

Bill Giving Bryan Power in Oysters Placed on File

House Judiciary Committee Overridden When 20 Republicans Join Democrats on Vote.

Lincoln, March 5.—(Special.)—Twenty republicans joined with democrats today to put Governor Bryan's bill on general file. The governor's bill gives him power to suspend any police chief, mayor, county attorney, sheriff or police officer pending outcome of an oyster suit. The bill had been recommended for indefinite postponement by the house judiciary committee.

"I will vote to put it on general file because I don't want to be put in the attitude of voting against the governor's bills," Representative Mears, republican, said.

"I don't believe our governor is of such small caliber that he would use the power this bill vests him with to satisfy political or personal spite," Representative Baldrige, republican, said.

Violates Constitution, Is Charge.
"The bill violates one of the principles of our constitution, the right of every individual to a trial before conviction," Representative Dycart, chairman of the judiciary committee, asserted.

"The law now gives the governor power to direct the attorney general to start oyster proceedings in the supreme court and such proceedings can be handled with dispatch," Representative Amspeker asserted. "We should remember the governor is made of the same clay as the rest of us and can be swayed by prejudice just like I can."

"Under this bill a public officer isn't given as much consideration when a charge is filed against him as a bootlegger receives," Representative Densmore said.

"It would put a lot of power in the hands of three or four disgruntled people in a community with political influence, who desired to put a public officer in bad repute," Representative Dycart asserted, rising to speak a second time. "The bill doesn't only refer to officials charged with failure to enforce the liquor law, but gives the governor power to suspend an official charged with any offense."

Says Legislation Is Needed.
"It is a bill needed badly because it gives the people, through the governor, an opportunity to reach political police officers in towns and cities who always have passed the buck to the sheriff," Representative Regan said.

"A number of organizations have asked me to support the bill," Representative Keck affirmed.

Fifty-eight voted to put the bill on general file, 26 voting to sustain the committee and 16 not voting. One democrat, Broome, voted with those in favor of keeping the bill off general file.

Those voting to sustain the committee are: Barbour, Belding, Broome, Colman, Davis of Cass, Densmore, Dyball, Dycart, Essam, Gallagher, Gould, Hall, Hansen, Hardin, Hughes, Johnston, Keifer, Keyes, McCain, Miner, Reece, Staats, Strehlow, Wise.

Absent and not voting: Bailey, Davis of Fillmore, Hettler, Burns, Johnson, Wilson, Lancaster, Wingert, Ward, Smiley, Reynolds, Pollard, Osterman, O'Malley, O'Gara, Parkinson, Lamb.

Creditors Seek to Cancel Contract to Sell Hotel Lease
Lincoln, Neb., March 5.—(Special.)—Attorneys representing more than two-thirds of the creditors of the defunct Nebraska Building and Investment company today filed two petitions in an attempt to force the trustee in bankruptcy to bring an action to cancel a contract of sale made with Rome Miller of Omaha for the Fontenelle hotel lease by the former directors of the company.

It is asked that the trustee be ordered to file a petition against Rome Miller for an order to show cause why his contract for the purchase of the Fontenelle lease and his \$25,000 mortgage on the Scottshuff hotel given to secure his first payment on the purchase price, should not be held void.

The second petition recites that E. C. Eppley present operator of the hotels, has made an offer of compromise and an offer of direct purchase for \$900,000.

Smith Tram Bill Reported to House

Changes in Law Governing Street Railway Extensions Favored by Committee.

Lincoln, March 5.—The house committee on corporations voted a favorable recommendation on the Smith bill changing the present law governing the Omaha and Council Bluffs street railway company as regards extensions and franchises. The bill provides the following:

That all extension of tracks granted shall be with written understanding with city that in no event can a perpetual franchise be evolved out of the grant.

That if it is agreed, as the city contends, that the present franchise of the tram company expires in 1923 it will take a majority of electors to decide whether consent shall be given to the company to continue operation.

That motor busses may be used by tram company to carry passengers to points leading from ends of various lines.

Corporation Counsel Lambert explained that the bill drawn by him was aimed more to clarify the present law than anything else and provide a clear way to handle the franchise matter in 1923. Representatives of the tram company were present and did not fight the bill although they refused to admit that the franchise expires in 1923.
