Renew Your Youth With Nature

Fine clothes do much to the making of fine birds—but the really clever woman goes a step beyond the planning of her wardrobe, she consults those versed in the ways and means of attaining a great degree of natural beauty. Spring is the time to renew your youth. Doubly necessary after the winds of winter the double of the degree of natural beauty. after the winds of winter, the dryness of artifical heating plants is a course in facials. When you bring out the 1 st color in your skin. the rouge pot is no longer necessary, indeed the highest authorities on beauty questions tell me that the only color worn by Dame Mode with her black costume this spring is a delicate suggestion of pink in the weaving of her mauve hose! It is decidedly smart to wear one's face in its natural pallor with color achieved by vigorous facials.
