

Fremont Rector Fears for Church

Rev. A. H. Watkins Startles Attendants at Farewell Reception for Dr. Smith.

Fremont, Neb., March 9.—(Special.)—Charging that his church is reverting to the disinteresting attitude of mysticism, and that other Protestant churches are drifting into a carnal or worldly condition, Rev. A. H. Watkins, rector of the Fremont Episcopal church, started an assembly of pastors and churchgoers at a farewell reception for Dr. O. O. Smith, Dr. Smith has accepted a call to the Congregational church at Pueblo, Colo., and leaves within a few days.

Rev. Mr. Watkins was on the program as one of the speakers, expressing the appreciation of Dr. Smith's work in Fremont and their future. He spoke of

the duties of a pastor and the congregation toward each other. It was during this part of his address that he made the following statement: "My church, the Episcopal church, today seems to me to be going back to a state of mysticism, while other Protestant churches are tending toward the carnal, material, or shall I say the worldly; away from the idea of the divinity of Christ, to look more upon Jesus as a pal."

The pastor remarked that present religion is in a bad way, if one cannot get the people together unless he announces a "blowout."

Man Found Dead With Open Prayer Book on Dresser

William Moore, 60, formerly a section hand, committed suicide, according to police, Thursday night in a rooming house conducted by Rose Antren at 1126 North Eighteenth street.

His lifeless body was found in a gas-filled room by roomers in the house this morning. He had stuffed paper in the cracks of doors and windows. An open prayer book was on the dresser in the room.

Twenty-Seven Methodist Pastors Cover Territory of 45,000 Miles

Chicago, March 9.—(Special.)—In the largest district in Methodism, the Glacier Park district, embracing 45,000 square miles and running the whole length of Montana along the north side or almost 675 miles of borderland, there are just 27 preachers, the committee on conservation and advance of the Methodist Episcopal church announced today, in connection with a series of conferences to be held there.

Rev. Francis P. Jones, principal of the Gurhrie high school of Hingham, mission, Fukien, China; Dr. Charles L. Bovard, secretary of the Helena area, and Rev. Charles G. Cole, district superintendent of the Glacier Park district, will present "The World Service Program of the Church" to the principal congregations of the district.

Within the district are four Indian reservations, the Flathead, Blackfoot, Fort Peck and Fort Belknap. Services are held in about 100 communities and the district superintendent last year traveled 28,000 miles by rail and 6,000 miles by automobile. There are 3,500 members and 85 Sunday schools with an enrollment of about 7,000. There are 47 church buildings.

The average salary of the 27 preachers is \$1,000 a year and a house. The church program is along modern lines, including religious education, community service, wholesome recreational activities, social service and evangelism among both Indians and whites.

Parents' Problems

Are certain colors healthier to wear than others?

There is much question as to this, but really very little is definitely settled in regard to it. We do know that white is actually cooler because it is white; and that black is actually warmer because it is black. The one reflects, the other absorbs the sun's rays.

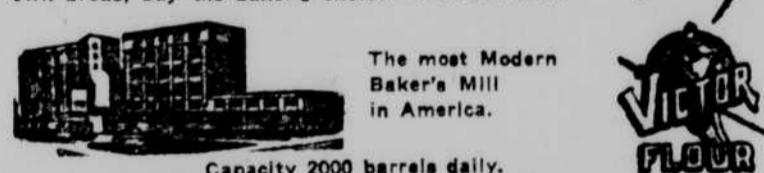

Dinner to Honor Dr. Cutter.

Dean Irving S. Cutter of the medical school of the University of Nebraska, last week elected president of the Association of American Medical Colleges, will be honored Wednesday night at a dinner at the Omaha club.
