

### Watson's Charges of Executions in A.E.F. Unfounded

Committee Appointed to Investigate Claims of Georgia Senator Find No Basis for Statements.

Washington, March 1.—(AP)—The sensational chapter of senate history revolving around a charge by the late Senator Watson, democrat, Georgia, that American soldiers were executed without trial in France, was closed when the committee appointed to investigate reported that it had found the charges unfounded.

Watson's original charges were made in a series of senate speeches in November, 1921, during which he started the country by submitting photographs which he said portrayed gallows on which American soldiers had been hanged without trial. It was scarcely a dozen lines in length. It stated merely that in pursuance to the order of the senate, the committee had held hearings and inquired into the allegations of Senator Watson, and had determined that they were "not sustained by the testimony." All the committee members fixed their signatures to the report. They are Senators Brandegee, Connecticut; Willis, Ohio; and Ernst, Kentucky, republicans; and Overman, North Carolina, and Shields, Tennessee, democrats. In the special report, Senator Ernst also declared unfounded the charge which came before the committee during its hearings, that Maj. H. L. Opie of Virginia had shot his orderly.

### Lincoln Girls Held by Police

Bobbed Haired School Children Tourists Halted on Trip—Had 20 Cents.

Three young girls, barely of high school age, bobbed as to hair, rouged as to lips, and distinctly Russian as to boots, with the approved sorority, slinker saunter and with 20 cents between them, were taken from a room in the Dodge hotel by detectives yesterday.

They arrived in Omaha Wednesday, after having run away from their homes in Lincoln, and having induced two young men in a car to bring them here. They didn't know the men, they said, but one gave the name of George Beel and the other they called "King Tut" for convenience.

The girls were Verna Hall, 2025 Vine street, Lincoln; Virginia McCallahan, 325 South Thirteenth street, and Romona Kneer, 2224 Holdrege street. All are 14.

They told detectives they were on their way to Des Moines, Ia., and later planned to go to Newton, Ia., where Verna has an uncle. They said they could pick up enough men with cars along the route to supply transportation. "Take your handkerchiefs and rub that rouge off your lips," Chief of Detectives Van Deusen commanded them. "You ought to be spanked, all of you. I hope your parents will look after it."

### Feature Transactions of Livestock Exchange

Chris Molgaard came in from Lyons yesterday with two loads of choice Hampshire hogs that averaged 206 pounds. There were 152 head in the shipment that sold for the top price of the day, \$8 a hundred.

T. W. Schutt of Winside brought into the local market his first load of cattle for the season, having a load of beef cattle that sold for \$9.25 a hundred. The cattle averaged 1,175 pounds and were bought here last August when they weighed an average of 722 pounds.

A load of fine Hereford steers averaging 1,390 pounds was brought to the local stockyards by A. D. Bredthauer of North Loup. The shipment was sold for \$9.25 a hundred. Mr. Bredthauer said he bought the cattle on the local market as feeders about a year ago and they made an excellent gain both in price and weight.

### Harvey Draws Ire of British

Virtually Calls on Government to Refute Balfour Note.

London, March 1.—(AP)—Ambassador Harvey's speech of last night, in which he discussed the underlying causes and the nature of Great Britain's war indebtedness to the United States, evoked expressions of displeasure in British official circles today and gives indication of causing considerable discussion.

The foreign office declined to comment on the address, but it is reliably stated that Ambassador Harvey's remarks, particularly when, as the case was put, he virtually challenged the British government to issue a statement refuting the Balfour note of last August, were considered to be unusual for a foreign envoy.

## THE MOST BEAUTIFUL CAR IN AMERICA

# Our Ideal Paige—Your Ideal Car

If your ideal car is one of dignified beauty, the newly refined lines of the Paige will charm you. If your ideal of beauty means also richness of detail and substantial construction, the new Paige bodies will satisfy you.

For Paige Ideal bodies are now doubly braced, extra stout. Double strips of patent leather keep metal from touching metal or wood. This idea from Europe insures a forever silent body.

The richness of the new Paige bodies is sensed by hand and eye. Not a piece of imitation leather in the open cars. Superbly loomed velours in the enclosed types. All instruments beneath a single glass panel in a walnut dash. Walnut steering wheel—adjustable to driver's convenience.

Undoubtedly your ideal car is a Paige in performance. Like its predecessor, this Paige 6-70 will prove America's unchallenged champion in speed, hill-climbing and acceleration. Likewise our Ideal Paige goes beyond even your ideals in easy handling.

The new clutch, with six springs instead of one and a light-weight driven member, gives smooth, easy engagement. The new transmission gives finger-touch gear shifting with a bare 3-inch movement. And it is almost as quiet in first and second speeds as in high.

A new degree of endurance—of long life at reduced upkeep—has been given the Ideal Paige by scores of chassis improvements. The finest practicable workmanship by precision tools and gauges, is standard throughout. A new automatic take-up for the chain driven auxiliary shafts does away with need for adjustment.

Since 1909 the same officers, directors and engineers have been working together on the development of the Ideal Paige. Each year has brought it closer. Now it is achieved. And the success of the Paige-built Jewett has so increased the volume and reduced the overhead of the great Paige-Detroit Motor Car Company that this Ideal Paige is still a car of reasonable price.

Paige now definitely takes its place as one of America's finest cars. A Six of course—because the Six is the ideal type motor for balanced smoothness, flexibility, long life and care-free simplicity. This Ideal Paige is here—ready to charm you—to satisfy you with its comfort—and thrill you with its performance. Please inspect it at our Display Rooms or at the Show.

Standard equipment of all Paige Models includes: 6 cord tires, tubes, rims. Spares mounted one each side with lock and tire cover. Motometer. Double bar spring bumpers front and rear. Luggage carrier. Combination tail and stop light. Automatic windshield wiper. Aluminum kick plates. Gasoline gauge on dash. Eight day Waltham clock. Electric cigar lighter. Green glass sunshade. Rear view mirror. Snubbers front and rear. Power tire pump.
