Owners Plan to Beautify Block in Happy Hollow

Large Open Space to Be Left in Center Providing for Flower Gardens or Other Landscaping.

Owners of block 10 in Happy Hollow addition have under way a plan which they say will make their block the most attractive residence group in the city. Thie block is in the new portion of Happy Hollow, which was put on the market last year and which lies west of Happy Hollow boulevard and north of Underwood avenue.

Owners of the lots in this block, through George & Co., are consulting with Henry Wright, a St. Louis landscape architect.

The owners are W. B. T. Belt, Edgar Armstrong, Carl Paulson, Dr. Stuart Mac Dairmid, Chester Dudley, Allan Tukey, Victor Caldwell, L. F. Johnson and Mrs. Florence M. Palmer.

The landscaper's suggestions include garages, either attached or under the houses and a rear building line which will leave a large open space in the center of the block, permitting of flower gardens or other

The plan is to have all wiring underground, no alleys or drives in the rear, nor other obstruction of their houses.

Development Work Starts

on Lockwood Terrace Lots Development work has started on \$6 lots, known as Lockwood Terrace, immediately east of Lockwood addition and south of Dundee place. These lots are between Fiftieth street and Fifty-first avenue, south of How-

Development will include building of streets to conform with the grade of other streets adjoining, paving, eurbing, sewer, sidewalks, water and gas mains and electric lights.

Bungalows will be permitted, al though not required, according to Shuler & Cary, who are developing the tract. Only two-story houses are permitted in the greater part of the cision for first place from award and de-

The lots will be offered for sale in the late spring or early summer,
