

Motor Show Deals Increase While Attendance Falls

Dealers Report More Sales—Head of Promotion Department Tells of Automotive Development.

Attendance during the second day of Omaha's auto show was smaller than that of the opening day. Official count was not taken.

Dealers claim that sales were more frequent than Monday.

One booth demonstrated a cleansing paste, "good for removing greases from the hands and face, shampooing the hair, brushing the teeth and killing small inhabitants on the pet poodle." Omaha, collectively and individually, is skeptical, as evidenced by the hesitancy displayed on the part of sightseers who were dubious of results when they had a chance to "get their hands washed free."

At the Willis Sainte Claire exhibit, featuring the Grey Goose sport model, E. Phil Merrill, head of the educational and sales promotion department,

IF KIDNEYS ACT BAD TAKE SALTS

Says Backache Often Means You Have Not Been Drinking Enough Water.

When you wake up with backache and dull misery in the kidney region it may mean you have been eating foods which create acids, says a well-known authority. An excess of such acids overworks the kidneys in their effort to filter it from the blood and they become sort of paralyzed and sluggish. When your kidneys get sluggish and clog you must relieve them, like you relieve your bowels, removing all the body's urinous waste, else you have backache, sick headache, dizzy spells, your stomach sour, tongue is coated, and when the weather is bad you have rheumatic twinges. The urine is cloudy, full of sediment, channels often get sore, water scalds and you are obliged to seek relief two or three times during the night.

Either consult a good, reliable physician at once or get from your pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys may then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for years to help clean and stimulate sluggish kidneys, also to neutralize acids in the system, so they no longer irritate, thus often relieving bladder weakness.

Jad Salts is inexpensive, cannot injure and makes a delightful, effervescent, lithia-water drink. Drink lots of soft water. By all means have your physician examine your kidneys at least twice a year.

STAGE HAIR STYLES, EASILY COPIED

Many women of the stage and screen claim their hair appearance to be the secret of their success, and will not trust the care of it to others. They have found that in washing the hair it is not advisable to use a makeshift, but always to use a preparation made for shampooing only. You can enjoy the best that is known for about three cents a shampoo by getting a package of canthrox from your druggist. Dissolve a teaspoonful in a cup of hot water and your shampoo is ready.

After its use the hair dries rapidly, with uniform color. Dandruff, excess oil and dirt are dissolved and entirely disappear. Your hair will be so fluffy that it will look much heavier than it is. Its luster and softness will also delight you, while the stimulated scalp gains the health which insures hair growth.—Adv.

Mother To-Be! Do You Realize this Fact?

An eminent physician has shown why there is so much useless suffering on the part of many expectant mothers, for months before baby comes, as well as when baby actually arrives. This same great doctor found the way to avoid much of this suffering. Mother, your baby's nerves, its whole structure should be free from any influence caused by your months of useless misery and pain. You yourself can be free from much of it. Here is a little message to all expectant mothers:

Mrs. Ida Milton, 108 N. Tremont St., Kansas, Ill., says: "I am forced to say something in regard to your wonderful 'Mother's Friend.' Just one application gave me such relief I could hardly realize I was in pregnancy. Before I used it I was suffering with pains all over, and today, I am able to do my house-work with all ease and without pain."

"Mother's Friend" is applied externally, and enables the muscles, nerves and tissues to relax and readjust themselves with the growing changes during pregnancy, and at child-birth. It should be used for some time before baby comes—the sooner the better.

"Mother's Friend" contains no narcotics or harmful drugs. It is safe. For three generations "Mother's Friend" has relieved expectant mothers of much useless suffering. Mother! you must avoid mere creases and useless substitutes. Begin using "Mother's Friend" today. It is sold at drug stores—everywhere.

FREE BOOKLET ON MOTHERHOOD Don't let fate meddle keep you from this duty to yourself, to your child and to your home. By all means, you should have our valuable illustrated booklet, and free. Send for your copy now to Bradford's Register Co., 144 S. Alameda, Cal. Get "Mother's Friend" from your druggist today.

ment, lectured on the construction of motors.

He divided the history of automotive transportation into three periods; first, he said, was the experimental stage, when the first horseless carriage came out. Then came the engineering period. The third period will be that of the metallurgist.

N. Y. Poor Mourn Death of Doctor

Dr. Ferdinand Seegar, Decorated by Czar, Dies in Shabby Flat.

New York, Feb. 28.—Dr. Ferdinand Seegar, 74, a distinguished physician, decorated by the czar of Russia for his skill, who renounced the splendors of office that he might minister to the east side poor, died yesterday in a shabby little flat on East Thirty-third street.

News of his death from pneumonia soon swept the east side and scores of patients, whom he had treated without charge, flocked to his four-room home to express their sympathy to his widow and daughter. Thousands are expected to follow his casket at the funeral Thursday, for his imposing figure—six foot six he stood—was ever present in times of need and sickness.

A graduate of Heidelberg and a holder of 32 diplomas, Dr. Seegar was regarded as an authority on the eye, ear and throat and wrote on medical topics. In 1869 he was one of those who founded the Hahnemann hospital in a one-story building on East Fifty-fifth street, which he furnished with 13 beds and bedding he got from the home of his mother.

He also was a founder of the Northeastern Homopathic dispensary, and last year, when influenza hit his neighborhood hard, he rented a vacant store and opened a free clinic. At the time of his death he was a consulting physician of the Fifth Avenue hospital.

A member of the American Institute of Homopathic Physicians and an honorary member of the medical societies in Petrograd and Paris, Dr. Seegar won his Russian decoration for treatment of the nobility rushed to this country on a warship for treatment.

Schools Reopened. Cambridge, Neb., Feb. 28. (Special.)—The Cambridge schools reopened after a week's vacation. A mild wave of the flu hit the community and so many of the pupils were forced to be absent that a vacation was ordered.

Parents' Problems

Can a child be forced to do what is right when he becomes sulky? Children cannot be forced to do anything when they absolutely make up their minds not to. That is, they cannot be forced by "force." The best way to treat a sulky child is with patience and kindness, but never should a parent yield.

Arnstein Declares His Arrest False

New York—Arrested with four others on suspicion of having stolen bonds in their possession, Nicky Arnstein and the quartet quickly gained their release and now threaten to bring action charging false arrest.

Burglars Loot Residence During Absence of Family

Burglars entered the home of A. S. Fried, 3219 Nicholas street, through a rear window Tuesday night, neighbors reported to police. The family is away from home. No estimate of the loot was available.

Police think the burglary is the work of the same men who have robbed several other houses during the absence of the owner in the last two weeks.

Aged Man Hit by Stolen Auto

M. J. Lynch, 76, Victim of Boy Drivers, in Serious Condition.

Seven automobile accidents occurred in Omaha between 10 a. m. and midnight Tuesday. One person was seriously injured. Most of the victims received cuts and bruises.

M. J. Lynch, 76, Fifty-sixth and U streets, was seriously injured when he was run down by an automobile driven by two boys at Sixteenth and Leavenworth streets. He was removed to Lord Lister hospital. The boys sped away after the accident and later were arrested at their homes. They are being held at central police station pending the outcome of the man's condition. The hospital reported yesterday that Mr. Lynch, despite his age and a badly injured skull, probably will recover.

Boys Joyriding. William Hart, 17, 3308 North Thirty-fourth street, and Louis Banner, 15, 2723 North Twenty-eighth street, are alleged to have stolen the car earlier in the day from the owner of a taxicab company. The boys said they intended to return the auto. When they struck Mr. Lynch both boys became frightened. They drove to a place one block from where they had stolen the machine and abandoned it. A pedestrian obtained the license number.

Police went to the home of the owner of the car and he told them the names of the boys who had stolen it. Then they went to the boys' home and arrested them. The boys confessed the theft and their part in the accident.

Ford Hits Salesman. John Holmes, 1903 Leavenworth street, tombstone salesman, was knocked down by a Ford coupe Tuesday night at Twenty-fifth and Farnam streets. He was cut on the face and his back was bruised. Miss Dorothy Martin, 537 South Twenty-seventh

street, who was with Holmes, was uninjured.

The driver of the coupe drove on. Holmes' injuries were attended at central police station after which he was taken home.

R. E. McFarland, Keen hotel, is in St. Joseph hospital suffering from an injury to his chest and right knee and probably internal injuries, as the result of a head on collision Tuesday afternoon between a car he was driving and another machine piloted by Byron L. Fowler, Fort Crook boulevard, on South Twenty-fourth street, between V and W streets.

McFarland was driving north and Fowler south when the cars crashed. Both machines were wrecked. McFarland was thrown from his car. Fowler suffered slight bruises. No arrests were made.

Former Law Partners in Clash in Court Hearing

Judge A. L. Sutton and John A. McKenzie, former law partners, were placed in a delicate situation Tuesday afternoon in municipal court, where the judge was on the witness stand and Mr. McKenzie was examining him.

The point involved was the history of \$150 said to have been received by the judge at a time when he and Mr. McKenzie were together and were representing persons interested in the case now before the municipal court.

"Is your memory so bad that you cannot remember about the \$150?" Mr. McKenzie was asked.

"My memory is all right and I am as honest as you are," the judge retorted. "I believe that I have a lien on the \$150 for my services. You received \$150 in that case and I think I am entitled to as much as you received."

Man Must Appear in Court to Face Alimony Charges

Charles S. Johnson, divorced husband of Mrs. Norman Johnson, who lives with his mother, Mrs. James Roland, at 2820 Seward street, must appear in district court Friday morning at 9 to show cause why he should not be punished for contempt of court for failing to pay \$25 a month toward the support of his former wife and

their daughter, Virginia, 2, and for failing to yield custody of the child to his wife.

Johnson was cited for contempt Tuesday by District Judge Fitzgerald after Mrs. Norman Johnson, accom-

panied by Constable William Fleming visited the Roland home, but failed to obtain custody of Virginia.

SAY "BAYER" when you buy. Insist!

Unless you see the "Bayer Cross" on tablets, you are not getting the genuine Bayer product prescribed by physicians over 23 years and proved safe by millions for

- Colds
- Headache
- Toothache
- Rheumatism
- Neuritis
- Lumbago
- Neuralgia
- Pain, Pain

Accept only "Bayer" package which contains proper directions. Handy "Bayer" boxes of 12 tablets—Also bottles of 24 and 100—Druggists. Aspirin is the trade mark of Bayer Manufacture of Monoacetic Ester of Salicylic Acid

NEW DICTIONARY

HIGHEST RANKING AMERICAN SCHOLARS GIVE IT STANDING ABOVE ALL OTHER DICTIONARIES—FIVE GREAT UNIVERSITIES HAVE CONTRIBUTED THEIR BEST TO ITS PRODUCTION

THE OMAHA BEE

FIRST in everything is FIRST to lend aid along advanced educational lines by now offering this NEW dictionary for the benefit of its readers. Newspapers are acknowledged "public educators" and it is indeed most fitting that this LATEST dictionary should find its way to the public through newspapers, on the popular coupon plan.

Made for the People

The editor says: "Designed to meet the demand among the masses of the people for a dictionary that shall be complete in its vocabulary, accurate in its definitions, and contain the LATEST and NEWEST words whose general usage warrants their incorporation into a dictionary made primarily for the people,

HERE are but a few distinctive and exclusive features of this new, correct and authentic dictionary.

- List of Americanisms
- Dictionary of Yachting
- Forms of Address
- Aviation Terms
- Dictionary of Photography
- Commerce and Law
- Military and Naval Terms
- Automobile Glossary
- Baseball Expressions
- Dictionary of Music
- Wireless Telegraphy Terms
- Evolution of English
- Everyone, Own W e a t e r
- Prophet
- Language of Flowers
- Facts About the Earth
- The Metric System
- Words of Like and Opposite Meaning
- Dictionaries of Lacrosse, Football, Golf, Tennis and much more information needed daily that cannot be found in ANY other ONE volume.

It Is Just Off The Press— Newly Edited— Newly Printed—

Bound in beautiful black seal grain, lettered in gold; red edges; profusely illustrated; printed on special paper from new type; strong and durable; accurate and complete. Necessary in home and office.
