Chapped and Cracked Skin.

Do you have difficulty keeping your skin smooth and soft as it generally is in summer? Most persons are annoyed to some extent with chapped or cracked skin due to the action of cold upon the blood vessels and the only remedy is an outside application.

The Omaha Bee Information Bureau has received numerous requests for recipes and instructions for relieving chapped skin and cracked hands and has compiled several reliable formulas upon the subject. A copy of these formulas will be sent to any reader on receipt of a stamped, addressed envelope and the following coupon:

Egyptian Government Owner of Treasures Found in Tomb.
Chicago, March 3.—There can be no dispute over the ownership of the treasures and relics found in King Tutankhamun's tomb near Luxor, Egypt, because the Egyptian law gives that government property rights in such cases, and also because a special stipulation with the government was entered into by Lord Carnarvon's expedition, Prof. D. L. Luckenbill of the department of oriental languages of the University of Chicago, said yesterday.

"No dispute has arisen and none can arise over the ownership of the relics found in Tutankhamun's tomb," he said. "The property rights which have been reported as being in question are, in fact, already defined by the Egyptian law. The Egyptian government is the unquestioned owner of whatever artifacts may be unearthed by Lord Carnarvon's expedition."

"Andy" Nielsen, the "flying parson," after months of court entanglements, is minus a wife.

Mrs. Nielsen charged that her husband was "too familiar" with other women. Nielsen stated that his wife smoked cigars in the presence of their children, although she strongly opposed his smoking.

Nielsen twice was haled into court for nonpayment of alimony. He told the court that the aviation business was "rotten."
