race for the Missouri valley championship. The Huskers landed well down the list of valley teams during the 1923 battles, chalking up but five wins out of sixteen starts.

Six of the secen men who were awarded letters for work with the 1923 cage aggregation will again perform for the Cornhuskers during the 1924 season. They are Captain-Eelect "Billie" Usher, Klepser, Tipton, Riddlesbarger, Cozier and Volz. Five of these six saw their first season as Husker basketeers this year. Captain Warren is the only man who is lost to the 1924 team

Captain-Elect Usher diminutive forward, is probably the shortest man who ever carried off an "N." He performs best when in the company of Klepser, another midget basket tosser. Klepser is a faster floor man than Usher but he does not register as many baskets as does the new cap tain, who landed tenth among the point makers of the valley during the season just closed. Cozier is the third forward who will report for the 1924 team. Tipton, Volz and Riddlesbarger, other letter men of this year, are guards. Tipton also performs creditably at the center position. He is regarded by Husker followers as the coming outstanding guard of the valley. Wyant, guard
