City Mission in Need of Books for Children

February was a busy month at the City Mission library, as each school child had been requested to read four good books. Although about seven hundred books have gone out, many have been disappointed that there were no copies of "Pollyanna Kim," "Bob, Son of Battle," and Davis' "Boy Scout Stories," "Captain Couraceous" or "Little Women."

Mayor Dahlin has set aside April 14 as City Mission tag day. Mrs. I. C. Wood, chairman of the ways and means committee, with Gould Dietz, Walter Jarry, George Roberts, Mrs. Carl Gray, Mrs. A. H. Peters, Mrs. Robert Trimble and Mrs. Paul Rigdon have the plans for the day in charge.

Wednesday afternoon several of the mothers met to cut aprons to be made at the Thursday club meetings. Thirty-seven bungalow aprons were cut.

Many of the members of the mothers' club cannot speak a word of English, but some meet an hour before the regular time and receive instruction. The children learn easily. Little Syrian Ruby can speak more plainly than most little 2-2-year-olds whose parents are American born.

The high school missionary society of the First M. E. church are to visit the Mothers' club and furnish the refreshments for next Thursday's meeting. Miss Margaret Kirkpatrick, president of the society.

Planning ways of earning balls, bats

and masks is being promoted by the different "nines."

The O. B. club is boasting of a victory over the Pioneer club basket ball team.

Last month 116 calls for house maids were received and 59 were supplied. Fifteen day workers were kept employed.

Lowest fuel cost

"Bernice" The Perfect Anthracite Coal

Is clean; no smoke, no soot, no dust, no oil or gas fumes, and will therefore not interfere with your spring housecleaning. You can burn BERNICE ANTHRACITE all winter and develop no sooty or oil soaked draperies, curtains or walls. BERNICE ANTHRACITE will hold fire 48 hours without attention, maintaining an even temperature in the home. This is of great value during changeable spring weather, as it saves the trouble of building fires each morning.

BERNICE ANTHRACITE gives you 16,100 heat units for one cent. Pennsylvania Anthracite gives only 11,800 heat units for one cent. A ton of BERNICE ANTHRACITE gives you the Heat Unit (B. T. U.) value of 2,300 pounds of Pennsylvania Anthracite and costs \$3.50 per ton less.

A ton of BERNICE ANTHRACITE tested now will point the way to real FUEL ECONOMY for next season. Place a trial order with a BERNICE dealer now. You will thank us next winter for having made the suggestion. Do not be influenced to accept some other coal in the belief that it is "about the same" or "just as good." Insist on having GENUINE BERNICE ANTHRACITE.

Thrifty Housewives Make Own Ice on Cold Nights. Thrifty housewives have been taking advantage of the cold weather of the last few weeks to reduce the high cost of living by making their own ice. Each night before retiring they fill a dishpan or a tin pail with water and place it on the fire escape. Overnight the water freezes to solid ice. A little running water on the outside of the utensil loosens the block and it is ready for the refrigerator.—New York Sun.
