

Clubs to Take Part in Dedication of Animal Shelter

Humane Society's Building Opening to Be Preceded by Week's Programs of Luncheons.

No fewer than seven organizations will participate in the week beginning March 26 in ceremonies preliminary to the opening of the Nebraska Humane society's new \$65,000 shelter for animals.

The building, which is nearing completion at Twenty-first and Izard streets, will be thrown open to the public for inspection and into use April 2.

Plans for a series of luncheons at which various clubs and organizations will be guests of honor were announced last night by Welcome W. Bradley, general secretary, as follows:

- March 26—Press club; acceptance under advertisement.
- March 27—Lions club.
- March 28—Rotary club.
- March 29—Humane Society banquet, 6:30 p. m.
- March 30—Concord club.
- March 31, 2 to 4—Women's club.
- March 31—Triangle club; acceptance indicated.
- March 29, 6:30—Police commissioner and department.
- March 31, 9 to 12 and 2 to 4—Board of education and school children.

Harry Kohlberg, Boy Scout, who became tardy and spoiled a school record by taking time to pick up a wounded dog and take it to the animal shelter will receive a medal at the Rotary luncheon. It will be the first of its kind awarded by the Humane society for humane service.

Plays and stunts will enliven each luncheon.

Announcement was made yesterday of the signing of a \$65,000 note made by the society in favor of Mrs. George A. Joslyn, who advanced the money and made the new building possible of construction.

Citation for Dwight F. Davis.
Washington, March 7.—Two days before Dwight F. Davis took oath on Monday as assistant secretary of war and within an hour became acting secretary on the departure of Secretary Weeks for Florida, War department machinery ground out final action on a citation that awarded Mr. Davis a distinguished service cross for gallantry in action in France.

The citation says that Lieutenant-Colonel Davis displayed "extraordinary heroism" in action near Baulhy, France, September 29-30, 1918, while acting as adjutant of the 6th infantry brigade, when he volunteered to go over the brigade's sector under heavy machine-gun fire and reorganize the positions.

U. S. Balks Irish Plot

New York.—What federal officials say was a conspiracy to smuggle arms and ammunition across the ocean to Ireland in furtherance of a huge uprising against the Irish free state government was frustrated here when authorities raided a private house and confiscated a fair sized arsenal. The picture shows police examining the guns and ammunition seized. A number of alleged Irish plotters were arrested.

Girl's Fever 115 on 17th Day Ill; Tired of Eating Thermometers

Escanaba, Mich., March 7.—At the end of the 17th day of a baffling illness which has run her fever up to 114 degrees or more, Miss Evelyn Lyons, 30, sat up today in her chair, still protesting against her confinement and still maintaining the remarkable thermometer reading. "I think I have the whole world beat on temperatures," the girl told newspapermen, "but I am getting more tired of having the thermometers to 'eat' all the time. I am hungry and want something to eat."

According to Dr. Harry Defnet, the attending physician, the girl spent a fairly restful night, although her strenuous protestations against confinement weaken her. According to Ivan English, editor of the Escanaba Daily Mirror, two delicate thermometers, which were tested and approved by the United States bureau of standards to a

reading of 120 degrees, were used by Dr. Defnet and his assistants late last night to determine the exact temperature of the girl. After taking the reading in every way known to medical science, Mr. English stated, it was found that Miss Lyons' temperature reached 115 degrees. Care was also taken against mistakes, Mr. English said, the readings on the thermometer being ground in glass so as to avoid contact with foreign substances.

Congressmen Get Copies of Beer and Wine Resolution

Washington, March 7.—Copies of the beer and wine resolution adopted by the New York legislature, were received by members of congress today. Previous reports had indicated that Governor Smith intended to withhold the resolution until the next session of congress.

A piece of charcoal on a little dish in the bottom of the refrigerator will purify the air and keep it sweet.

HEALING CREAM STOPS CATARRH

Clogged Air Passages Open at Once—Nostrils Cleared.

If your nostrils are clogged and your head stuffed because of catarrh or a cold, get Ely's Cream Balm at any drug store. Apply a little of this pure, antiseptic, germ destroying cream into your nostrils and let it penetrate through every air passage of your head and membranes. Instant relief.

How good it feels. Your head is clear. Your nostrils are open. You breathe freely. No more hawking or snuffling. Head colds and catarrh yield like magic. Don't stay stuffed up, choked up and miserable. Relief is sure.

Turks Undecided on Treaty, Says Envoy

Paris, March 7.—(AP)—The Turkish representatives here say that the action at Angora on the Lausanne treaty is still indecisive. Their advice shows that certain questions are still open to discussion but that the chances are these will be reserved to be taken up at a further conference with the allies, this meeting to be called in the near future, at a time and place to be decided by the allies.

Constantinople, March 7.—Advices from Angora state that the Turkish national assembly has decided that the Lausanne treaty is unacceptable.

Success Claimed for Market Week

T. C. Byrne Declares Annual Event Justifies Prediction of Backers.

T. C. Byrne of the Byrne & Hammer company, announced yesterday he considered the spring merchants' market week now in progress a distinct success.

The elaborate Byrne & Hammer company style show was in progress today, and was received enthusiastically. The M. E. Smith & Co. style show will be held today, having

been postponed because of the A. E. Smith funeral.

Tuesday night the visitors were entertained at the Shrine circus in the City auditorium, and tonight the most elaborate of all the events will be held in the Hotel Fontenelle ballroom. There will be a dance, refreshments, and numerous and elaborate prizes will be distributed.

474 Companies Behind in Occupation Tax Payment

Lincoln, March 7.—(Special)—Charles W. Pool, secretary of state, announced today that 474 corporations are delinquent in payment of state occupation tax. This delinquency aggregates \$54,000, according to Pool. One hundred of the corporations named as delinquent have branch offices in Omaha. Pool stated he has notified these corporations to pay by March 23, and that if they fail he will start court action against them.

Narcissus Mirrors Are Sold in Omaha by Orchard & Wilhelm Co.

Special Window and Third Floor Displays

How to Bring Light and Color into a Dull Room

A Few Dollars will do it—properly spent

Send for our Free illustrated booklet which explains the new theory of home decoration and why mirrors are ultra-stylish

To give more space in a small room—more light in a dark room. To lend variety to an uninteresting hallway.

To give freshness and life—a new and delightful atmosphere to your home and up-to-date style.

Nothing can equal a Narcissus Mirror

Have you often wished to enlarge a room, without remodeling? The skillful placing of a mirror gets the effect of space almost as if you had taken down a wall. And as for that room with the dreary outlook, which has seemed so hopeless—it is transformed—made bright and cheerful by a well-placed Narcissus Mirror.

The most monotonous interior gains life and interest by a few mirrors, well chosen and correctly placed.

The secret of mirror arrangement

No other single adjunct of a beautiful room demands such thought and consideration as the mirror. It is so easy to make mistakes unless you know how. Just as a Narcissus mirror increases charm, an inferior one, by blurring and distorting, seriously detracts from an effect otherwise charming.

Narcissus Mirrors are of such surpassing clarity—such perfection—that by their use the home is transformed. A mirror's frame may make or mar its successful effect. Narcissus frames are artistic creations—in making them the art of designing reaches its height.

Narcissus Mirrors are made of the finest quality glass afforded by the markets of the world. The choice is made by experts.

Narcissus Mirrors have never been imitated—that would be impossible. Don't waste your money on inferior glass. Insist upon the genuine Narcissus. Notice the colored dust-proof back on each mirror. Look for the metal trade-mark—NARCISSUS.

Narcissus Mirrors are made and guaranteed by the Illinois Moulding Co., Chicago—largest producers of framed mirrors in the world—and sold by leading merchants everywhere.

To add to the selection and placing of your Narcissus Mirror, we have had prepared an illustrated booklet, "The Mission of the Mirror." It is yours for the asking. Clip and mail the attached coupon, and get this handsome booklet before the supply is exhausted.

The name Narcissus is derived from the story of the fair Greek youth who fell in love with his own image seen in the limpid pool and was changed into the beautiful flower which identifies this line of flawless mirrors.
