

Armour to Sell Country Estate, Mellody Farm

Harold F. McCormick Reported to Be Considering Purchase of Place for His Bride, Ganna Walska.

Chicago, Feb. 21.—A sequel to the Armour refinancing plans came yesterday in reports that Mellody Farm, J. Ogden Armour's \$5,000,000 Lake Forest country estate, has been offered for sale. It is rumored that Harold F. McCormick is considering the purchase of the place for his wife, Ganna Walska McCormick.

The reported abandonment of Mellody Farm came as a great surprise to Mr. Armour's friends. The estate was designed as a sort of fairyland for Lolita Armour, when it appeared she would go through life a helpless cripple. The work was not quite completed when Dr. Adolph Lorenz cured the child. Gardens, fountains, pools, rivers and forests were scattered about the tract. The upkeep of the estate has been estimated at \$300,000 a year.

Most of the servants at the farm have been discharged. Some 60 have left within the last two months. Gerald Parker, who served for years as head butler, has announced his intention of opening a dry cleaning establishment in Lake Forest. Chauncey Tibbets, the head gardener, has rented the land of the estate and will cultivate it. He hopes to make it pay as a purely commercial farm.

The prize livestock and a notable feature of the place, has been disposed of at prices considerably under the rated value of \$500,000.

Cold Wave Provides Ice in North Nebraska
Norfolk, Neb., Feb. 21.—(Special)—The ice man in north Nebraska is happy. A few weeks ago the open weather brought open streams and an indication that there would be no ice harvest. Ice storage houses were empty. The ground hog saw its shadow and went back into winter quarters. The thermometer showed the mercury falling every day since that time, the coldest point in north Nebraska being around 18 degrees below zero with an average of zero for a week. The ice harvest on the Elkhorn and Northfork rivers has been completed. The ice storage houses are filled to capacity with some of the finest quality natural ice ever harvested. More natural ice was stored in Norfolk this year than ever before. Last year artificial ice had to be purchased by dealers. This summer natural ice will be purchased for the ice boxes. Railroads report good quality ice has been stored all along the eastern division of the Northwestern railroad.

Norfolk Will Vote on \$100,000 Bond Issue
Norfolk, Neb., Feb. 21.—(Special)—The city council has called a special bond election on April 3 for \$100,000 needed to build a new city hall. The city hall building movement was started by the Norfolk firemen, who declare the present building is out of date. A petition signed by 600 voters was filed with the city council asking that the special election be called. The council by ordinance called the special election on April 3, the date of the regular spring election when a new mayor, city councilmen and other city officials are to be voted on. Mayor John Friday, democrat, has announced that he will run for re-election. He is favoring the new city hall building, additional paving and a general program of progress. The republicans have not announced their probable candidates. The city hall proposition will not be made an issue in the campaign, but a lively mayorality fight in the election is anticipated.

Man Freed from Attack Charge

Testimony Shows Contractor Trained Wife to Home of Plaintiff.

Karl Kohn, 4220 Emmet street, contractor, was discharged in municipal court yesterday morning after being tried for assault and battery.

He was alleged to have struck Charles Kegley, 2417 Dodge street, Saturday night.

Testimony showed Kohn had a former officer trail his wife to Kegley's address and that he then called a policeman and went to Kegley's room. When the door was opened, Mrs. Kohn was found discussing with Kegley evidence in Mrs. Kohn's divorce suit, which he had been employed to procure.

Kegley contended it was a legitimate conference and said after the hearing he had been in Mrs. Kohn's employ for some time.

Wife Marries Dairyman; Ex-Husband Asks \$50,000
Lucas G. Politis, cook, valued his wife at \$50,000 and he is trying to collect that sum from Jens (Jim) Jensen, Omaha dairyman, in an alienation suit being tried in District Judge Wakeley's court room.

Politis alleges that Jensen stole his wife, formerly Mable Blackburn, by promising luxuries and a life of ease and comfort.

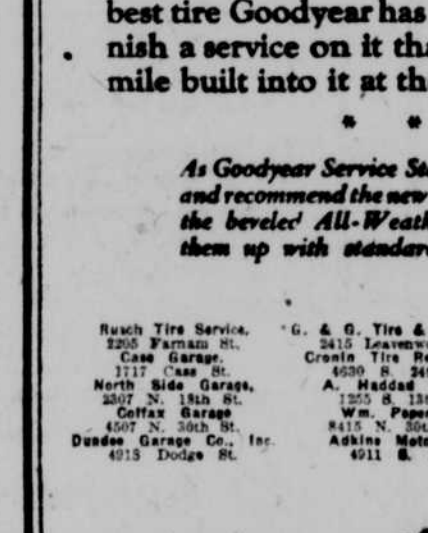

Politis married the woman in Chicago January 22, 1922, and then came to Omaha where he found employment in a restaurant.

He gave a copy to Dennis O'Brien, city prosecutor, and told him to see what he could do about it.

"It's not fit to be read," said the mayor.

Lawrence Proulx, assistant superintendent of mails, says the French edition is barred by his department.
