Mr. Brady dis-
cussed the plans of the association for
the coming year.

W. W. Johnson of Kearney dis-
cussed radio and its relation to the
telephone business, and Eben D. Wal-
ker talked to the delegates on financ-
ing problems.

C. A. Randall, a member of the rail-
way commission, spoke at the after-
noon session.

The association will be in session
three days.

Theft Case Continued.

Beatrice, Neb., Feb. 20.—(Special).—
The case of the state against James
Wright, charged with the theft of
\$500 from the home of Thomas Ren-
niers, Filley farmer, was called in
Judge Ellis' court and continued to
March 6. According to the police, two
more arrests will probably be made in
the case. Wright has been released
on bond of \$1,000.

**Partners in Life and
Death Buried Yesterday**

Mr. and Mrs. Philip Schmidt, 83
and 82, respectively, whose prayers to
die the same day, were answered, con-
tinued their partnership even in
death and rode side by side to the
single large grave yesterday morn-
ing.

After the two caskets, carried by 12
grandsons, left the home, 2711 South
Twelfth street, funeral services were
held at St. Joseph Catholic church.
Only one grave was dug at St. Mary
Magdalene cemetery, around which
crowded the many friends and
relatives of the deceased couple.
The couple came from Austria-
Hungary 42 years ago.

Kearney Post Meets.

Kearney, Neb., Feb. 20.—(Special).—
Kearney post, T. A. P., held its
annual banquet and election of officers
last night. Election results follow:
Warren Sherer, president; Gilman
DeWolf, first vice president; J. R.

Beatrice Pioneer Dies.

Beatrice, Neb., Feb. 20.—(Special).—
Mrs. Anna Fessler, pioneer of Beat-
rice, died suddenly at her home here.
She was 72. She is survived by five
children.

Morris, second vice president; D. H.
Miller, secretary. H. A. Webbert was
named delegate to the national con-
vention. It was decided to stage a
big drive for members and to organize
a post at North Platte on Saturday,
February 24.

**Youth Who Slashed Wrists
Will Recover, Doctors Say**

Kearney, Neb., Feb. 20.—(Special).—
Ralph Haskett's attempt at suicide
will fail. Doctors attending him state
that he will recover. Haskett, while
a guest at a Shelton hotel, slashed
both wrists with a razor. Haskett
was rushed to Kearney for treatment
and will live, unless complications
develop. According to Sheriff Sam
Parr, Haskett has been worrying over
financial matters.

Kansas Commits Suicide.

Smith Center, Kan., Feb. 20.—
(Special).—Jess Sutton, 50, well-to-do

**Elderly Man's Leg Broken
When Struck by Motor Car**

Lincoln, Feb. 20.—(Special).—Rich-
ard Smith, 65, of Crest, Neb., was
found lying in the street with his
skull fractured in an accident. His
left leg broken as a result of being
struck by an automobile late Monday
night. He was returning to the fair
grounds when the accident occurred.

**Beatrice Resident for 40
Years Dies; Ill Long Time**

Beatrice, Neb., Feb. 20.—(Special).—
Edward Neugebauer, 72, for 40
years a resident of Beatrice, died at
his home after a prolonged illness. He

was a native of Germany and had
lived in Beatrice since his arrival in
this country. Two children, Dr. E.
J. Neugebauer of this city and Mrs.
Ida Lindsay of Lincoln survive.

Wymore Pioneer Dies.

Beatrice, Neb., Feb. 20.—(Special).—
A. A. Harris, a pioneer of Wymore,
is dead at the age of 82 years. He is
survived by five children, all of whom
were present when the end came. The
funeral was held Monday. Burial
was in Wymore cemetery.

BEE WANT ADS BRING RESULTS

OBSTINATE COUGHS

When resistance is lowered and you come down
with a cold that runs into an obstinate cough, your
trouble is more than surface deep. You need

SCOTT'S EMULSION

an easily absorbed tonic-nutrient, mixed with your blood
to nourish and enable you to get a fresh hold on strength.

For nearly fifty years Scott's has been helping
break up colds by building up strength. Try It!

The exclusive grade of cod-liver oil used in Scott's Emulsion is the famous
"S. & B. Process," made in Norway and refined in our own American
Laboratories. It is a guarantee of purity and palatability unsurpassed.

Scott & Bowne, Bloomfield, N. J.

Mina Taylor Dresses

New Spring Models are
Here for Your Approval

Any time of year it is a joy for women to wear
pretty frocks, but in the Spring it is really a duty
she owes to herself and to her friends.

Here are frocks as daintily colored as the rainbow,
and in addition to their surface charms of fine soft
fabrics and joyous colorings are the invisible in-
tegrity of workmanship carefully done, of threads
and buttons and trimmings selected with utmost
regard for quality. These frocks bear the Mina
Taylor label—a pledge of quality.

Today Is the Day to Select
Your Mina Taylor

It is not a bit too soon to see the beautiful selection
that we have on display. Every day more women
are selecting Mina Taylors for home hours, for
poreh, marketing, motoring, picnic and afternoon
wear.

\$1.59 to \$6.98

An Invitation

We invite you to see these new models—we know
there is no need to say buy them. That is a woman's
first wish when she notes their lovely colors, their
fine soft fabrics, their careful making.

BURGESS-NASH COMPANY.

Contestants in "Nebraska's most
beautiful girl contest" will appear in
person at the Rialto Theater Wednes-
day and Thursday at the 9 P. M. show.

Keeping step with Omaha

OMAHA IN 1878
Forty-four years ago
when Creighton Uni-
versity was founded it
was a great step for-
ward in Omaha's devel-
opment for a greater
service to the people of
this territory. It was
heralded as one of the
great achievements, as
a great asset and was
a real "show place" for
Omaha.

is
our
job

Today Omaha has
increased in popula-
tion more than six
times. Millions have
been spent to extend
our commercial
boundaries. Yet
with only minor
building additions
Creighton University's
enrollment has
increased more than
five hundred per
cent.

Omaha's trade territory is also Omaha's educat- ional territory

To grow is the desire of every city, industry and
citizen. But of more importance is to "keep
step" with this growth, in order to be able to
serve "all the people" as they come. To induce
people to trade in Omaha without the necessary
capacity to supply their wants is worse than to
have never asked them to come.

The cost for education in its other departments
is very nominal. This is brought about by the
low operating costs and the fact that many of
its instructors receive no salary.

And so it is with education.

Creighton University is open to all young men,
regardless of "creed," in the Missouri Valley.
The Medical, Pharmaceutical, Law, Dental and
Commercial departments are acclaimed, by men
who know, to be the equal of any similar depart-
ments in any of the Class A Schools of the
country.

For Creighton to build a reputation for Omaha
as an educational center would be folly
without being prepared to handle those who
come. Today Creighton University must build
many new buildings; must branch out in the
most complete educational direction, if Creigh-
ton is to continue (in further growth) to be the
asset to Omaha that it has been all these forty-
four years.

Will you help make it possible for Creighton
to "Keep Step" with growing Omaha? Educa-
tion is as vital to our trade territory as is the
development of commerce itself. Education
makes better men; it is the only solution we
have in keeping the "spirit of American ideals"
and American progress uppermost in the minds
of each new generation.

At Creighton University education is furnished
free in the High School and Arts Departments.

No Dingy Film

On the prettier teeth you see everywhere today

Do you realize how many prettier teeth you see in
every circle now? And how many smile to show them?
It is so the world over. There has come a new era
in teeth cleaning. You and everyone should learn
how much it means.

search. Those two film combatants were embodied
in it for daily application.
The name of that tooth paste is Pepsodent. Now
dentists the world over are urging its adoption. To
careful people of some 50 nations it has brought
safer, whiter teeth.

Why teeth discolor
Film is what clouds teeth—that viscous film you
feel. It clings to teeth, enters crevices and stays.
Food stains, etc., discolor it. Then it forms cloudy
coats. Tartar is based on film.
Old methods did not effectively combat it. So most
teeth were coated more or less. And few escaped the
troubles caused by film.
Film holds food substance which ferments and
forms acid. It holds the acid in contact with the teeth
to cause decay. Germs breed by millions in it. They,
with tartar, are the chief cause of pyorrhea.

Mistakes corrected
Research also proved that former methods reduced
Nature's tooth-protecting forces in the mouth.
Pepsodent corrects that mistake. It multiplies the
alkalinity of the saliva. That is there to neutralize
mouth acids, the cause of tooth decay. It multiplies
the starch digestant in the saliva. That is there to
digest starch deposits which may otherwise ferment
and form acids.

Now ways to fight it
Dental science has now found two ways to fight
that film. One acts to curdle
film, one to remove it, and
without any harmful scouring.

Watch it for a week
A test of Pepsodent will prove a revelation. Note
how clean the teeth feel after using. Mark the absence
of the viscous film. See how teeth whiten as the film-
coats disappear.

Able authorities proved
those ways effective. Then a
new-type tooth paste was
created, based on modern re-

You will quickly realize what
this method means to the peo-
ple in your home. Send the
coupon for a 10-Day Tube.
Compare it with the old-time
methods. Cut out coupon now.
