He used to be an employe in the as secretary for the late Dr. Hubert C. Herring, pastor of the First Congregational church of this city, when Dr. Herring was promoted to secretary of the Congregational Home Missionary Society of the United States. Dr. Herring was drowned in Massachusetts last summer. The poem, "Just Around the Cor-ner," follows:

When December's end is near-Just around the corner: And a new month almost here-Just around the corner; When the days are dark and drear, At the turning of the year; Then my eager eyes would peer Just around the corner.

Tell me what will greet us there-Just around the corner: * Just around the corner. Just around the corner. Will we find a larger share Of life's worry, sorrow, care; Or will joy be everywhere, Just around the corner?

What shall I find waiting me Just around the corner; Tell me all that I shall see Just around the corner. Will the new days happier be, Will all disappointments fise, Will all disappointments fise, Just around the corner?

Will the old be ever new, Just around the corner; And the skies be always blue, Just around the corner? Will our efforts hring to view Fair rewards when they are due; And will all our dreams come true; Just around the corner?

Will day hasten into night. Just around the corner; Or time linger in its flight. Just around the corner? Will long-severed hearts unite. Friends forget each fancied slight. Will sli the shadows turn to light. Just around the corner?

I am a licensed practising physician and have made a careful study of the physiological requirements of the human body. This has enabled me to select such ingre-dients and in such proportion as in my opinion will produce not only a loss of weight without harm and an improvement in health, but with it an alleviation of all of the troublesome symptoms which frequently accompany and often are a direct result of overstoutness, such as shortness of breath on slight exertion, palpitation of the heart, etc., not to speak of the relief from the embarrass-ment of being too stout. Stout persons suffering from such diseases as Chronic Rheumatism, Gout, Eczema, Asthma and high blood pressure are greatly relieved by a reduction of their superfluous fat.

My treatment will relieve that depressed, tired, sleepy feeling, giving you the renewed energy and vigor which come as a result of the loss of your superfluous fat. The medicinal ingredients I employ do not depend for their reducing power upon starvation diet or tiresome exercise. Taking them, they should produce a loss of weight without you doing anything else.

If you are overstout do not postpone but sit down right now and send for my FREE TRIAL TREATMENT and my plan whereby I am to be PAID ONLY AFTER REDUCTION HAS TAKEN PLACE if you so desire.
