

Judge Rebukes Foster's Lawyer in Michigan Case

Court Says Defense Attorney Claiming Right Exists to Overthrow Government of Nation.

St. Joseph, Mich. March 14.—(P)—Frank P. Walsh, attorney for William Z. Foster, on trial for alleged violation of Michigan's criminal syndicalism law and Judge Charles White, presiding in the case, clashed this afternoon over the right of individuals to preach the inherent right of a people to stage a violent revolution.

The court sharply criticized Mr. Walsh's line of questioning and declared the defense counsel was claiming a right existed to overthrow the government. No such right ever existed, Judge White said.

Mr. Walsh entered an exception to the court's remarks in the presence of the jury as prejudicial to the defendant. He insisted Foster or anyone else had the right to point out to the people of America that the right to change the government by revolution existed, so long as he did not advocate actually a change by force and violence.

Judge Bookwalter, assistant to Prosecutor Gore, told the court Mr. Walsh was confusing the Declaration of Independence, which is not law, with the constitution of the United States, the supreme law of the nation.

Walsh replied the inherent rights of the people were not limited to the constitution and its provisions of peaceful assembly to petition congress.

Mr. Walsh argued the citizens of a country had still higher rights to life, liberty and the pursuit of happiness which not even the constitution could limit. He pointed to the French revolution as an example of an armed protest against intolerable conditions and pictured the French army in the world war as descendants of the peasants who wrested the lands of France from the royalty, nobility and clergy.

Liquid air has a temperature of 350 degrees below zero. An apple, placed in a tube of this air, is frozen so hard in a second that it can be broken into thousands of pieces.

Mother Reunited With Son Saved by Doctor in Bluffs

A mother's prayer of thanksgiving for the return of her boy, saved from a life of wandering, or worse, by the skill of a Council Bluffs physician, found its way aloft from a little house at 74 Glendale road, Quincy, Mass., Tuesday night.

The mother is Mrs. Mabel Goodnow, and her son is Carl Goodnow, recently found in a dazed condition on the streets of Council Bluffs, suffering from a lapse of memory.

The physician is Dr. Harry D. Kelley, who, by an extremely delicate operation on the boy's brain at a Council Bluffs hospital, restored him to soundness of mind. Then he paid the boy's fare to Chicago, on his way home.

As Carl walked into the yard of the Goodnow home Tuesday, his mother fainted from joy.

Weight Lifted.
"God alone knows how I appreciate what has been done by those physicians in Iowa," she sobbed, when revived, tears streaming down her face.

"It has lifted a great weight from my mind, and added years to my life, and made me oh, so happy."
"Ever since Carl received that terrible blow on his head from a baseball when he was 10 his entire nature and disposition have been cause for

continuous worry, sleepless nights and an aching heart.

"I know what they had accomplished at Council Bluffs, but I never dreamed of the wonderful change it would make in my boy until I saw him. I owe the doctors much more than money ever could repay."

Given Up for Dead.
"Carl has been everywhere in the United States, tramping and freight riding. This last time he was gone three years, and I gave him up for dead long before they found him at Council Bluffs."

"Now he is going to settle down and get to work. I'm glad he came home and while he probably will stay with his father I shall be glad to have him near me and I feel we owe a great deal to the Associated Charities for sending him on from Chicago."

"They have made a mother's heart light and gay, made her happy, really happy, for the first time in many years."

Carl told The Omaha Bee correspondent he has a great desire to get to work. After visiting his mother for a few days he will go to the home of his father at South Braintree, Mass., where he will remain.

New Serum Cures Sleeping Malady

2 of 3 Patients Treated by Dr. Rosenow Permanently Restored to Health.

Rochester, Minn., March 14.—The serum designed to cure lethargic encephalitis, better known as sleeping sickness, is still too much in the experimental stage to permit any predictions as to its success, Dr. E. C. Rosenow, bacteriologist at the Mayo clinic here, declared today.

Dr. Rosenow, who isolated the germ and produced the serum, expressed himself as well pleased with the results obtained as reported in El Paso, Tex., dispatches.

The germ of sleeping sickness was isolated here several years ago. The serum was then cultivated in horses at the clinic's experimental farm here, and the serum was obtained from the horses.

Out of three marked cases of sleeping sickness here in which the serum was used, two of the patients have been pronounced permanently cured and the third is recovering, according to Dr. E. P. Miller, of the Masonic hospital. The two persons who were cured are adults. One is R. H. Paxton, assistant to W. T. Kemper of

the Kansas City, Mexico & Orient railroad, the other was a negro. The third is a girl 7 years old, who today, 12 days after the serum was given, became fully conscious.

There were eight cases in El Paso recently. Two deaths resulted, but in neither was the serum used, according to Dr. Miller.

The serum first is given just under the skin, then into the veins and then directly into the spinal cord, Dr. Miller explained. In the case of the child the serum was given just under the skin and then directly into the spinal cord.

Other officers are Mrs. P. A. Sun-Erickson, recording secretary; Mrs. T. J. Hamilton, corresponding secretary; Mrs. G. H. Anderson, treasurer, and Mrs. Charles Morgan, Mrs. Johnson, Mrs. W. A. Carlisle, Mrs. J. M. Douglas and Mrs. William Frost, department presidents.

Hastings Pastor Resigns.
Hastings, Neb., March 14.—(Special)—The Rev. J. F. Thiel has resigned the pastorate of the First Congregational church to accept a call to

the Congregational church of Franklin, Neb. He has lived here 12 years, serving in three Congregational churches.

Byron White Dies.
Byron White, 65, died yesterday at a local hospital. He is survived by his parents, Mr. and Mrs. J. White, and a brother, Charles J. White, of Audubon, Ia. The body will be taken to Audubon for burial.

Vets of Spanish War to Gather

General Pershing May Be Speaker at Banquet Here of State Body.

Regular annual meeting of the Spanish American War Veterans of Nebraska will be held in the banquet room of Hotel Rome, June 13, 14 and 15.

Attendance is expected to be 400 to 500 veterans, according to State Commander E. J. Newlon of Omaha.

The women's auxiliary will meet at the same time. Mrs. Florence White of Lincoln is its president. It is expected 200 women will attend.

General Pershing is expected to be present and to be one of the speakers at the banquet to be held in the ball room of Hotel Rome the evening of June 13. Other speakers will be Commander in Chief A. P. Eaton of San Francisco and A. L. Van Dervort of the Federal Department of Interior.

Besides the election of officers for the year 1923, the convention will discuss ways and means to obtain from the government equal recognition with other war veterans in all matters pertaining to the welfare of Spanish American war veterans.

Third Vote on School Extension Is Planned
Grand Island, March 14.—Despite the fact that the proposition has been defeated by a vote of the people twice within the short period of three months, both times at special elections, the school board has called another election on a half million dollar school building extension plan. This total sum includes \$100,000 available under the sale of already authorized bonds for the first junior high school. It is known that the members of the board had definitely decided to proceed with only the latter when the Kiwanis club took up the proposition, had a committee investigate, and upon its report, sent a further committee to the board urging it to place the matter before the public for the third time. The election will take place at the regular spring election.

Ducks and Geese Thick on River; Hunters Arrested

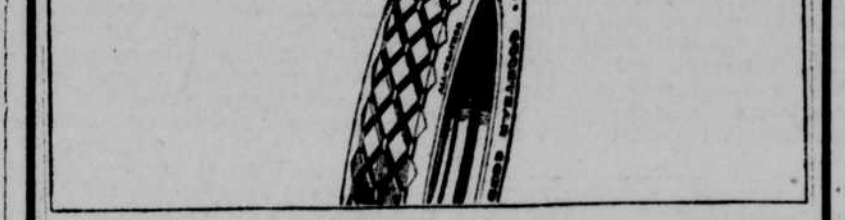

Hastings, Neb., March 14.—(Special)—Ducks and geese have not been so plentiful on the Platte river in years as in the last 10 days. At times the river between here and Grand Island has been covered with these birds and numerous arrests have been made for hunting out of season.

A game warden found two hunters disputing which had shot a wild goose. One used No. 6 shot and the other double B. The game warden waited for them to settle the argument by dissecting the bird and then placed both under arrest.

A Fine Tire Made Even Finer

Anybody can tell you what a fine tire the Goodyear Cord is—its reputation reaches round the world.

Now this celebrated tire is made even better, by an important development in its tread.

This new tread is semi-flat, instead of round; the rugged blocks of its design are buttressed at the base by rubber ribs; the design itself is beveled at the outer edges.

Because of its broader road contact and superior rubber compound it is a longer-wearing tread; the beveled feature reduces vibration and carcass strain.

You will want this smoother-running, longer-lived Goodyear Cord. You will want our service on it, service that assures you every mile built into it at the factory.

- As Goodyear Service Station Dealers we sell and recommend the new Goodyear Cords with the beveled All-Weather Tread and back them up with standard Goodyear Service
