

A Queer World

Los Angeles Woman Is Great-Grandmother at 47 Years of Age.

Friends of Stark. Los Angeles, March 8.—Mrs. Vina Cunningham is a great-grandmother at 47, her daughter, Mrs. Jessie Myers, a grandmother at 31, and Mrs. Myers' daughter, Mrs. Bertha Blanch Hauschild, a mother at 15, according to the Los Angeles Examiner, which has instituted a search for "The youngest grandmother."

Hail "Heinrich" Ford. Munich, March 8.—"Heinrich" Ford of Detroit will have 100 per cent moral support of Adolf Hitler's Deutschen Arbeiterpartei, if he runs for president.

I wish that I could send some of my shock troops to Chicago and other big American cities to help in the elections," said the young leader of the Bavarian fascist party grimly. "We look on Heinrich Ford as the leader of the growing fascist movement in America. We admire particularly his anti-Jewish policy which is the Bavarian fascist platform and we have just had his anti-Jewish articles translated and published. The book is being circulated to millions throughout Germany."

The articles which Herr Hitler referred to evidently were from the Dearborn Independent. They have been published in two volumes by Summer-Verlag of Leipzig and are displayed in every bookshop in southern Germany. The title is "The International Jew," with Henry Ford's name on the front page as the author.

A \$10,000 Cat. Los Angeles, Cal., March 8.—Cleopatra, unofficial custodian of a room in the federal building where confiscated liquor is stored, is a "\$10,000 cat," according to H. H. Doley, chief dry enforcement agent, who said the cat saved the government at least that much in the last month.

The way Cleopatra proves her worth is to catch mice which otherwise might destroy paper labels and other identification marks placed on the bottles of liquor, Doley said.

Before Cleopatra was installed in the evidence room, the government dismissed several cases against bootleggers because rodents had destroyed all means of identifying liquor taken from them.

Musician Killed. Knoxville, Tenn., March 8.—William R. Muir, 62, of Sidney, Australia, musician, was instantly killed yesterday when a Southern railway engine struck him as he started across the tracks on a bicycle.

Anita Stewart, Husband, Separate; Cause Secret

Screen Pair, Noted as Lovers, "Agree to Disagree."

Los Angeles, March 8.—Miss Anita Stewart, film star, announced last night that she and her husband, Rudy Cameron, had agreed to disagree.

The Cosmopolitan heroine insisted there was to be no divorce—merely a separation. And when asked if there was a co-responder in the case she replied: "If there is, I don't know her name."

The Camerons have been man and wife longer than most any other couple in filmland and until lately were much attached to each other. They used to shock their friends at the weekly dances at the Hollywood hotel by dancing every dance together.

For years Cameron has been Anita's business manager and director. He was to have directed her in several pictures she intends to make—but he won't.

Burglar Offers to Sell Back Loot

Fingerprints on China Closet May Lead to Capture of Dermody Crooks.

Dr. Louis A. Dermody, 303 South Fifty-first avenue, was given a second chance yesterday to buy back the \$6,000 worth of loot taken from his home Wednesday afternoon.

A gruff voice called him to the telephone and asked: "What are you going to do about that stuff?" The doctor repeated his first offer of \$1,000 and the other ceased negotiating.

The first opportunity was given Dr. Dermody while he and Mrs. Dermody were dining at the Omaha Athletic club Wednesday night.

"What'll you give us for the stuff we got from your house this afternoon?" asked a voice.

Dr. Dermody first offered \$500, then \$1,000.

"Cheap guy," was the parting response of the salesman crook.

Each of the nine rooms of the Dermody residence was prowled and clothing, jewelry and silverware were taken.

Police believe that finger prints left on the china closet by the careless prowler will disclose the identity of the burglar.

Congressmen Get Copies of Beer and Wine Resolution

Washington, March 8.—Copies of the beer and wine resolution adopted by the New York legislature, were received by members of congress. Previous reports had indicated that Governor Smith intended to withhold the resolution until the next session of congress.

Throst Disposed of Fate.

Fort Madison, Ia., March 8.—Apparently resigned to his fate, Earl Throst, who is to be hanged tomorrow morning by Sheriff Ben Davis of Allamakee county for the murder of Igna Magnusson, does not show any emotion and appears little interested in plans being made for his death, prison officials said today. Throst's parents visited him yesterday.

Woman C. of C. Member "Arrested;" Program Nearly Is Broken Up

Entrance of a patrolman armed with a warrant, looking for Miss Fay Watts, president of the women's division of the Chamber of Commerce, nearly broke up a program being given by the manufacturers' group at the chamber Wednesday night.

The officer demanded that Miss Watts accompany him to the station, but finally was prevailed upon to permit her to report to the judge in the morning.

The "arrest" was a hoax arranged by members of the women's division.
