Fixed for Life.

Denver, Colo., Feb. 23.-A large Airedale dog, shipped from here by its owner, Frank Farrow, three weeks go to St. Joseph, Mo., limped back to the Farrow home yesterday, having walked the entire 700 miles from the Missouri city. The owner of the dog in St. Joseph, to whom it was sold by Farrow, reported that it disappeared a week age. Farrow, who said the Airedale had become unmanageable, asserted he would pay its board at a local kennel the rest of its life.

A Stowaway For Love.

Boston, Feb. 23.-Terrific storms encountered by the shipping board steamer Bellingham, which arrived yesterday from Raumo, Finland, drove five stowaways from their hiding places during the voyage, but a sixth, a comely 19-year-old Finhish girl, remained hidden until yesterday when the steamer was nearing Boston.

The girl, Bertha Lane, told the captain that when the vessel was frozen in in the ice at Raumo, she met in a cafe, A. Alvarez, a Porto Rican fireman of the steamer, and they fell in love. She decided to stowaway on her lover's ship.

At dead of night she made her way over the ice on Raumo harbor more than a mile, climbed aboard, found Alvarez and took up her abode in the firemen's forecastle. Other firemen became aware of her presence, but remained silent. For two months, while the Bellingham was encountering storms of such fury that the ship's superstructure was damaged and one sailor washed overboard and lost, the girl cowered in the forecastle hardly daring to

Provides Essential Food Elements

R. William Tibbles, a noted writer on dietetics and even life itself."

We do not mean that white bread has no place in your diet. By all means eat white bread-it provides the heat and energy needed by the body. But, include in your menu an ample supply of "dark" bread. Your daily diet should include WHEAT-TONE, for WHEAT-TONE is milled from all of the wheat. The substances Dr. Tibbles refers to are the bran and the

laxative qualities, the second for its

Because we mill the flour for WHEAT-TONE in our own plant, we know that it contains all of the bran and the germ. Thus we make sure that WHEAT-TONE provides for digestive regulation, and what is more important provides goodly quantities of both Vitamins A and B.

-and even cities as far distant as Chicago-eat WHEAT-TONE regularly. They have found that it contains the elements their ordinary diet lacks-that ordinary "whole-wheat"

We believe that WHEAT - TONE will aid your health as well. Try it for a week or a month. Serve it whenever you serve white bread. After that we don't believe you will consider a meal complete without it. But, be sure you specify WHEAT-TONE when you order.

THE JAY BURNS BAKING COMPANY

Wheat Ione THE WHOLE WHEAT BREAD

proper health, after extensive experimenting with the food properties of flour drew this conclusion: "The parts of the wheat removed in milling (of white flour) includes substances which are necessary for growth, maintenance of nutrition and
