

**Outlook Pleases  
Harding Backers**

**Reaction to Announcement of  
Candidacy Indicates Warmth  
of Reception.**

By International News Service.  
St. Augustine, Fla., March 26.—  
Political advisers of the president are  
greatly pleased by the reaction to the  
announcement of the Harding candi-  
dacy in 1924, it was learned here to-  
day.

Attorney General Harry M.  
Daugherty, who made the announce-  
ment at Miami a week ago, has ad-  
vised the president of the receipts of a  
"flood of congratulatory messages  
from party leaders in all parts of the  
country." Some of the most promi-  
nent counsellors in the party have  
wired that "the country was waiting  
for it," and that the announcement at  
this time would give a much needed  
clarification of the political atmos-  
phere.

This view is also taken by mem-  
bers of the president's immediate  
party. They said today it had served  
to check, if not to stop altogether,  
much of the "quiet grooming" of  
various other candidates that had  
been in progress ever since rumors  
became current that Mr. Harding  
would not be a candidate.

Attorney General Daugherty prob-  
ably will come to St. Augustine to-  
morrow or Wednesday to spend the  
remainder of his convalescent period  
and to talk over with the president  
the effect of his political announce-  
ment at Miami.

Mr. Harding himself is giving lit-  
tle thought to anything but his vaca-  
tion, although since his arrival in St.  
Augustine and over the week end, he  
managed to get "caught up" on news  
and events that transpired during his  
three weeks' isolation on his house-  
boat cruise. During a quiet Sunday  
the president did considerable read-  
ing.

Mr. Harding planned to play 36  
holes of golf, doubling his usual  
round.

**German Publishers Riled  
Over Scoop by U. S. Writers**

Berlin, March 26.—German news-  
paper publishers representing more  
than 1,000 papers have filed a formal  
protest with the government because  
they were allowed to be "scooped" by  
the Universal Service in America on the  
exclusive story of the Bergmann  
reparations offer.

The story was first told in *Universal  
Service* dispatches of Dr. Berg-  
mann's visit to Paris on behalf of  
the German government to offer  
20,000,000,000 gold marks for reparations  
and the refusal of Premier  
Poincare to receive the offer.

The publishers protest against the  
German press having to get such vi-  
tally important German news via  
New York two weeks after it is pub-  
lished in the American press.

liver in a soothing, healing way. When  
the liver and bowels are performing their

digested food? Take Olive Tablets, the
